"The Best Dressed Women Wear GOSSARD Corsets."

In practically every town and city women make the above statement. Designers in the United States, Canada, Australia, South America, London and Paris prefer the Gossard over which to design the frocks, dresses and suits of their clients. The best dressed women in Bend wear Gossard corsets.

Being well dressed means being, first, correctly corseted. The growth of the Gossard idea—front lacing, and style plus comfort and wearing service—is the result of millions of satisfied wearers. It is quite the thing to say, "I wear a Gossard."

Gossard corsets continue to win scores of friends, because the best dressed women prefer them and will wear no other corsets.

Ideal Curved Back and Short Waisted Figures.

Should you, through incorrect corsetting, have a poor back line, we suggest a special Gossard which will reduce your lower back or support your abdomen. In a few weeks you will find your figure an ideal average. Thousands of women have made this experiment successfully.

Our Miss Dishon will be only too pleased to fit you to the model especially designed for your individual requirements. This involves no obligation. Models at \$2.00, \$2.50, \$3.50, \$5.00 and up.
