

\$45,000 LOST IN PRINEVILLE FIRE

OLD BUILDINGS GO IN MORNING BLAZE.

Flames Start in Confectionery and Spread Rapidly—No One Hurt, Although the Oregon Hotel Is Full of Guests.

(From Wednesday's Daily.)

PRINEVILLE, Nov. 21.—(Special to The Bulletin.)—Fire at 2:30 o'clock this morning destroyed nearly a block of buildings on the north side of Main street here, including the Hotel Oregon and adjoining structures. The total amount of damage is estimated at \$45,000, part of which is covered by insurance.

The blaze was first discovered in the confectionery store kept by Mrs. H. C. Estes, and is thought to have originated from defective wiring. The fire spread rapidly until nearly the entire block along Main street, with the exception of the Crook County Bank building, of brick construction, was burning. Buildings across the street were scorched.

Strong water pressure, and lack of wind aided the fire fighters in bringing the flames under control. During the conflagration no one was injured, although the Hotel Oregon, where the damage was \$17,000, was filled with guests when the flames started. The Estes confectionery, Jack Curtis' restaurant, and a barber shop formerly occupied by R. W. Zevely, were other establishments destroyed, while the W. F. King hardware store was damaged to the extent of about \$10,000.

Hotel Had History.

The Hotel Oregon is well known to old timers in Central Oregon. It was originally a restaurant and an eight-room house, erected in 1884 by P. B. Poindexter. In 1900 the large two-story frame hotel was erected adjoining, and was operated for the next six years by Mr. Poindexter. It was purchased in 1906 by A. A. White, of St. Paul, and has been conducted since that time by Fred K. Barber.

The confectionery destroyed was the property of George Wiley.

LAPINE ROAD TOO DRY FOR CINDER WORK

(From Saturday's Daily.)

That the placing of cinders on the La Pine road before the wet weather had set in to pack the dust lying on the highway, was not succeeding in producing any sort of satisfactory result, was the statement of Frank May, engineer in charge of the road work for the county and state, this morning. As a result another method of dealing with the problem is being tried.

"The weather has been so dry and the road is so loose," said Mr. May, "that the cinders are not packing at all. It is out of the question to try to haul water onto the cinders. That would cost more than the cinders themselves, so we are now simply hauling the cinders and leaving them in the middle of the road. Later, when we have had some moisture, we shall spread the cinders and they will pack."

Complaint Almost Gone.

"Foley's Honey and Tar is great," writes L. W. Day, 65 Campbell Ave., E. Detroit, Mich. "It relieves bronchitis quickly. My complaint has almost gone and I hope never to have it again." Time and the experience of thousands have proved that there is no better medicine for coughs, colds or croup. Get the genuine. Sold everywhere.—Adv.

PUPILS WILL GIVE "CHRISTMAS CAROL"

(From Wednesday's Daily.)

In place of a cantata which was to have been given around Christmas time by pupils of all the schools, Miss Esther Jane Clarke has prepared for a play, Dickens' "Christmas Carol," which will be presented on December 14 by the children in some of her reading and expression classes. The musical program had to be given up on account of scarlet fever interfering with practice.

Parts for the new play were assigned this week, the principal character, that of Scrooge, being given to Marion Coyner. The Christmas fantasy will probably be presented in the high school auditorium and will come close enough to teachers' institute to make it almost a part of the program.

Are Your Eyes Tired

Tired eyes are not natural --something is wrong-- perhaps only a trifle now but it will be serious unless something is done now to stop the trouble. Come in and have us examine your eyes. Delay often means greater eye strain, and naturally greater trouble.

See Me and See Better

DR. C. H. FRANCIS with MYRON H. SYMONS O'KANE BLDG. OPTICIAN OPTOMETRIST

It Is All in the Name

—May be correct, providing the name is built upon quality and satisfaction.

KEEN KUTTER on a pocket knife; Keen Kutter on a pair of shears, or Keen Kutter on a butcher knife implies quality and workmanship, linked with satisfaction.

LADIES—Insist on Keen Kutter on that next pair of shears, or

MEN—Ask for a Keen Kutter knife, to insure satisfaction. Don't fail to glance at the Keen Kutter display in our show window—and remember the Keen Kutter trade mark.

"The recollection of quality remains long after the price is forgotten."
