

FEW CASES OF FEVER IN CITY

\$176 PAID QUARANTINE GUARDS.

City Council Amends Pool Hall Ordinance—Orders Road Improvement and Considers Petition to Change Traffic Law.

(From Wednesday's Daily.)

Only four cases of scarlet fever are now reported in Bend, although 14 were under surveillance during the month just passed, according to the report given by Chief of Police L. A. W. Nixon at the regular monthly meeting of the city council last night. The sum of \$176 was expended in paying quarantine guards, while fumigation expenses would bring the total to more than \$200.

Chief Nixon's report emphasized the importance of taking better care of city fire-fighting apparatus, and in particular he recommended the construction of a tower on which hose could be dried. Both the matter of purchasing the electric fire siren brought here by the Bend Water, Light & Power Co. and the consideration of the \$25,000 city budget were left to committees, with the possibility that a special election may be called on the latter issue as the tax levy will probably be in excess of the six per cent increase allowed by state law.

Pool Hall Age Raised.

A radical departure from previous laws governing the conduct of minors was the amendment to an ordinance already existing raising the age limit for boys allowed in pool halls from 18 to 21. "With 21 years the minimum age," Chief of Police Nixon declared, "you can either make the boy show his registration card, or be certain that he is too young to be hanging around the card tables. Up to now, we have had a three year gap which made possible all sorts of evasions."

In the interest of the Newport avenue improvement work, A. J. Kroenert appeared before the council, declaring that \$250 was needed to complete the improvement, and that of this sum, he could furnish \$100. The council appropriated the balance.

Traffic Amendment Asked.

War time economy was noted in a petition signed by a majority of auto owners in Bend, asking for an amendment to the traffic ordinance providing for the illumination of cars after dark. The petition stated that cars parked near the cluster lights on the main streets of the city do not need the tail lights turned on. City Attorney Benson was instructed to prepare an ordinance to cover this point, to be presented at the next council meeting.

A letter from Postmaster Henry B. Ford referred to the need of numbering houses in order to secure a city mail delivery, and the matter was referred to the streets committee with power to act. The streets committee was also instructed to proceed at once with the straightening of Fir avenue.

An order was issued to Miss M. E. Coleman, city treasurer, to pay March warrants, amounting to \$1400.

Petitions for the installation of lights at the intersection of Delaware and Broadway, and a Hill and Lafayette streets, were granted.

Monthly Bills Allowed.

City officials in attendance at the meeting were Mayor S. C. Caldwell, Recorder H. C. Ellis, City Attorney C. S. Benson, City Engineer R. B. Gould, Chief of Police L. A. W. Nixon, and Councilmen John Steidl, C. M. McKay, E. P. Brosterhouse, A. E. Edwards, Louis Bennett and C. V. Silvis.

The following monthly bills were ordered paid:

Peter Moe, street work	\$ 11.25
C. F. Blackwell, street work	10.50
Hugh O'Kane, rent	31.50
H. C. Ellis, salary as city recorder, etc	34.80

Anton, Anne, street sprinkling, etc	202.95
Ernest Dick, auto hire	3.00

This Concerns the Citizens of Bend and Surrounding Country.

As about three-fourths of those who have had dental work done in this locality are patrons of the King Bee Dentists, we take this method of asking you these questions. WOULD YOU, IF QUALIFIED TO RUN A LEGITIMATE BUSINESS, BE AFRAID OF STRAIGHT COMPETITION? Would you go to the extreme method of using a society, or board of directors, or similar organization to try to run a competitor out of business, just because this competitor was too strong for you? Or would you try harder to do by your patrons as well as your competitor?

On October 13, a complaint was sworn to by a dentist in Bend, Oregon, against the manager of the King Bee Dentists, asking that his license be revoked, for the sole reason, in complaint, that we employed a dentist as an assistant who was not registered in Oregon, though he was a man of 10 YEARS OR MORE EXPERIENCE IN AN EASTERN STATE. Now another question, we must ask ourselves: Why do the other dentists interest themselves to such an extent? Of course our manager caused to be published in the daily papers, July 25 and 30, in Bend, "As soon as we were informed that the law prohibited the employment of an assistant who was not registered," a notice that WE WOULD NOT EMPLOY OR HAVE ASSOCI-

Total	\$1988.72

ATED WITH US ANY DENTISTS UNLESS THEY WERE DULY REGISTERED AND LICENSED MEN, as we are anxious to live up to the Dental Law explicitly. As we honor and live up to all laws, we hardly expected our neighbor dentists here in Bend, "EVEN THOUGH THEY DID NOT APPROVE OUR STRONG COMPETITION," would be able to try these methods to help them in monopolizing the dental business, by prohibiting competition. OUR PRICES, WE ACKNOWLEDGE, HAVE BEEN LOWER THAN IS CONSISTENT WITH DENTISTS, WHO ARE NOT QUALIFIED OR EQUIPPED TO TURN OUT HIGH CLASS WORK WITH EASE AND DISPATCH, AS IS DONE BY THE KING BEE DENTISTS.

We simply ask the public to patronize the dentists who they are satisfied can give the best service. As for our being loyal, law abiding citizens, ask our patrons how we conduct our office. Compare the hygienic conditions of our office with others. Our work shows for itself. Our manager has never turned down a solicitor for assistance for anything that is for public welfare. We spend our money legitimately, donating for public hospital, Liberty bonds, and donate to the Red Cross, first, last and all the time—twice what we are asked for. We have ample help in our office, ALL REGISTERED MEN, and will continue to run our office. Will keep all of our work in repair without extra charges, as any honest dentist will. We do all work to the best of our ability, which 15 years of experience has taught us.

WE DO NOT CARE HOW MANY OTHER DENTISTS ARE HERE, WE ARE HERE TO STAY.

The Dental Board was not organized for the purpose of protecting a dentist's business who was not proficient enough to compete with us. Our Dental Examining Board wants only straight, honest work, honest advertising, "if any," and honest, useful Registered Dentists. We are here to follow that path, and do not feel that we are to blame if other dentists cannot compete with us.

We are advised by the Dental Board that they would not take ac-

tion against us at this time. Consequently if the dentists who find it beyond their ability to do their work in as proficient a manner as the King Bee Dentists, may have to explain, why this interest in the way we keep up our large patronage. The question arises, What constitutes a good citizen? What is best for the public? Just what is a good dentist—one who does little work?—consequently little experience? Or one of years of experience, handling a large practice with worlds of experience and reasonable prices.

Measuring Time.
The refinements of modern time-keeping are illustrated in an investigation recently carried out by F. D. Urie, under the direction of the United States naval observatory, to determine the "lag" between the Arlington and Great Lakes time signals, both of which are received by wire from the naval observatory and converted automatically into wireless signals. Between Washington and the Great Lakes station there are 800 miles of telegraph wire, involving several make-circuit relays. The lag between the two radio stations was found by a series of tests to average 0.085 second, with a probable error of 0.002 second, says the Scientific American.

Funny Names.
Mr. Twigger—This general we were speaking of is extremely popular with his command. They say his men swear by him.
His Wife—Those funny European names do sound like cuss words, don't they?

CLASSIFIED ADVERTISEMENTS

Are Your Eyes Tired

?

Tired eyes are not natural—something is 'wrong'—perhaps only a trifle now but it will be serious unless something is done now to stop the trouble. Come in and have us examine your eyes. Delay often means greater eye strain, and naturally greater trouble.

CHRISTMAS SUGGESTIONS
The modish gift for a woman is a Coat, Hat, Suit, Dress, Skirt, Waist, Underskirt, or Sweater.
We are showing a new and complete line of lingerie stocks and collars in Broadcloth, Satin, Georgette Crepe and Dimity. New knitting bags, and an exclusive line of real leather pocket books in the new Chinese design.
This is an intensively practical gift season. YOU, who wishes to make a gift, know the value of usefulness today, outranks the merely sentimental gift, or those of short life.
Woman loves dress. Ever hear of one with too many clothes? Give your wife, mother or sister a nice Hat, Coat, Suit, Dress, Waist, Sweater or Underskirt—it will gladden and comfort her.
Get it of course where you know VALUES are right—where she knows STYLES are right—for a name either commends or condemns your investment. GET IT HERE.
