

QUESTIONNAIRES SENT OUT TODAY

FIRST FIVE PER CENT RECEIVE BLANKS.

Local Men Urged to Prepare Classifications Speedily—Some May Be Referred to District Board—Main Work Next Week.

(From Saturday's Daily.)

Today questionnaires were mailed to the 38 men composing the first five per cent of those liable to draft in Deschutes county. Ashley Forrest, who is acting as clerk for the local war board, was busy this morning with his new duties. He is preparing the second set of pamphlets, which go out Monday.

At the expiration of seven days the first quota must be in at the office of the board completely filled out and ready for classification. The legal advisory board will be on hand in the circuit court rooms all of next week to aid those who have received the question blanks.

Speed Is Asked.

Communications received from the adjutant general's office in Portland this morning give the exemption board the following instructions:

"It is desired as far as possible to fill all quotas after December 15 from Class 1, evolved under new system, but since the military necessity is paramount, quotas must be filled and whether they are filled from first class or not depends entirely upon the expedition with which local boards place enough men in Class 1 to fill their present and future quotas.

Appeals Limited.

"In cases in which there is no claim for deferred classification there can be no appeal for classification by the local board, and no cases need be sent to the district board except cases in which appeals are claimed or in which there are claims for deferred classification on industrial or agricultural grounds. In cases in which there is no claim for deferred classification within seven days from mailing questionnaire, local boards shall immediately, in proper cases, place the registrant in Class 1 and immediately send him notice of final classification."

Appeals for deferred classification will be sent to the district board, which will give them immediate attention, and notices of final classification to the registrants will be mailed at once. As soon as final classification has been given a man, whether by the local or district board, he will be called for physical examination. Local boards are urged to secure a sufficiently large number of physically qualified registrants in Class 1 to fill deferred percentages of present quotas and quotas under any future call.

38 Receive Blanks.

Only those men who have already been actually inducted into military service before December 15 through the draft process will not be sent questionnaires. All exemption, discharges or furloughs are absolutely revoked and the names of persons having such are included on the classification list.

Questionnaires were mailed today to the following men in the order given below:

William B. Hensley, Ontario; Arthur Fuller, Bend; Clifton Ream, Millican; Angel A. Peterson, Bend; Archie D. Pepin, Millican; Matthew M. Schmitz, Summer Lake; Joseph T. MAZOLA

enables the housewife to save butter, lard, suet—and give her family the best of foods

"THE proof of the pudding is in the eating"—and the proof of Mazola is in the cooking.

Mazola is not only the perfect medium for deep frying, sautéing, shortening and salad dressings—it is the perfect vegetable oil—produced from golden American corn. Food Administrator Hoover asks us to use vegetable oils.

Mazola has not been established in a day. It has taken months of trial on the part of housewives who at first were reluctant to give up butter, lard or compounds.

If you are not already numbered among the thousands of Mazola users, get a can of Mazola and try this recipe.

BREAKFAST MUFFINS

2 cups flour	1 teaspoon salt	1 cup milk
4 level teaspoons baking powder	1 tablespoon sugar	1 full tablespoon Mazola
	1 egg	

Sift dry ingredients together, being sure they are thoroughly mixed. Beat the egg, add it to the milk and turn it into the bowl containing the dry ingredients. Add the Mazola and cut all together very quickly. Do not beat. Turn into muffin pans greased with Mazola, and bake in a moderately hot oven about 25 minutes.

Mazola can be obtained from your grocer. Pint, quart, half-gallon and gallon tins—for greatest economy buy the large sizes. Also ask him for the free Mazola Book of Recipes—or write us direct.

Your money refunded if Mazola does not give entire satisfaction.
