

Sister Susie's Sending Smokes To Soldiers

And so are father and mother and everyone else. It's the real thing to do. And you can do it easily; doesn't cost much; every little helps. And gosh, how those men over there do love their American tobacco and cigarettes. It's easy for you to send your share. Make use of our arrangement for taking contributions.

The Bulletin tobacco fund has been started to supply our boys with their favorite smoke. Will you help to make it a success? This has been endorsed by the government. Through the efforts of this paper, arrangements have been made with The American Tobacco Company to send 45 cents worth of tobacco for 25 cents. Here is what they will get:

Two packages of Lucky Strike cigarettes, retail at 20c; 3 packages of Bull Durham tobacco, retail at 15c; 3 books Bull Durham cigarette papers; 1 tin of Tuxedo tobacco, retail at 10c; 4 books of Tuxedo cigarette papers. A return post card is enclosed in each package, so that every contributor will receive a personal acknowledgment of his gift. You will treasure this message from the trenches. Everybody wants to give a little. Will you help make it a

success by doing your bit? Contribute, organize your club, your church, your town, your office, your factory and give the boys just a little comfort—their favorite smoke.

On December 1, The Bulletin sent its first remittance covering subscriptions received up to that time for the tobacco fund. It amounted to \$6.50. On Saturday a second check was sent off, just double the first one. The \$13 subscribed was received from the following, who made their contributions without solicitation other than that in these columns:

Carl Johnson (tailor)	\$1.00
P. W. Johnstone	1.00
Claude Mannheim	2.00
Judge W. D. Barnes	3.00
Fred A. Shonquist	1.00
Nels Anderson	1.00
A Friend	1.00
F. T. Parker	.25
Earl T. Smith	.25
Arbuta Smith	.25
John Cunningham	1.00
Gladys Cooper	.25
Julius Pederson	1.00

This sum will pay for 52 tobacco kits for 52 American soldier boys in France. How many more will there be?

BEND BOY IS GIVEN PROMOTION IN NAVY

Robert Innes Now In Pay Office at Mare Island, Receiving Ship.

(From Monday's Daily.)

Robert K. Innes, one of the Bend boys who has been at the yeoman school at San Francisco, has been transferred to Mare Island, according to a letter received today by his parents. He is detailed in the pay office where he handles the pay rolls, allotments, clothing and other stores on the receiving ship at the training station. "It's certainly a fine job," writes the boy. "I like Mare Island much better than San Francisco."

In the class from the training school, of which Mr. Innes was a member, 23 out of 84 passed.

Among the Bend men whom he has seen recently are Ralph Harvey, Steve Steidl, Jess Geiser and Bob Horner, all of whom, he reports, are well and getting along in their work. Mr. Innes will not be able to come home for Christmas, much as he would like to.

E. H. ROSS INJURES LEG IN ACCIDENT

(From Friday's Daily.)

E. H. Ross, an employe of the Pine Tree Lumber Company, was accidentally injured early this morning while working at the mill. A piece of lumber struck him so that he fell on some machinery and caught one leg in the gearing. The bone was splintered and the member seriously injured. Mr. Ross was brought into Bend for treatment.

JURORS ACQUIT IN MERG CASE

DEFENDANT ALLEGES THAT SPECIAL OFFICER CASSIDY "PLANTED" BOTTLE OF WHISKEY, FOUND IN HIS CAR.

(From Wednesday's Daily.)

Accepting the defense's allegation that Special Agent Cassidy had "planted" the bottle of whiskey found in Mike Merg's automobile on the night of December 10, a jury in Judge Eastos' court yesterday acquitted Merg on the charge of having whiskey in his possession contrary to the provisions of the "bone dry" law. The jury consisted of C. E. Hamilton, W. H. Staats, M. A. Palmer, D. L. McIntosh, Clarence Mannheim and R. H. Deyarmond.

The testimony given by Cassidy under oath was that he had seen Merg drive down Bond street from Greenwood avenue and stop at Carmody's, where he left the car and went into the store. Coming down the street, Cassidy said he found the bottle of whiskey in the back seat, wrapped in a newspaper.

The defense argued that it was impossible for the bottle to have "ridden" on the seat with its wrappings intact and that Cassidy had "planted" the bottle in an effort to "get" Merg. V. A. Forbes appeared for Merg and District Attorney De Armond conducted the prosecution.

GIVE NOTICE OF FIRE PATROL EXEMPTIONS

(From Monday's Daily.)

Notices will soon be mailed to taxpayers near forest lands to the effect that they will be exempt from fire patrol assessments. This is according to instructions received by Sheriff Roberts this morning from F. A. Elliott, state forester. Some question concerning this has caused posters to be put up and notices mailed from the office containing the following:

"Section 4, Chapter 247, Laws of Oregon for 1913, provides exemption from fire patrol assessment for timberland owners who reside on or within one and one-half miles of timberland owned by them and coming under the provisions of this law. Under a ruling of the Oregon State Board of Forestry, timberlands occupied directly as a residence by tenants of the owners shall likewise be considered exempt from assessment for fire patrol, such exemption to apply only on the tract so occupied.

"Tax collectors are authorized to erroneous assessments, in concurrence with the above provisions, in cases where good and sufficient evidence of unliability to assessment is furnished by timberland owners protesting payment.

"Doubtful cases, as well as all other protests against payment of fire patrol assessments, should be referred directly to F. A. Elliott, State Forester, Salem, Oregon."

Ford Turns Over in Collision; Engine Runs Same as Ever

(From Saturday's Daily.)

Crossing the intersection of Bond and Minnesota streets at 5:30 last night the Ford automobile driven by Peter Thompson collided with the delivery car of the Bend Hauling company, driven by Billy George. The former car, with its three occupants, toppled completely over and lay on one side. No injuries were sustained by either Mr. Thompson or his two daughters, the Misses Rosie and Nora Thompson, who accompanied him. The car was slightly damaged, the fender on one side being dented and the upper half of the windshield falling out.

Mr. George was driving north on Bond street when the other machine crossed on Minnesota, the passenger car swinging completely around from the force of the blow.

This is the second automobile smashup Mr. Thompson has been in and the second Ford he has owned. In the past two months. No one has been injured on either occasion and the driver says he is getting used to turning over at frequent intervals. When his car was righted and cranked up last night the engine ran as though nothing had happened.

SETTLERS VOTE FOR DISTRICT.

(Continued from Page 1.)

Decided, according to H. H. De Armond, who has acted as attorney for those who were forming the district. Following the irrigation district law it will be necessary for the county court to meet and canvass the vote and later the newly elected directors will complete the organization. At this time lots will be drawn to see which will serve for the one, two and three year terms.

"The settlers have not had any particular plan in mind in forming the district," said Mr. De Armond, this morning, "beyond putting themselves in position to deal with the company in a business like way. Other matters may come up in the future."

What A Man Wants For Christmas

(Printed in the desire to serve women)

When a man wants to be "dead sure" of the right thing for a woman's Christmas gift, he goes to a woman's store; there he sees what women buy for themselves, and gets the expert advice of other women.

The rule works both ways, and the resourceful woman seeks out a man's store and the advice of other men.

This is a store for men; it sells the things a man enjoys owning; the things he gets for himself. And it's a place for both men and women to buy gifts for men.

Our stock is generous and varied:

Hart Schaffner & Marx suits and overcoats, of course; shirts, hats, a new array of ties, cuff links, and scarf pins; leather wallets, belts, jerseys sweaters, handkerchiefs, etc.

There are many others, some that you will think of at once, others you'll appreciate having called to your attention. That is where we can be of service to you; we can share the advantage of our acquaintance with men. We'll be glad to do it.
