Public opinion has made *Certain-teed* a product of international prominence and use. That great force has built up the *Certain-teed* business from nothing, 14 years ago, to the world's largest roll roofing industry now.

Certain-teed Roofing and Shingles

In every community under the sun, *Certain-teed* Roofing is giving longer and better roofing service, at a lower cost, than other kinds of roofing. *Certain-teed* costs less to buy, less to lay and less to maintain than any other type of roof. It is weatherproof, water proof, spark proof and fire-retarding. It cannot rust or corrode. It cannot melt under the hottest sun. It is not affected by gases, acids, fumes, smoke, etc. *Certain-teed* is established everywhere as the most advantageous and economical roof, for factories, round houses, elevators, garages, warehouses, hotels, farm buildings, stores, out-buildings, etc. In shingles, red or green, it is very popular for residences. *Certain-teed* Roofing is guaranteed 5, 10 or 15 years according to thickness. It is sold by good dealers, everywhere.
