LAST DAYS SHOW CHANGE

McNARY UNDOUBTEDLY GAINS FRIENDS.

Governorship Chances Sifted Down to Withycombe in First Place and Olcott in Second—Simpson Third.

(Special to The Bulletin.)
SALEM, May 15.—Friday the big fight is over and the voters can lie back and await the count.

Here is the talk among politicians at the capitol as to the results, not prophecy, but merely the consensus of opinion:
Withycombe or Olcott will receive the nomination for governor. Third and fourth places will be split between Simpson or Moser, with Simpson probably third and Moser probably fourth. Harley and Anderson will fight for the cellar championship, with no particular difference to anyone but Harley and Anderson as to who is fifth and who is sixth.

McNary is stronger.
Dopenters are divided as to the result in the senatorial race, but there seems to be an undercurrent of feeling that the Stanford strength has been declining and McNary popularity coming back to its own. Probably a majority of politicians around here give McNary the lead, but this being a McNary stronghold, a portion of this prediction must be taken with a grain of salt. Multnomah county will probably decide this contest, and the first returns from that county may give a correct inkling as to the nominee.

The treasurer's race simmers down to Hoff, Ryan or Cusick. Adams may take third place from one of the three, and the feeling here is that Cusick may have to scrap to take third place away from Adams. In brief, indications point to Ryan or Hoff as the next treasurer, with an even money bet on either one. Both claim the election. But it is a hard fight to dope, as interest in the treasurer's race has been a secondary matter at the best.

Two Easy Winners.
Attorney General Brown and Superintendent Churchill are easy subjects for prophecy. Here the writer will take it upon himself to prophecy the result. They will both be nominated. Neither has opposition.

For Labor Commissioner the most noise is being made for Gram. Dalziel has made a quiet campaign. The race is between those two, say political prophets. Holtson is considered an also ran. Nickum is not considered a contender.

The result in the race for the lone place on the supreme bench lies between Judge Percy R. Kelly of Albany and Judge John S. Coke of Marshfield. It is believed Kelly will nose out Coke. Charley Johns isn't considered as even a contender.

Pat McArthur is reported to have a fight on his hands in Multnomah county, particularly because of his wet vote on the national dry bill in Congress. There is no opposition in the other congressional districts against the present incumbents.

Frank J. Miller will probably be renominated as public service commissioner. His opponent, Fred Williams of Grants Pass, is out on an anti-6-cent fare platform. He has made no campaign as far as is known and depends entirely upon his slogan that 6 cents is too much to pay for a 5-cent ride. Miller has friends all over the state and it is believed the unpopularity attaching to his attitude on the 6-cent fare will be more than offset by his host of friends.

As said before, the foregoing are not personal prophecies. The statements are merely comments on the situation as gleaned from many sources, and any one or all may be a mile off, in this state of peculiar political possibilities.

Simpson Playing Politics.
Reverting for a moment to Simpson's chance in the governorship race. Simpson has been playing his one last card the past week. That has been an effort to convince the people of the state that he can win. His advisers have told him that if the people believe he is a winner, he will have a chance. Otherwise many who might vote for him will flock to

YEOMEN LODGE ADMITS MEMBERS

State Organizer Here from Portland—34 Are Admitted Saturday and Additional Class Tonight.

Joseph South, state organizer for the Brotherhood of American Yeomen, has been in Bend during the past week working with the Bend members of the organization in getting new members interested. At a meeting held last Saturday night 34 members were balloted on and admitted to membership, and another large class will be admitted at a meeting to be held tonight in Redmen's hall. The meetings of the order will be held regularly in the near future on the first and third Wednesdays of each month.

MURGE RECEIVES HEAVY SENTENCE

NINETY DAYS IN JAIL AND \$250 FINE METED OUT TO MAN FOUND WITH LIQUOR IN HOME SATURDAY.

Failing to produce testimony in his own behalf, Mike Murge, arrested Saturday night by Sheriff Roberts after he had left a gallon of whiskey in an outbuilding for Francis Massingale, was found guilty in Judge Eastes court this morning and sentenced to 90 days in jail and a fine of \$250. The maximum sentence which might be imposed in a case of this kind is six months in jail and \$500 fine. Vernon Forbes, attorney for Murge immediately gave notice of appeal.

Francis Massingale, who was arrested with Murge, yesterday proved conclusively to the officials that he was not connected with the former in his bootlegging operations, but had only been buying the whiskey for his personal use. He pleaded guilty to having the liquor in his possession and was permitted to go free after paying a fine of \$50.

Saturday night's arrest was the culmination of a long effort on the part of Sheriff Roberts, who has spent a number of nights in an effort to apprehend Murge in his operations.

MOBILIZATION RECORD BROKE

FOUR HOURS AND FORTY-FIVE MINUTES FROM TIME ORDER IS GIVEN GUARD IS POSTED AT CROOKED RIVER BRIDGE.

(From Friday's Daily.)
A record for the mobilization of troops in an emergency was attained by Capt. Shoults, Company B, State Militia, here last Tuesday when the orders were handed him by County Judge Barnes to guard the Crooked river bridge. Capt. Shoults received the order at 11:55 and at 4:40 had guards posted at the bridge, which is more than 50 miles from this city.

This included calling for volunteers from the men who were working in the mills at the time the order came, equipping them for at least two days, securing guns and making arrangements with the railroad company for having water and supplies put off for them.

At the present time there are six men in the squad guarding the bridge, two on day duty and four on night. These men will remain there, as far as is known now, permanently, or at least until such time as the county has had some word from the state office.

Those who are detailed in the squad are: Captain H. Shoults, Sergeant W. O. Russell, Corporal J. W. Usher, Privates H. Cleveland, Charles Dixon, R. C. Golden, C. G. Summer.

BIRTHS.
To Mr. and Mrs. S. H. Raper, an eight-pound boy.
To Mr. and Mrs. L. J. Dennison, seven miles east of the city, a nine-pound girl.

M'NARY WIRES CLUB ANSWER

WOULD NOT DO ANYTHING TO INJURE STOCK INTERESTS—REQUESTS THAT CRATER ADDITION BE CUT DOWN.

(From Wednesday's Daily.)
Acting on a telegram received from the Bend Commercial club protesting against the enlargement of the Crater Lake national park to take in an additional 126 sections of land, Senator McNary has conferred with officials of the forest service at Washington, and after learning that portions of the land contemplated in the enlargement were used for grazing purposes, has requested that these lands be eliminated from the bill, according to a telegram received from him by H. J. Overturf of the Commercial club.
"I was informed this morning by the director of service that stock were pasturing on portions of the proposed enlargement," says Senator McNary, "and believe it will be feasible to eliminate this land from the proposed extension. You may be assured that no injury will be done to the stock interests in this matter, and what was proposed was under the advice that ranges would not be injuriously effected."

BALLOT BOXES BEING SHIPPED

(From Friday's Daily.)
S. E. Roberts, county sheriff, is busy getting the ballot boxes for the various precincts in the county ready, and they will be shipped out during the early part of the week, together with the other election supplies.

NEW ROAD TO LOWER BRIDGE

(From Friday's Daily.)
Frank May, county surveyor, together with Fred N. Wallace of Tumalo and L. A. Hunt of Lower Bridge, has been engaged during the past few days surveying a new road west of Cline buttes which will shorten the distance between Lower Bridge and Bend by several miles. The road was authorized by resolution of the county court and work will commence immediately, after the survey has been completed.

COUNTIES WILL SEEK STATE AID

PETITIONS FROM DESCHUTES, HARNEY AND MALHEUR COUNTIES WILL BE SENT TO STATE HIGHWAY ASSOCIATION.

For the purpose of securing state aid in the construction of a highway between Bend and Central and Southern Oregon communities members of the county courts of Deschutes, Harney and Malheur counties will send petitions to the state highway association at the meeting of that body the first week in June. This action is taken by the three counties after the visit to this section of M. O. Bennett, assistant state highway engineer, who went over the proposed route, between Bend and Burns, and was taken from there into the eastern part of the county.

With the opening of a state highway through this section of the state, it would afford a highway possible of use through the entire year. The road is in excellent shape at the present time with the exception of the first 15 miles from Bend south, and this could be put in good repair at a nominal cost.

TUMALO TO HAVE NEW SCHOOL HOUSE

(From Friday's Daily.)
Yesterday the school board of Tumalo district approved the bonds voted by the district for the new brick school house, and bids will be called for in a short time. The new building is to be of three rooms, built on the plan of the Bend high school, so that additional units may be added as the demand increases.

LANDS BEING SOLD RAPIDLY

(From Friday's Daily.)
Sales of the Long Hollow Gardens property have now reached the point where there are only 400 acres left, according to J. B. Miner, sales agent for the owners. Of the 14 prospective buyers who have looked at the property, 10 have bought and three of the remaining four will buy if they are able to complete financial arrangements. Mr. Miner attributes his success in disposing of the property so readily to the advertising he has done in Bend newspapers, including The Bulletin.

COUNTY COURT HOLDS SESSION

(From Wednesday's Daily.)
The county court is in session today, on county business. The matter of maintaining a guard on the Crooked river bridge will probably be taken up officially.

RECEIVE CALVES FROM TILLAMOOK

(From Wednesday's Daily.)
Stenkamp Brothers, large stockraisers near Brothers, Oregon, yesterday received a shipment of twelve head of thoroughbred Holstein calves from Tillamook county. This is the second shipment received by these gentlemen during the past two months.

SLIMS AND FATS TO CROSS BATS

PROCEEDS FROM GAME AND FINES OF \$10 WILL GO TO WINNING CLUB TO BE TURNED TO A RELIEF.

(From Wednesday's Daily.)

You're fined \$10. Yes, that is the decision. Ten dollars fine and possibly more if you attempt to evade your duty on Sunday afternoon to go fishing. Members of the Armenian relief and the Red Cross have come to this decision because your presence and 35 cents is needed at the ball park, where the Armenian Fats and the Red Cross Slims cross bats for the first time this season in a nine-inning contest to see who takes the money.

If the Fats win all of the proceeds of the game go to the Armenian relief fund. If the Slims take the game the Red Cross gets the pot.

And then again, if you do not fish you may be fined. Who knows but what there is a possibility of your being fined for just staying home and not wanting to go. The Armenian relief fund is still far short of that \$3,000, and then the Red Cross is calling for \$5,000 next week, and one or the other must have the proceeds of Sunday's game. And there must be proceeds if every man in town is fined.

Perhaps you may not know that you are a player on the team. But if you are not there, either as a Fat or Slim, you are fined that \$10. Better be there and not take any chances. The committee may publish the list of players before the game and they may not. It depends on how many tens they can get by keeping still.

COUNTY QUOTA SET AT \$8,000

JEFFERSON COUNTY GETS AN APPORTIONMENT OF \$1,500—BELIEF IS THAT IT WILL BE OVER-SUBSCRIBED.

(From Friday's Daily.)

Deschutes county's quota for the second war drive of the American Red Cross has been set at \$8,000, of which amount Bend will be expected to raise about 75 per cent., according to an announcement received by J. P. Keyes, chairman for this district, this morning. In the first drive the county quota was \$10,000, but this included Jefferson county, which was not apportioned at that time. Jefferson county's quota has been set at \$1,500 for the second drive.

Members of the Red Cross committee here this morning expressed an opinion that it would be possible for the county to exceed its quota in the present drive by an amount greater than before, when the quota was over-subscribed by several thousand dollars here, and Jefferson county, although not rated, raised \$2,250.

ALL YOUNG MEN MUST REGISTER

DAY WILL BE SET BY WILSON.

Men Coming of Age Since Registration of Year Ago Will Be Required to Appear Before the Local Draft Boards.

PORTLAND, May 14.—Registration of the young men of Oregon and other states who have reached the age of 21 years since last June 5 will be required on a day soon to be set by proclamation of President Wilson.

This day will be fixed by the President as soon as Congress enacts necessary legislation, now pending. That is expected to be very soon. In the meantime, the task of organizing Oregon for this new registration of men for military service has already begun under instructions from the war department. These instructions emphasize the need for perfecting beforehand a complete working organization so that on the day set the registration will be 100 per cent. strong.

On last June 5, all men between the ages of 21 and 30 years, inclusive, were required to register for military service. As the number of men now in the 21-year-old class is estimated to be approximately only one-tenth of those registered then, the task this year will not be so great.

However, it will be heavy enough to require the most alert co-operation on the part of every local board, and of state, county and city officials, to carry it through.

The responsibility for conducting the registration will fall on local boards in all districts except those of 30,000 population or more, where the mayor is responsible. The local boards have been notified to prepare immediately lists of the registration places for the new registration, to have these lists posted and to take all other necessary preliminary steps.

In the city of Portland, which alone comes under the 30,000 classification, Mayor Baker will have the responsibility for these preparations. Regulations will shortly be issued by the war department providing for the registration of men who are unable by reason of illness to present themselves for registration in person.

As was the case last June 5, the registration is to be completed in a single day.

Every young man who has attained his 21st birthday since last June 5, for his own protection, should keep well posted as to the day fixed by the President for the registration, for ignorance of the registration date will not be accepted as an excuse for failing to register.

HIGH SCHOOL PLAY THURSDAY NIGHT

Cast Working Hard to Perfect Themselves Before Event—Matinee and Evening Performances.

Much interest is being manifested in the high school play, "And Home Came Ted," which will be presented at the Liberty theatre on Thursday afternoon and evening of this week.

The cast has been laboring hard for the past month and the work on the play is nearing completion. The cast numbers twelve, six girls and six boys, and every member is striving earnestly to perfect his role. The play gives promise of being the hit of the season in high school activities.

NEW ALFALFA SEED BEING DISTRIBUTED

(From Thursday's Daily.)
A large shipment of Liscomb alfalfa seed was received at the county agent's office in Redmond this week from Montana, and is being distributed to the farmers of the county. The Liscomb type of alfalfa was brought out by the Montana agricultural college, and is especially adapted to high altitudes. The seed under test germinated 97 per cent, and is 99 per cent. pure. There were 4,000 pounds of seed in the shipment.
