E. E. VARCO

Candidate for Republican nomination for County Commissioner, came to Deschutes county six years ago, at that time taking a homestead near Brothers, and, although he cannot lay claim to wealth, is becoming established in stockraising.

Mr. Varco came here from Michigan, where he was born and reared on a farm in one of the most prosperous sections of the state. Having always lived on a farm, he has had a great deal of experience in rural affairs, road work, etc., and is a practical man for the office he seeks.

He stands for fair and honest government and if he is nominated and elected will endeavor to do the square thing by all in that which is good for the county and adopted by the people.

He is a member of the Good Government league.

He pledges himself to faithfully discharge the duties of the office which he seeks, regardless of politics and political parties, and be fair in every way to all parts of the county.

As for the roads, he will do his best to serve the people in all sections of the county, and see that road funds are equally divided to best advantage to the highways throughout the county.

Mr. Varco is the only candidate from that part of the county and it is generally believed that the people will have nothing to regret if he is nominated and elected.—Adv.
