Tour from California.—Mr. and Mrs. John R. Robb and Dr. and Mrs. E. E. Scott were visitors in Bend Sunday. The party have been spending the winter at Long Beach, California, and are now motoring to their homes at Walla Walla. They left Long Beach two weeks ago, and report the roads in good condition.

Rankin, assistant United States attorney at Portland, thanking him for information submitted in regard to Carl Swelgin, who was deprived of his citizenship papers there last week. Orders for Swelgin's internment as an enemy alien have been issued, but as he is now under trial at Seattle on charges issued by the government no action will be taken until a finding is made in this case.

(From Saturday's Daily.)

If the men are desirous of returning here a new guard will probably be detailed, but this will not be done unless it is absolutely necessary, as the men on guard there at the present time are familiar with conditions and can attend to duty better than would be possible for new men on the job.

Goes to Ft. Dodge.—H. E. Buttrey, employed with the Oregon Fuel company in this city, has been appointed to the officers' training camp at Ft. Dodge, Iowa, and will leave this evening for his post of duty. Mr. Buttrey received his credentials about three weeks ago, but was notified at that time that his call would probably not be issued until fall. Austin's home was at Sedro-Woolley, Washington.

Substitutes Are Lower.—Prices of substitute flours and particularly cornmeal are showing a marked decline on the market of the middle west, and this decline is being reflected here already to some extent, though the present supply on the local market was purchased during March and early April, while the eastern prices were still extremely high, but they should begin to reflect this decline in their retail prices.

Ten Questions Asked.—Posters containing instructions for answering the questions on registration cards for young men who are to register June 5 have been received at the local exemption board. There are ten questions which the registrant must answer. They are: Name in full and age in years; home address, meaning place of permanent residence, not working address; date of birth, name of town and county; citizenship of registrant, whether native citizen of United States, naturalized, alien, declarant, or citizen or non-citizen Indian; if not a citizen of United States, of what country; father's birthplace, including city, street and nation; employer of registrant and place of employment; name and address of nearest living relative; race of registrant.

The board has already wired Sheriff Roberts that the man is physically fit and that he had not, as Long claims, been rejected on account of his inability to read or write.
