

BOOTLEGGERS ARE ARRESTED

NIXON TAKES TWO MEN AND MUCH BOOZE.

Chase of Several Days Ends at the Old Bend Mill When Former Offender and Partner Are Caught with 90 Quarts.

(From Tuesday's Daily.) Ninety quarts of booze in three sacks were taken from a Chevrolet car at the old Bend mill last night by Chief of Police Nixon, who, working single handed, captured A. Bonie and Antonio Gossolatto, owners of the liquor, and then brought the booze and car uptown. The men are now incarcerated in the city jail awaiting their hearing.

For several days Chief Nixon has been on the trail of the men. Bonie was arrested here several weeks ago on a bootlegging charge and fined \$250 and ordered to leave the city. Nixon saw him shortly after he returned several days ago, and watched him closely, following him each night. Booze was flowing freely in the rooming house where Bonie was living, but there was no evidence to be obtained that the man was disposing of liquor. He had secured employment at The Shevlin-Nixon mill as a blind and was working his bootlegging as a side issue.

Sunday night Nixon saw the man uptown and followed him as he left for home. Instead of taking his usual path, Bonie went in the direction of the old Bend mill, and waited at the sawdust pile as if expecting some one. After a wait of several hours, in which nothing developed, the man left for his rooms. Last night at about 10 o'clock Nixon saw Bonie in conversation with another man, and heard enough of the talk to hear something said about the old Bend mill. Taking a cue from this, the officer hurried to the scene of his previous night's wait and about 11 o'clock Bonie arrived. Not taking chances with the two men alone, Nixon immediately arrested Bonie, and handcuffing him to a tree, sat down to await developments. Shortly before 1 o'clock, when nothing had happened, Nixon went to Bonie and threatened him if he did not tell all he knew, succeeded in getting the man to disclose the fact that his partner would be there at about 1 o'clock in a car with the cache. According to the man's story, Gossolatto arrived at the time set.

In order to make things appear all right so that Gossolatto would not get away with the car the officer released Bonie and instructed him to hail his companion. Thinking that he might make his escape, Bonie complied, but just as the car came to a stop attempted to dart past it and into the brush. One shot in the air from Nixon's gun, however, was sufficient to stop him, and the two men were then handcuffed together and brought to town, where they were placed in the city jail. The car and its contents were brought in later.

Bonie was arrested in this city three weeks ago, when he and his partner, a man by the name of Martin, came in with a Ford load of whiskey from Klamath Falls and operated here several days before they were caught. They admitted their guilt and were fined \$250 each and then ordered to leave the city. The fact that the old charge still hangs over the head of Bonie will probably mean a heavy sentence imposed in this instance.

Can Enlist in Marines.—Sergeant Brooks of the Marine recruiting station in this city this morning received a telegram from the district office at Portland to the effect that men registering on June 5 can enlist in the Marine service by securing a release from the local draft board without waiting to sign up questionnaires. Sergeant Brooks has stated that he has had many inquiries from men of this class during the past few weeks, but there had been no notification officially dealing with their cases until the telegram this morning.

Library Closed.—Commencing with next Sunday and continuing until the fall months, the Bend library will not be open on Sunday afternoon. This change has been made because of the hot weather.

BOOTLEGGERS ARE SENTENCED

BONIE RECEIVES HEAVY FINE AND JAIL SENTENCE—GOSSOLATTO GETS STRAIGHT FINE OF \$300.

(From Wednesday's Daily.) A. Bonie and Anton Gossolatto, two confessed bootleggers, who were arrested by Chief of Police Nixon Monday night, were sentenced in quick time in Judge Easton's court yesterday evening, Bonie drawing a sentence of sixty days in jail and \$250 fine, and Gossolatto a straight fine of \$300, one hundred of which was remitted pending his good behavior.

This is the second offense for Bonie, he having been brought before the justice court three weeks ago, at which time he was fined \$250, one hundred of which was remitted pending his good behavior. In addition to the \$250 fine imposed yesterday, the \$100 of the previous penalty to be forfeited by him to the county. Prosecuting Attorney H. H. De Armond had charge of the case for the state.

POTENTATE IS BEND VISITOR

(From Wednesday's Daily.) William Davis, potentate of Al Kader Temple of the Mystic Shrine, has been in this city and met with a number of members of the Mystic Shrine. It has been decided to hold a ceremonial here on Saturday, June 29th, and it is expected a large number will come from Portland in addition to many Shriners residing in Klamath, Burns, The Dalles and all of Eastern Oregon counties. Several residing in Baker have indicated that they would attend and several from Eugene and Albany have indicated they would drive over for the event.

The potentate stated he will bring the band of the Mystic Shrine, which contains about forty pieces, also the Chantlers, consisting of twenty voices, and the Arab patrol, consisting of thirty members. The band will give a concert on the law of the Emblem club, also the Chantlers will participate, which will be a treat to the people of this city. At the close of this concert, the Shriners will go to the Pilot Butte Inn, where a dinner will be served.

After dinner a parade will be formed and the candidates will be assisted by the members of the Shrine to the Athletic club building, where they will take a journey over the hot sands.

YOUTH KILLED BY LIGHTNING

OREGON JOURNAL CARRIER IS VICTIM.

Body Mutilated and Clothes and Shoes Are Literally Torn From Form—Had Been Bulletin Carrier.

(From Wednesday's Daily.) Walter Richards, aged 12, son of Mr. and Mrs. Horace Richards of Baltimore avenue, was instantly killed at 8:20 o'clock this morning when he was struck by a bolt of lightning on the Bend Water, Light & Power company property at the rear of the Pilot Butte Inn.

At the time of his death, Walter was on the morning delivery route for the Oregon Journal and had just finished serving his customers at the Bend garage and the Bend flour mill and was coming uptown to finish his deliveries. The lightning struck him on the right side of his head, and his body was badly burned and mutilated. Men working at the Bend garage and the power plant saw the accident and ran out and covered him with dirt to stop the burning of his clothes. He was then rushed to the St. Charles hospital and a physician called, who determined that death had been instantaneous, practically every bone in the body being broken from the shock. All of the pockets in his clothes had been ripped off and the shoes torn from his feet. From the spot where he was standing two furrows had been ploughed for a distance of twenty feet in either direction to a depth of at least six inches.

Funeral services will be held tomorrow afternoon from the Niswonger undertaking parlors and will be conducted by Rev. J. M. Nelson of the Baptist church, while the Wolf Patrol No. 1, Boy Scouts, of which he was a member, will act as pallbearers.

Mr. and Mrs. Richards were notified of the death of their son as soon as it was possible to clearly establish his identity, and are nearly prostrated with grief. He was the elder of three children.

Walter had served for many months as a carrier on The Bulletin route, and tendered his resignation last Friday. He had been a favorite among his companions and had always been conscientious in the performance of his duties.

Hears from Son.—T. J. Sanders of Aubrey road, who has two sons in the navy, has just received a photograph of Harold J., who is on the battleship Philadelphia, stationed at Bremerton. The photo shows the young man aboard the vessel standing in line, overlooking such trivialities as flirting with the Non-Partisan league.

SPENCE IDOL OF STATE GRANGE

NON-PARTISANS BIG ISSUE IN MEETING.

Affairs at Salem Lag During Wave of Hot Weather Which Has Descended on Valley—Pierce May Favor League.

(Special to The Bulletin.) SALEM, June 13.—Old inhabitants remember the roistering times they used to have at the hilarious game of tiddleywinks. Lest any of the younger generation know not whereof we speak, when one plays at tiddleywinks he shoots a lot of little counters, by means of a large counter, into a glass bowl. After he shoots them all into the bowl he dumps out the small counters and shoots them back into the bowl again.

Life at the state capitol has settled down to a game of tiddleywinks for the next two or three months of the warm season and much of the time will be occupied in shooting hot air from office chairs and dumping out a pay check at the end of the month.

Hot Weather Descends. Truly the melancholy days have come, the saddest of the year, for the earnest young man endeavoring to eke out an existence for himself and family by writing of the foibles, faults and follies of the great class who control the destinies of state affairs. A batch of hot weather has descended upon the valley hereabouts and wilting collars, straw hats and the doctrine of rest are the order of the day.

Right into the midst of the hot spell ploughed the State Grange and while the deeds of the grange at its memorable session now generally live in memory a few comments as an aftermath might not be awry. While the grange legislated a bit and discussed at length numerous bits of legislation it would like to see passed, the whole heart, soul and thought of the organization was wrapped up in the Non-Partisan league. This speck, which arose on the horizon out Dakota way, has become quite a large sized cloud. The grange, as everyone knows now, turned down an endorsement of the Non-Partisan league and promptly re-elected C. E. Spence as master for the fifth time. This was done in the face of the fact that Spence gave a whole-hearted defense of the league while the question of to indorse or not to indorse was being argued with fever heat.

Spence Has Hold on Grange. There is no question that Spence has a strangle hold on the grange and it has a sublime confidence in him, overlooking such trivialities as flirting with the Non-Partisan league.

(Continued on Page 4.)

NEW GYMNASIUM IS OPEN TODAY

THIS AFTERNOON GIVEN OVER TO INSPECTION—MUSICAL PROGRAM TO BE GIVEN THIS EVENING.

(From Wednesday's Daily.) Today was the commencement of the formal opening of the new Bend Amateur Athletic club gymnasium. This afternoon at 2 o'clock the doors were thrown open to the public and tonight the opening exercises, consisting of a musical program and addresses, will be held. The attendance this afternoon was not great, due to the unsettled weather conditions, but it is expected that a large number will be in attendance at the program this evening. A quartet under the direction of O. A. Thorson will give several selections, together with a solo by Mrs. Thordarson. Opening addresses will also be made by Carl Johnson and H. A. Miller, officers of the club. There is no admission charge.

Tomorrow evening will see the opening of the carnival and dance depicting the days of '49, when everything goes and the roof is the limit. This will be continued on Friday night.

On Saturday night occurs the big double feature smoker, when Billie George of this city will meet Frank Street of Portland, and Fred Gilbert, another Bend man, will dispute honors with Billie Williams of Portland. These will be preceded by two fast preliminaries, and the entire event gives promise of being one of the best attractions put on here for many months.

URGES BEND LOCATION IN PATH OF TOTALITY

(From Wednesday's Daily.) Fire protection was the chief subject of discussion at today's luncheon of the Commercial club, H. E. Allen calling on A. F. Larson to outline his experience in forming a fire department in South Bend, Washington. There, Mr. Larson said, a volunteer department had been formed at slight expense and material reductions in insurance rates had been effected. T. W. Carlon also spoke, saying that prevention was an important part of fire department work.

Mr. Allen stated that a report from the fire committee, with recommendations, would be made at the next meeting. It was also voted that a committee be appointed to extend the thanks of the club to W. D. Cheney for his share in the entertainment of the bankers' convention last week.

Floyd Dement urged that steps be taken to have Bend located in the path of totality on the occasion of the next eclipse of the sun.

CLASS 4 MEN TO GO TO CLASS 1

MEN WITHOUT CHILDREN RERATED.

Local War Board Will Make Entire New Rating of All Men in Class—Physical Examination Also to Be Made.

(From Tuesday's Daily.) WASHINGTON, June 11.—Provost Marshal General Crowder has called for nine thousand limited service men to cut the airplane spruce of the northwest. Every state in the Union, except Maine, Oklahoma, South Dakota and Texas, are affected. Oregon's quota for the limited service draft is 353. Of this number 53 have already volunteered. Deschutes county's quota for the service is 13; Crook's 5 and Jefferson none. These men are to be chosen from the men of draft age who have been rejected from military service on account of physical defects, but who are now to be inducted into the service in capacities where their physical standing will permit, to replace men physically able to go with the overseas forces.

Reclassification of all men in Class 4 in Deschutes county under the orders of Provost Marshal General Crowder will be commenced tonight at a joint meeting of the local war board and the legal advisory board. Under the provisions of the new order, married men without children are to be shifted to Class 1 and the remainder of the men in the class will be rerated according to the condition of their dependency. Reclassification of the men will be made by the board without any notification being made to the men.

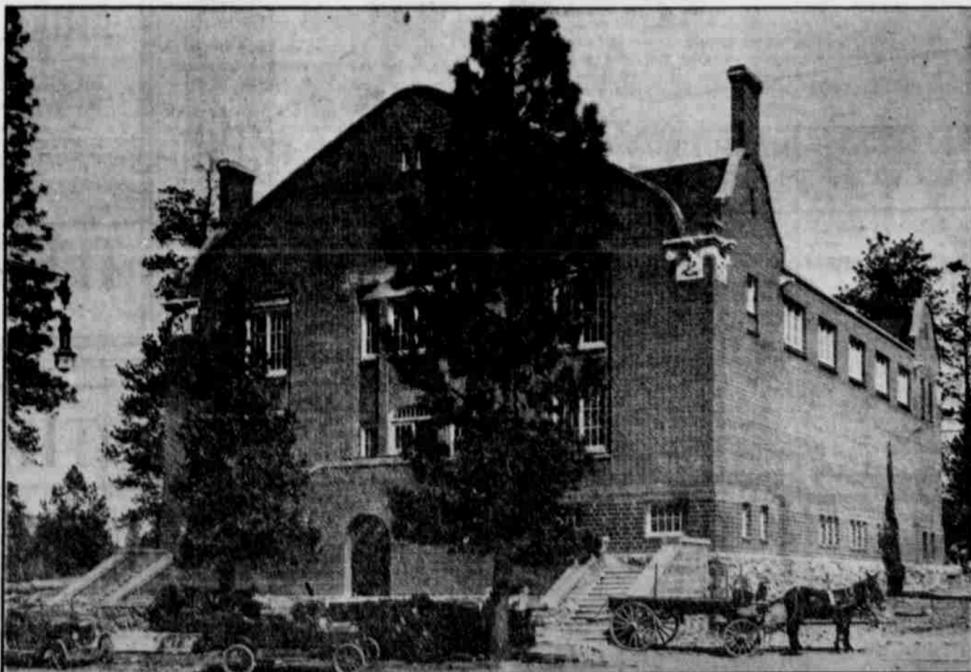

Simultaneous with the reclassification of men comes the order for re-examination of all men in the county who have been disqualified for service on account of physical debility. These men will be recalled and new examinations made sometime this month, and wherever it is deemed by the medical examiners that the man is qualified for certain branches of the service he will be rated thus, and called into the service so that men qualified for the overseas service can be released. It is expected that there are at least fifty men in Deschutes county who will come under this provision of the new order.

J. H. Haner, chairman of the local war board, stated this morning that it was expected that it would take at least sixteen days to complete the reclassification of men from Class 4, and an additional several days for the examination of the physically disqualified, so that the local board will be in session practically all of the remainder of the month.

FIFTY PER CENT ARE AFFECTED

(From Wednesday's Daily.) At least 50 per cent. of the men in classes 2 and 3 are to be reclassified under the new ruling, according to members of the local war board and the legal advisory board, in session last night. Attorney H. H. De Armond of the legal board this morning stated that the change from classes 2 and 3 to class 1 was made to conform to the new rulings of the war department and not through any errors on the part of the boards in the first classification.

The board will again be in session this morning, and continue each day until the work has been completed, which will take at least a week. Classes 2 and 3 have been rerated and the taking up of class 4 will be commenced today. There were at least forty names in the two classes finished, but in class 4, wherein all married men have been rated, the number is many times that, and the time consumed in reclassification will be much greater.

New \$50,000 Bend Amateur Athletic Club Building which is now open with four days celebration on June 12-13-14-15
