

News in Brief.

(From Wednesday's Daily.)
W. S. S. Office Opened.—Further steps to send Deschutes county over the top in the coming war stamp drive were made today when an office was opened in The Bend Company building and Mrs. E. G. Paris installed as Secretary. Mrs. Paris will have charge of the preparation of the war index to be used in this and all coming drives.

Willing Workers Meet. — The "Willing Workers," a recently organized club of the Christian Sunday school, held its initial meeting yesterday afternoon at the home of Miss Mary Gosney, one of the members. There was a good attendance and all enjoyed the meeting, the program and the refreshments.

Renowned Man May Visit West

L. T. COOPER, NOTED PHILANTHROPIST, GIVES LARGE PART OF INCOME TO CHARITY.

Not in recent years, perhaps, has the coming of any public character aroused such widespread interest as has the proposed visit to Portland and other western cities of L. T. Cooper, the millionaire philanthropist.

Mr. Cooper is described as one of America's foremost leaders of advanced thought, and sprang into fame and fortune through his new health theories based on what is known as the Tanlac treatment. He never ceases to surprise you with the infinite variety of his knowledge, and its absolute correctness and thoroughness. In several of the larger cities he has done a great deal of relief work among the poor.

Mr. Cooper is a firm believer in practical philanthropy and his relief work is familiar to charity workers over the country. His southern representative while in Houston, Texas, recently distributed, under the personal direction of leading charity workers, one thousand dresses of excellent quality to the poor women and children. In San Antonio the following week, he donated another thousand dresses to the poor of that city, and a few days later four hundred of the garments were provided by him for the poor women and children of Galveston. Ladies prominent in social life and many prominent citizens of these places assisted and co-operated with Mr. Cooper's representatives in this worthy cause.

Gives 50,000 Loaves of Bread. Similar service was also performed by Mr. Cooper in Memphis, Birmingham, Atlanta, Little Rock, Shreveport, Vicksburg, Jackson, Nashville, Knoxville, Chattanooga, Macon, Savannah, Montgomery, Mobile and Augusta, and his establishment of the famous free bread line at Louisville, where he distributed fifty thousand loaves of bread absolutely free and without question to those in want, proved a revelation to charity workers there. In fact, in practically every city Mr. Cooper has visited he has always shown his great sympathy for the poor and unfortunate by performing some unique act of charity.

Mr. Cooper contends that nine-tenths of the diseases and ill health of the present-day American is due to faulty digestion and improper assimilation of the food, which finally produces a stuffed up condition of the vital organs.

It has been said that Tanlac, his celebrated medicine which is now accomplishing such remarkable results throughout the country, not only quickly overcomes all catarrhal inflammation of the mucous membrane, but acts directly in the correction of stomach, liver, kidney and intestinal disorders.

Tanlac as has been so convincingly proven by the thousands upon

thousand who have endorsed it, is also a reconstructive tonic of great power, and has been known to entirely relieve the most obstinate cases of rheumatism and blood disorders in a very short time.

Tanlac Sales Phenomenal. It is, indeed, doubtful if anything ever placed on the market in the way of a medicine has sprung into such popular favor in so short a time. People everywhere have been quick to recognize its wonderful merit. The demand for it has been nothing short of phenomenal.

In Seattle, Wash., over 50,000 bottles were sold and distributed by jobber and retailer in eight weeks' time, which established a new record there, and is unprecedented in the history of the drug business. In Denver over 65,000 bottles were sold in six months; in Ft. Worth, Texas, 122,204 bottles were sold in twelve months; in Atlanta, Ga., over 166,000 bottles were sold in twelve months' time; in Dallas, Texas, 120,000 bottles were sold in twelve months' time; in Knoxville, Tenn., the Kuhlman-Chambless Co. sold and distributed 48,326 bottles in nine months; in Louisville, Ky., the Taylor-Isaacs Co., who operate eight retail stores in that city, sold 32,000 bottles in less than 90 days. In fact, everywhere Tanlac has been introduced its sale has likewise been phenomenal and the demand for it is continually increasing. A total of more than two and a half million bottles of the medicine has been sold through the Atlanta office alone during the past eighteen months, and it is without doubt the most widely talked of medicine in the world today.

When asked to explain this record breaking demand, Mr. G. F. Willis, international distributor of Tanlac, said: "There can be only one possible explanation, and it can be told in one word, 'merit.' That tells the whole story. No preparation, no matter how extensively advertised, can possibly meet with such phenomenal success unless it possesses extraordinary curative power."

Thousands upon thousands are testifying daily that they have been relieved of disease after years of suffering by its use.
