

# WEEKLY EDITION THE BEND BULLETIN.

VOL. XVI.

BEND, DESCHUTES COUNTY, OREGON, THURSDAY, JUNE 26, 1918

No. 17

## PARADE, RACING, SPORTS, JULY 4

### PLANS FOR EVENT ARE COMPLETE.

Commencing With Parade in the Morning, Celebration Will Continue Until Evening—Many Prizes Offered.

(From Wednesday's Daily.)

Definite plans for the program for the Fourth of July celebration have been worked out, together with the prizes offered, according to an announcement made today by the committee in charge of the work. Ample funds have been provided for the occasion and commencing at 9 in the morning and continuing until late in the evening there will be events taking place almost continuously.

At 9 o'clock in the morning the parade will form and take in the principal streets of the city. This parade will be composed of fraternal and labor organizations and business houses. The parade will be followed by orations on the Emblem club lawn at 10 o'clock and a ball game between The Shevlin-Hixon Company team and the Union club will be played at the ball park, commencing at 10:30, completing the morning's program.

The afternoon, up until 7 o'clock, will be given over to the Chautauqua program, which includes a lecture by Dr. Arthur Walwyn Evans, nephew of David Lloyd George on "What America Means to Me." He contrasts in telling comparisons the weakness and strength of America from a Welshman's standpoint.

In the evening at 7 o'clock the field events will be held. Oregon street, between Bond and Wall, will be roped off for the occasion. The list of events, together with the prizes offered, follows:

Slow auto race around block—First prize, \$7.50; second prize, \$2.50.

Free-for-all footrace, 440 yards—First prize, \$5.

Free-for-all race, 50 yards—First prize, \$5.

Boys' race, under 16 years, 50 yards—First prize, \$2.50.

Girls' race, under 16 years—First prize, \$2.50.

Fat men's race—First Prize, \$2.50.

Sack race—First prize, \$2.50.

Potato race—First prize, \$2.50.

Horse race, free for all, on Bond street, for men—First prize, \$10.

Horse race, free for all, women—First prize, \$10.

Three-legged race—First prize, \$2.50.

Wheelbarrow race—First prize, \$2.50.

Prizes for Floats.

The following prizes are offered in the float division for the morning parade:

For the best decorated float, \$35.

For the best decorated car, \$15.

For the best work team, \$10.

For the best individual character, \$5.00.

Make Entrants Early.

It is especially requested that all organizations or business houses make their entrants as early as possible, so that the committees may make the proper arrangements for the assembling of the parade. D. G. McPherson is in charge of part of the program and application should be made to him at the Bend Furniture company. Entrants for the sports division are to make application to T. C. Carland at the Wardrobe.

## RECEIVES BENEFIT OF GROUP INSURANCE

(From Monday's Daily.)

Her husband having died while employed by the Brooks-Seaton Lumber company, Mrs. J. C. Ingalls has received the benefit of the group insurance policy carried by the company for the benefit of its employees. Mr. Ingalls died on June 3. The insurance company was then notified at its Portland office and papers sent from there to its head office in Hartford, Connecticut. The check for \$1,000 was received here and paid to Mrs. Ingalls on Friday, the 21st, making a record for prompt payment.

## NEW AUXILIARIES FOR BEND CHAPTER

Lamonte and Geneva Are to Be Organized Today by Mrs. Birdsall—Meeting at Culver.

(From Thursday's Daily.)

Mrs. W. C. Birdsall of the Bend chapter of the Red Cross left this morning for Crook county, where she will hold meetings with the Madras branch and the Culver auxiliary before her return. Workers from the districts at Lamonte and Geneva will meet with Mrs. Birdsall at Culver and arrangements will be completed for the organization of an auxiliary at each of these places.

## SIX ARE NAMED FOR CLASS ONE

(From Tuesday's Daily.)

Meeting this morning for action on the recent recommendations of the legal advisory board for changes in draft classifications, the local board placed the following in Class 1: Melvin L. Crow, Guy O. Shaffer, John K. Carney, Paul A. Seegins, Ralph H. Fairfax and Charles Anderson. In addition, the board decided to call in six registrants now in Class 2 because of industrial or agricultural exemptions to give evidence as to their present status. These include Ado King, Vincent B. Devers, Isaac D. Vedder, Harry W. McGuire, Dow Dobbins and Elmer L. Gist. As soon as they have been heard their cases will be referred to the district board for further action.

Owing to the fact that Class 1 will be exhausted in July and Class 2 will then automatically become Class 1, most of the others in Class 2 will be reclassified in Class 1 and the rest of the cases resubmitted to the district board.

No decision has been made as to the final disposition of cases recommended to be reclassified from Class 4 to Class 1, it being the opinion of the local board that the highest classification warranted by the regulations for practically all these cases will be Division B of Class 2.

The meetings will be continued from day to day until all these cases have been cleared up and the reclassification made, according to the merits of each case, regardless of the recommendations of the legal advisory board.

Those in attendance at the meeting this morning were Sheriff S. E. Roberts, chairman of the board; County Clerk J. H. Haner, secretary, and District Attorney H. H. De Armond, government appeal agent.

## SERGEANT BROOKS SECOND IN STATE

Seven Men Are Enlisted in Marines from Local Office in First Month Here.

(From Thursday's Daily.)

Sergeant Brooks, of the Marine recruiting station, 24 O'Kane building, has a record of seven men for the first month since the office was opened in this city. This puts the local office second in recruits for cities of this size in the state, with La Grande leading with eight enlistments. Roseburg had four and Astoria drew a blank.

James McDonald of Burns, aged 29, is the latest addition to the list of names. He enlisted yesterday and will leave tonight for Portland, from which place he will be transferred to the Mare Island navy yard. McDonald, who was registered at Burns, was released by the draft board in that city upon a telegram from Sergeant Brooks requesting his release.

## FIRE FIGHTING KITS RECEIVED

(From Saturday's Daily.)

The forest office in this city is in receipt of two 10-men fire fighting kits sent out by the district office at Portland, which are to be used by men fighting fire on the Deschutes national forest.

The apportionment to this office is a supplement of 11 10-men emergency kits, 38 6-men kits and 42 2-men kits sent out by the district office to supervisors in Oregon and Washington.

## STAMP PLEDGES ARE ROLLING UP

### MILICAN DISTRICT IS FIRST TO REPORT.

Seven Limit Pledges Have Been Made in Bend—Tumalo Will Have Completed Quota Within a Short Time.

(From Tuesday's Daily.)

The campaign for pledges for the purchase of war savings stamps, which is to culminate on June 28, gains in momentum daily and every indication today points to complete success in Deschutes county.

First to report that his district quota had been reached was P. B. Johnson of Millican, in charge of school districts 14 and 26. Because of the few settlers in the territory and the fact that so many of them were working elsewhere, the quota was set at \$500. This morning Mr. Johnson telephoned that pledges amounting to \$650 had already been received and that it was expected that as much as \$1,000 worth of stamps would be pledged before the 28th.

Work is nearly finished in the Tumalo districts, also, according to Fred N. Wallace and A. M. McKinley, in charge of district No. 20. Ben Tons, in charge of the Sisters district, reported this morning that his quota would surely be reached in a short time.

Many Take Limit.

All over Bend solicitors have been busy today and by tomorrow afternoon it is expected that the city's total will be known. Everyone is signing the pledge to buy the stamps, practically no yellow cards being turned in, and again the people of the city are demonstrating that they are second to none in their reply to the patriotic call.

One of the most important features of the city campaign has been the liberal response to the call for limit pledges, seven in all having already been made. Those who have pledged themselves to take the limit, \$1,000 worth of stamps, maturity value, are: E. A. Sather, Miss Cora Sather, D. E. Hunter, R. M. Smith, C. S. Hudson, J. N. Hunter and W. H. Staats. In addition, T. A. McCann is taking the limit as a part of The Shevlin-Hixon Company quota.

## FARMERS' PICNIC AT TUMALO JULY 20

(From Wednesday's Daily.)

At a meeting of the Potato Growers' association of Deschutes county, held last night, plans were formulated for the Central Oregon farmers' picnic, which is to be held in Tumalo on July 20. The announcement of the program and events will be made at a later date.

## CRATER LAKE ROAD IS OPEN

MR. AND MRS. C. GOODKNIGHT OF PRINEVILLE DRIVE SECOND CAR OVER THIS SEASON—THE ROADS ARE GOOD.

(From Saturday's Daily.)

The road to Crater lake is open to traffic, according to Chas. Goodknight of Prineville, who, in company with Mrs. Goodknight, made the trip in from Medford yesterday and drove on through to Bend today, arriving here shortly after noon. Mr. Goodknight's car was the second one to go over the rim road this season.

Mr. Goodknight reports that all of the motorboats are safely stored and were not damaged by the ice and snow, but that all the rowboats and smaller craft had been damaged and it would not be possible to get the motorboats, which are on an island, until new rowboats had been secured or the old ones repaired.

The roads are in good shape, and the hotel at the lake will accommodate guests, although everything will not be completed until next week.

## DISTRICTS ARE OVER THE TOP

### ARNOLD AND CLINE FALLS REPORT.

Both Have Pledges in Excess of Their Quota, Cline Falls Going Over by 50 Per Cent.—La Pine Next.

(From Wednesday's Daily.)

At 11 o'clock this morning L. A. Reed, chairman of the Cline Falls district, telephoned that his district was more than 50 per cent. in excess of its quota of \$1,000. In all, \$1,565 has been pledged by the Cline Falls people.

The second Deschutes district to go over the top in the war savings stamp pledge campaign was reported this morning by A. M. McKinley of the Arnold district, No. 29. Pledges in excess of the district quota of \$1,000 have been obtained by Mr. McKinley and his solicitors and there are yet to be seen several residents of the district who are expected to make good sized pledges.

Another district which is sure to go over the top is La Pine, according to word received this morning from A. A. Aya, secretary of the La Pine war finance committee. Max Cussing also reports that Redmond will probably exceed its quota.

In Bend the campaign is rapidly nearing the close, most of the solicitors planning to finish their work today. In the downtown district J. A. Eastes and his solicitors have secured pledges totaling over \$8,000, and results in proportion are expected from the other teams. One pair of solicitors, Mrs. W. H. Staats and Miss Morgan, in one of the subdivisions of the district captained by H. A. Miller, this morning reported over \$3,000 in pledges. One of these was for three stamps a month from a boy under the age at which subscriptions were asked. This was Billy Foley, who is earning the money he is putting into stamps, and already owns nine.

Another boost for the limit club came this morning when L. B. Baird pledged himself to buy \$1,000 worth of stamps, maturity value, making a total of eight in the club to date. The First National bank and The Shevlin-Hixon Company have also taken \$1,000 worth of stamps each. Other large pledges are from the Central Oregon bank, \$500; the Bend Water, Light & Power Co., \$700, and J. P. Keyes, \$500.

## DESCHUTES IS AT LOW MARK

WATER SUPPLY IN RIVER IS LESS THAN IT HAS BEEN IN HISTORY OF THE SECTION, SAY OLD TIMERS.

(From Saturday's Daily.)

Water in the Deschutes river at the present time is the lowest in the memory of old timers in this section. While it is not anticipated that any inconvenience will be suffered by the cities depending upon the river for a water supply, power plants are already finding the shortage a great hindrance in the production of power, and in the event of the water growing less than at present a real damage may accrue.

At the present time the Bend Water, Light & Power company is taking the entire river in its plant in this city to maintain their power. T. H. Foley, manager of the company here, is out today looking over the up-river country with a view of increasing the flow, and it is stated that it may be necessary to tap one of the up-river lakes in order to furnish an adequate supply.

Lack of snow in the mountains and the extreme dry spring are supposed to be the cause of the shortage.

## MAJOR SOLL VISITS WITH J. C. RHODES

(From Wednesday's Daily.)

Major C. H. Soll of Ft. Casey, Washington, is in the city on a short furlough, visiting at the home of Mr. and Mrs. J. C. Rhodes. Previous to the declaration of war on Germany, Major Soll was one of the partners in a hospital at Monroe, Washington. He joined the medical corps about a year ago with the commission of captain, and has been successful in receiving promotions until his rank to major a short time ago.

The major is a brother-in-law of Mrs. Rhodes.

## DRAFT CALL ON COUNTY HEAVY

(From Monday's Daily.)

Forty-four men are to be sent from Deschutes county during the month of July under two calls issued within 24 hours Friday and Saturday. Sixteen men are to entrain for Ft. McDowell, California, on July 5, according to the Friday summons, and 28 are to entrain for Camp Lewis on July 22, under the notification sent out Saturday.

This last call for 28 is one of the heaviest drafts that has yet been made on the county, and will include practically all of the men remaining in class 1 under the former classification, there being perhaps 30 subject to the call left in the class. Because of the failure of the local draft boards of several of the states to make their report on the men of 21 who registered June 5, the order number drawing for these men has not yet been made, so they will not be included in the July quotas. Reclassified men are also held over for at least 30 days longer, unless a new ruling is made.

Twenty-one men are reporting to the local draft board today for entrainment to Camp Lewis, and 13 more are to leave on June 29 for Vancouver barracks. These last are limited service men. The men reporting today will leave on tomorrow morning's train.

Because of the heavy stress of business imposed upon the local board it will be several days before the men will be named to answer under the July quotas. Chairman Roberts, Secretary Haner and a stenographer are being kept busy rearranging the lists and making ready for the volume of new business.

## MACKENZIE ROAD TO BE REPAIRED

County Court and National Forest to Work in Co-operation in Making It Passable.

(From Friday's Daily.)

Steps are being taken by the members of the county court, working in co-operation with the national forest service, for repairing the Mackenzie highway. Several trees which are now blocking the road will be removed and teams and a crew of men put to work filling in the bad places.

Several cars have already made the trip through to Portland this way, but repairs are badly needed to take care of the heavy summer traffic which is expected to come that way on account of the closing of the Columbia highway between Hood River and The Dalles.

The work will commence within a short time.

## RED CROSS AUDITOR CHECKS UP CHAPTER

Goes Over Books of the Chapter—Leaves for Prineville and Klamath Falls.

(From Thursday's Daily.)

L. Turner, division field superintendent for the American Red Cross of the Northwestern division, with offices at Seattle, arrived in the city yesterday and spent the day here auditing the books of the local chapter. Everything was found to be in good order and a compliment was tendered the treasurer, J. C. Rhodes, on the efficient manner in which the work had been done.

He left in the evening for Prineville and from that point will go to Klamath Falls.

## RYAN MAY RUN FOR TREASURER

### MAY PIT SELF AGAINST HOFF.

Thinks He May Be Able to Scare Up Enough Votes to Overcome Lead of 118 in the Primaries.

(Special to The Bulletin.)

SALEM, June 27.—The all absorbing topic of conversation among state officials the past 10 days or so has been the tentative announcement on the part of Judge Thomas F. Ryan, assistant state treasurer, that he may be an independent candidate for the state treasurership. It may be said frankly that very little of this conversation has been favorable to Judge Ryan's aspirations. The judge was skinned out of the nomination by O. P. Hoff by 118 votes. It is understood that he feels if he runs independently he could scare up enough votes from among those cast for the other four candidates and with the general following that failed to vote, as well as from the Democrats, to possibly put him over in the general election.

No Chance for Appointment.

Since the announcement was made the judge and his cohorts have been very busy talking confidentially in corridors and out, and it looks as though he might take a flier at it. One rumor has been to the effect that his announcing his aspirations as an independent candidate might have been to throw a scare into Hoff so that Hoff would appoint him again as assistant state treasurer and keep him on the \$3,000 job which he has been holding for the past seven years under Kay. If there is anything to this rumor, Ryan's aspirations in that direction are predicated on a wrong premise, because he has about as much chance of being named state treasurer under Hoff as the Germans have of licking the Yankees—which is no chance at all.

No Show for Independents.

This is going to be a sorry year for independents, if straws indicate the way the wind is veering. The general advice, as being handed out in rather wholesome gobs by politicians around here, is for those who seek to run for office independently, after they have been defeated for the nomination, to take another guess. A goodly bunch of coin was expended in an effort to put Ryan over for the Republican nomination for the state treasurership, and he unquestionably made a good run. But the outstanding fact remains that he got licked, cleaned and defeated, and the average citizen hates a poor loser. Thus do the rotunda politicians under the big dome size up the situation and there is no particular reason to feel that the general public throughout the state has any different viewpoint.

Another perfectly palpable result of the judge's inclination to run independently is felt and heard in a verbal onslaught directed against State Treasurer Kay. Numerous comments have been made to the effect that Ryan's latest move is being engineered by the state treasurer, who is said to have still budding aspirations for the governorship somewhere in the great beyond.

Kay Seems Peeved.

The talk is that Kay is peeved because he has seen his machine, which has long been in the course of construction, crumbling into nothingness under his very hands. With Ryan as treasurer, Spence Wortman would remain as sealer of weights and measures, the same old active deputies would make the same old rounds into the various sections of the state and a bunch of busy little workers would be spreading sales of Mr. Kay while they were cavorting about the state. Thus Madam Gossip discusses the situation and the fact that the odium of Ryan's aspirations for an independent candidacy is being laid somewhat onto the shoulders of Brother Kay is not helping his own political hopes for the future—providing he has any. All of this gossip may or may not be true—that is beside the point. It merely goes to show that the people do not intend to be bucconed out of their direct primary law and that when they have spoken they intend that the speaking shall stand for

(Continued on Page 4.)
