

RETURN GAME IS TAKEN BY CLUB

WOODS TEAM DEFEATED IN BOTH BASEBALL AND ATHLETICS AT BROOKS-SCANLON CAMP ON SUNDAY AFTERNOON.

(From Monday's Daily.)
In a fast game played at the Brooks-Scanlon camp yesterday afternoon the Union club defeated the woods team by a score of 8 to 2. Despite the unevenness of the score, the game was an exceptionally good one from start to finish and only in the fifth inning when the Union club hammered Short, twirler for the woods team, for six runs did the game lag. After this one flare up the two teams again settled down to playing ball and only one man on each side crossed the plate.

The score by innings was as follows:
Union club...1 0 0 6 0 1 0 0—8
Woods team...1 0 0 0 0 0 0 0—2
Previous to the ball game an athletic contest was staged, in which the Union club came off the victors, Hollingshead winning the high jump, and the Union club team winning the relay race and three-legged race. The woods team carried off the honors in the tug-of-war.

Refreshments were served on the grounds by the women at the camp, and a considerable sum of money was raised from the weiner roast and refreshment stands. The receipts from the ball game netted something over \$40, which, with the balance of the cash, was donated to the Bend chapter of the Red Cross.

There was a large crowd from this city in attendance.

\$11,508 IN RED CROSS DRIVE

COUNTY OVER-SUBSCRIBES ITS QUOTA OF \$8,000 BY ALMOST HALF—OVER \$3,000 IN PLEDGES TAKEN.

(From Monday's Daily.)
Deschutes county raised \$11,508.52 in the second Red Cross war drive, or almost 50 per cent. over her quota of \$8,000, according to the official figures made public today by J. C. Rhodes, treasurer. Of this amount the city of Bend, including the Brooks-Scanlon and The Shevlin-Hixon Company, raised \$6,811.92 in cash and \$1,903.50 in pledges.

Lower Bridge was the only community in the county where pledges exceeded the cash subscribed, the amounts there being \$81 in cash and \$140.50 in pledges. Deschutes' pledges were the lowest, \$1 being pledged against \$113 in cash contributions.

Following is the amount subscribed by each district in the county:

BOY SCOUTS TO CONDUCT SALE

WILL HAVE CHARGE OF DISPOSITION OF TICKETS TO CHAUTAUQUA COMMENCING WEDNESDAY, JULY 3.

(From Tuesday's Daily.)
Sale of tickets for the Bend Chautauqua, which is to be held from July 3 to 8, commenced this morning, when the committees entered the field. The greatest sale of tickets will be made by the Boy Scouts, who, under Scoutmaster Stewart, will have entire charge of the outlying districts of the city and will make a house-to-house canvass in their efforts to reach everyone before the Chautauqua opens one week from Wednesday.

While it is the opinion of many that the Chautauqua should not have been held this year, members of the committee stated today that there was no alternative, the contract being entered into by the citizens of Bend over a year ago, and must be carried through. Besides this, the Chautauqua is one form of recreation that has had the sanction of the government. Programs prepared by the management are in the main patriotic ones, as is evidenced, by the one which has been prepared for Bend this year. This is especially so with the preparation of the events for the second day, July 4. The main attraction on this day will be a popular lecture by Arthur Walwyn Evans, Welsh orator on "What America Means to Me." Mr. Evans is a speaker of international repute, and a nephew of Lloyd George.

The preceding and remaining days of the event are full of interesting subjects, all leaning toward patriotic influences.

Dr. Turner, eye specialist of Portland, will be in Bend again Wednesday and Thursday, June 19-20, at Thorsen's jewelry store. Don't fail to consult him about your eyes and glasses on those dates. On account of serious illness in his family Dr. Turner was unable to keep his last engagement in Bend, but will positively be there on above dates.

MANY AT TRAIN TO SEE BOYS GO

FOURTEEN OF QUOTA OF 21 LEAVE ON THIS MORNING'S TRAIN—BALANCE INDUCTED BY OTHER BOARDS.

(From Tuesday's Daily.)
Honoring the Deschutes county draft contingent which left this morning for Camp Lewis, a large number of Bend citizens were at the depot to bid them farewell. The men, 14 in number, were under the captaincy of R. W. Murphy. While 21 was the quota called from Deschutes county, many of the men were sent out from local draft boards in other parts of the state, and six of those leaving from here had been inducted into service by this board upon the recommendations of the local boards. The following were the men who entrained:

R. W. Murphy, captain, Millican; Ben H. Morris, Bend; W. H. Barclay, Bend; J. R. Scott, La Pine; Carl Kriggsman, Bend; A. N. T. Sjoдин, Bend; R. C. Golden, Bend; I. L. Peterson, Tumalo; K. E. Hellman, Lake county; Frank McMannon, Ellensburg, Wash.; R. W. Heartt, Vale, Ore.; William Creve, Klamath Falls; M. A. Piercy, Tacoma, Wash.; R. L. Elliott, Seattle.

HOLD PICNIC AT THE ICE CAVES

MILICAN, June 21.—The "Ice Cave" picnic was well attended Sunday and all report a good time.

DRAFT QUOTAS HAVE LOWERED THE MILITIA

(From Monday's Daily.)
The heavy calls issued by the war department for the May, June and the July 5 draft have made heavy inroads on the Bend militia, according to the officers of both Companies A and B. A great many of the men who joined the two companies were those of draft age whose serial number was so low they did not anticipate being called for many months.

The decision of the war department, however, to call the men at the rate of nearly two hundred thousand each month has changed the plans of many of the men and placed their number next in the list. Several of the boys have volunteered for service, and others have changed their place of residence.

The uniforms for the companies have not yet arrived, although they are expected each day, the announcement having been received from the manufacturers that the goods had been shipped.

Both companies are now drilling on Tuesday evening of each week, and this arrangement will undoubtedly be maintained in the future. The men are fast rounding into shape and are putting on the appearance of real soldiers.

CLARK IS STALLED ON THE BURNS ROAD

Manager of Home Industries League Waits in Rattlesnake Canyon for Five Hours for Stage.

(From Tuesday's Daily.)
A. G. Clark, manager of the Home Industries league, arrived in Bend last night on the Wray stage from Burns, where he has been in the interest of the war savings stamp campaign.

Chartering a private machine, Mr. Clark left Burns yesterday morning before daylight in the hope of reaching Bend in time yesterday afternoon to meet with the members of the county war savings committee here and continue his journey to Portland last night. When about 50 miles out of Burns the gasoline in the car gave out, and he was compelled to lay over for five hours in Rattlesnake canyon until the Wray stage came.

He left this morning for Portland.

HOLSTEIN COW HAS GOOD RECORD

(From Thursday's Daily.)

The following record of a well bred 4-year-old Holstein cow owned by P. C. Burt of Bend, Oregon, gives a good idea of what can be done in Central Oregon, reports Ray K. Potter, official tester for the Central Oregon Cow Testing association. Priscilla, a grade Holstein, has produced in the nine months she has been under test, 10,139 pounds of milk and 397.7 pounds of butterfat, showing her owner a profit of \$80.58 above cost of feed on her butterfat alone. Giving the skim milk a value of \$1 per hundred will bring her total profit in the nine months up to \$166.76.

Before Mr. Burt entered this cow on test he had kept a daily record of her milk and she produced in the first three months she was fresh 4,838 pounds of milk, giving her for the year 14,977 pounds of milk. Had this cow been entered on test when she freshened, she would have nearly made the 600-pound mark, a record any breeder of registered dairy cattle would be proud to make. Another item which adds to the value of this cow is that she dropped a helper calf sired by a pure bred bull of excellent breeding.

The excellent showing Mr. Burt has made is only one of the many concrete examples of what can be done here with the dairy cow given the right kind of a chance.
