

MYSTIC SHRINE INVADES CITY

OVER 100 COME IN ON TRAIN.

Business Session Held This Morning
—21 Novices from Central
Oregon Will Cross Hot
Sands Tonight.

(From Saturday's Daily.)
One hundred and fifty strong, the members of Al Kader temple invaded Bend this morning for the ceremonial services which are being held here today. One hundred and four members of the order arrived on the morning train, riding from the smoketack and cow catcher on the engine to the rear platform of the rear coach. They were met at the train by the local committees and brought to the Pilot Butte Inn, where they enjoyed a breakfast of Central Oregon trout, which had been prepared for them by the local committee.

Besides the large number coming on the train a great many drove in from Eugene, Medford and Klamath Falls by Auto, as well as from other Eastern Oregon points.

After the business meeting this morning the Al Kader Chanters, 20 strong, under the direction of W. R. Boone, gave a complimentary concert at the Liberty theatre before an audience that packed the building. The following program was rendered, drawing applause from the audience:
1 "On the Road to Mandalay."
2 "Andalusia."
3 "Song of the Toreador, A. E. Davidsen."
4 (a) "Annie Laurie."
(b) "What Are You Going to Do for Uncle Sammy?"
5 Sextette from "Lucia."
6 "Warrior's Song," Thomas Williams.
7 "Rolling Down the Rio."
8 (a) "A Long, Long Trail."
(b) "We'll Never Let the Old Flag Fall."

The following are the members of the Chanters: A. E. Davidson, president; W. R. Boone, director; J. B. Keefer, secretary; E. N. Wheeler, treasurer. First tenors, W. B. Bethune, A. S. Brown, Louis Gerlinger, W. H. Holt, C. E. McCulloch; second tenors, Robert Fulton, C. H. Heney, W. Scott Klein, W. C. Pearson; first bases, A. E. Caghey, W. F. Stiltz, A. L. Stone, Thomas Williams; second bases, G. H. Patrick Cramer, A. E. Davidson, J. B. Keefer, E. N. Wheeler.

Following the concert adjournment was taken until this afternoon, when, at 3 o'clock, the first section of the ceremonial for the initiation of 21 novices from Central Oregon was held. It will be at this session that the candidates will receive their obligations and work of the order preparing them for the ordeal of crossing the hot sands at this evening's session, to be held at 8 o'clock.

At 5 o'clock this evening the Al Kader band will give an open air concert on the lawn at the Emblem club. Following this the guests will be taken to the Pilot Butte Inn, where the banquet will be held.

Preparing for the work of initiation, several members of the order

have been in the city for the past two days making arrangements. The Bend Amateur Athletic club building, where the ceremonial is being held, has been decorated and arranged for the occasion, and all the necessary equipment placed for the candidates to take the initiation. The men who were initiated into the order at the meeting here today were:

W. D. Barnes, Frank T. Parker, W. T. Mullarkey, Calvin E. Denmore, J. W. Carlson, C. H. Miller, Jared W. Moore, C. L. Whitted, H. A. Miller, August Anderson, J. E. Wilson, J. D. Davidson, R. A. Ward, L. A. W. Nixon, H. C. Ellis, J. A. Thompson, C. M. Redfield, A. F. Larson, O. C. Lempke, Denton G. Burdick, J. C. Rhodes.

While many of the visitors will leave on this morning's train for Portland, others have announced today that they will remain over until after tomorrow at least and take advantage of the fishing trips that have been planned by the local committee. These trips cover one, two or three days, whichever the visitors desire. During this afternoon a great many of them visited at the mills in the city and others have expressed a desire to go to the logging camps tomorrow and will be taken there by the committees.

COUNTY RECORD IS BEING KEPT

(Continued from Page One.)

Establish that a state or federal law has been violated, the natural procedure is to turn him over to the proper authorities. However, in the majority of cases there has been no violation of a law that would make him amenable to prosecution. In a good many cases we have found that a man has been unguarded in his talk or has failed to appreciate his personal obligations toward the country. In those cases the hearing is generally all that is necessary. The central loyalty committee is composed of 17 representative citizens who have pledged themselves to consider all cases before them from an impersonal angle and to disregard politics, business, friendships and everything else but their duty to their country and community. The committee is prepared to "go the limit" to handle all cases effectively, but to date has secured satisfactory results from every case without having recourse to any method outside the law. In fact, there are few men in a community such as ours who will hold out against such organized public sentiment.

"Back of the loyalty committee and the other committees of the organization is the loyalty auxiliary, which is in reality the league itself. Pledge cards containing a pledge with a punch in it are circulated through the medium of committees. The man who presents such a card to another must sign as sponsor, which, in effect, makes him say that he knows personally that the signer is a 100 per cent. loyal American citizen. Eventually we expect to have every loyal man and woman in the county signed up to back the country and the organization.

"We have just started to organize a woman's auxiliary to the league, the machinery to be almost a duplicate of the men's organization. Women have their own war work to perform and this sometimes includes soliciting funds. With a woman's auxiliary we figure that our organiza-

tion will be about complete.

"The general organization also includes a central rating committee and district rating committees. All potential contributors are classified according to their estimated income, and district, precinct and individual quotas are based upon these ratings. A unit subscription is fixed for each class in each drive.

"The first work taken up by the organization was the taking of a census of potential contributors. Each team captain was required to turn in a list of such contributors in his limited territory. This list is to be his during the war and he is responsible for new people moving in. These names have been transferred to cards and we keep a card index showing each person's war record.

"This is only part of the work carried on by the organization. At the invitation of the State Council of Defense we took over all work of the state and national councils for this county and superseded the old county council. We exercise a censorship over all proposed drives and over all literature offered for circulation. The food administration work is carried on through a member of the executive board and the secretary. Many other branches of patriotic work, local, state or national, are carried on through the organization.

"So heavy became the work that the organization hired a paid executive secretary to give all his time to the work. A downtown office has been secured and the work has

grown until a stenographer besides the secretary is kept busy. The county court makes an appropriation of \$250 a month and the Pendleton council makes a small monthly appropriation to meet local expenses.

"This statement about covers the work of the organization. We have been able to handle war drives much more satisfactorily than in the past. Umatilla county led the state in nearly all of the first war drives and comparatively few of our citizens were numbered among the contributors. The system of rating used provides for the raising of the assigned quota plus a small over-subscription, but does not permit of any 200 per cent. subscriptions as in the past. We aim to do our full duty, but as a matter of fairness to our citizens not to try to lead the nation. We have been able to distribute the burden much more equitably by reaching several thousand more people and forcing everybody to contribute according to his means."

Only Type of Eagle Known.

A Russian grand duke, one of the czar's predecessors, was once the guest of a German prince. It was early in the century. In Russia the imperial double-headed eagle is to be seen everywhere and on everything throughout the empire stamped, painted, embroidered, or sculptured. At that period the education of grand dukes was somewhat limited. This grand duke went out shooting in Germany, and among other things, shot a large bird. He asked an experienced huntsman who accompanied him what the bird was. "An eagle, your highness," was the answer. The grand duke turned on him in an irritated way. "How can it be an eagle," he asked, "when it has only one head?"

Former Sheriff Likes Tanlac

Prominent Houston Man Says "Money Could Not Buy the Good It Has Done Me."

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson of Houston, ex-sheriff of Harris county, Texas, recently. Mr. Anderson is unquestionably not only one of the best known but one of the most popular men that ever held public office in "The Lone Star" state. After serving as deputy sheriff of Harris county for twelve years, Mr. Anderson was elected chief of police of the city of Houston. He had occupied this office only a short time when the sheriff of Harris county died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of sheriff, to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continu-

ally belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterward. I am glad to endorse Tanlac because it does the work and I'm telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish benefit by my experience with this great medicine."

Tanlac is sold in Bend by the Owl Pharmacy.—Adv.
