

THERMOS VS. CAMOUFLAGE

All temperature-retaining bottles are not Thermos bottles. The name "Thermos" is stamped on all genuine Thermos products. --That's Thermos.

To disguise, to cover up, to deceive, to make things like they are not, to offer you a bottle not stamped "Thermos" for Thermos. --That's Camouflage.

Mrs. Bradley Says It Saved Her Life

"I Can Hardly Find Words to Express My Gratitude for Tanlac," She Says.

"I have not only gotten back all the weight I lost while sick, but I am actually heavier now than I have ever been," said Mrs. Lucy Bradley, residing at 729 Eli Ave., Seattle, Wash., recently, in one of the most remarkable statements yet published in connection with the Master Medicine in this vicinity.

"I had suffered from stomach trouble," continued Mrs. Bradley, "until I was scarcely more than a frame of skin and bones. One day about three years ago, after eating some strawberries, I was taken with an attack of acute indigestion, and was down in bed for some time unable to move. Beginning from that time my stomach was in such a bad fix that everything I ate would ferment, causing gas, shortness of breath and fearful pain. There was a pain right through my heart that I couldn't have hurt much worse if I had been stuck with a knife, and several times I thought I would surely die. I just kept losing weight and got so weak I couldn't walk across the room. I was forbidden to eat anything except liquid. I tried sweet milk and even that was like poison to me. I suffered a great deal with pains in my back and hardly knew what sleep was.

"We were living in St. Louis at this time, and a friend of our had gotten such splendid results from Tanlac that my husband begged me to take it. I refused for a time, as I had no faith in it to help me, but I kept getting worse and my husband insisted. So I consented to try it and when he brought me my first bottle I weighed only one hundred and ten pounds and was almost frantic with suffering. Now I can hardly find words to express my gratitude for I really don't believe I would be here today if it hadn't been for Tanlac. Soon after I started taking it I began to feel better. It was the very thing for me and it wasn't long until I would eat just any and everything I wanted without it hurting me; and my appetite was so big I could hardly eat enough. Well,

that has been a good while ago and from that time until now I have never suffered a particle with my stomach, shortness of breath or pain of any kind. I sleep like a child every night and am strong and healthy in every way. I now weigh one hundred and fifty-six pounds—making a gain of forty-six pounds—I tell everybody that I know that Tanlac is the finest medicine in the world and I certainly have the best of reasons for saying so."

Tanlac is sold in Bend by the Owl Pharmacy, and in Sisters by George Aitken.—Adv.
