

OREGON GOODS ARE BOOSTED

A. G. CLARK, MANAGER OF HOME INDUSTRIES LEAGUE, IS PLANNING CAMPAIGN IN BEND IN THE NEAR FUTURE.

(From Friday's Daily.)
A. G. Clark, field manager for the fourth Liberty loan, who is in the city conferring with the county committee today on the plans for putting the drive over the top at the required time, is, in private life, manager of the Home Industries league of the Portland Chamber of Commerce.

His organization bends its efforts to creating good will for the products of the factories of Oregon. There is unusual interest at this time in local products. Because of the government's attitude it now becomes the patriotic duty of every citizen to patronize home industry. Mr. Clark declares, and quotes Uncle Sam as saying: "Use local foods, and buy at points nearest production."

"It therefore gives our people a chance to help Uncle Sam and benefit the state besides," says Mr. Clark, "and no one, no matter what his profession or business, can say that bigger payrolls in Oregon have no interest for him."

"The payroll money is the fastest moving money in the world. The example of the benefit derived from payrolls is in evidence here in Bend, and to multiply the number of men in all the mills and factories in Oregon is certain to place in circulation money that now goes out of the state to pay for goods made elsewhere that are now offered by manufacturers within our borders."

Mr. Clark states he expects to start a campaign in Bend in the near future and plans to send a field worker here to meet with the housewives of this district, under his idea that the women of the homes are the purchasing agents and control from \$5 to \$90 per cent. of the purchases in foodstuffs and wearing apparel. To secure her co-operation is to enlist direct aid in behalf of the payrolls of Oregon.

NINETEEN FIRES ON THE RESERVE

TWO NEW ONES ARE REPORTED YESTERDAY—PINE MOUNTAIN DISTRICT BLAZES ARE WELL UNDER CONTROL.

(From Friday's Daily.)
Two additional fires were reported yesterday on the reserve, making a total of 19 reported since Monday morning. As in the case of the former fires, the latter two are small blazes. Harold Smith, ranger in the Pine Mountain district, where the three big fires are raging, has a crew of men working to stop the flames and had partially succeeded yesterday when the plow with which the trenches were being made was broken, necessitating a delay of several hours. During this time the fire gained considerable headway, but it is not thought to be extremely dangerous as there are sufficient men to hold it.

WHITEHEAD IS AGAIN AT HOME

MAN LOST IN THE WOODS LAST MONDAY IS PICKED UP IN THE SPRING RIVER DISTRICT BY J. C. RHODES OF THIS CITY.

(From Friday's Daily.)
Ben Whitehead, who has been lost in the woods in the Edison cave and Lava lake region since Monday, was brought into the city today by J. C. Rhodes. Whitehead became exhausted while searching for Harry Hayden last Monday and was left by his companion, who instructed him to remain where he was until the following morning. When a searching party went to the scene the next morning he had gone, and several parties have since been searching for him. When discovered by Mr. Rhodes he was on the road to Bend in the Spring river section and was making his way homeward. Aside from being without food for four days he is feeling no ill effects of his adventure.

DISTRICT QUOTAS IN COMING LOAN DRIVE LIKELY TO BE DOUBLED

(From Friday's Daily.)
Further emphasis of the fact that the coming Liberty loan drive was to depend chiefly on voluntary subscriptions featured yesterday's meeting of district chairmen and others called to meet with Field Manager A. G. Clark of Portland.
Detailed plans for the drive were given only slight consideration because of the lack of information as to the county quota. At a meeting to be held on September 15 it is expected that the quotas will be set for the different districts and final details arranged.

That the district quotas would probably be more than double the amount set for the last loan was stated by Chairman Hudson, who said that when it was remembered that the county subscribed \$236,999 for the last loan it would be realized

that it would not be so very difficult to raise the expected quota of about \$250,000 in the coming drive.

Mr. Clark spoke generally on war subjects and then more specifically on the loan drive, elaborating the ideas expressed in his talk before the Commercial club on Wednesday.

Following his talk the meeting discussed the matter of dealing with slackers, and other loan subjects. Those present were: John A. Marsh, Tumalo; J. M. Griffin, Tumalo; C. P. Becker, Tumalo; Fred N. Watalen, Tumalo; C. R. Holloway, Alfalfa; C. H. Clow, La Pine; H. J. Overturf, Bend; John T. Park, Tumalo; R. H. Bayley, Tumalo; P. B. Johnson, Millican; Jared W. Moore, Redmond; B. L. Tons, Sisters; S. E. Lochrie, Brothers; Max A. Cuning, Redmond; A. H. Tift, Redmond; T. H. McCann, Bend; C. S. Hudson, Bend; R. W. Sawyer, Bend.

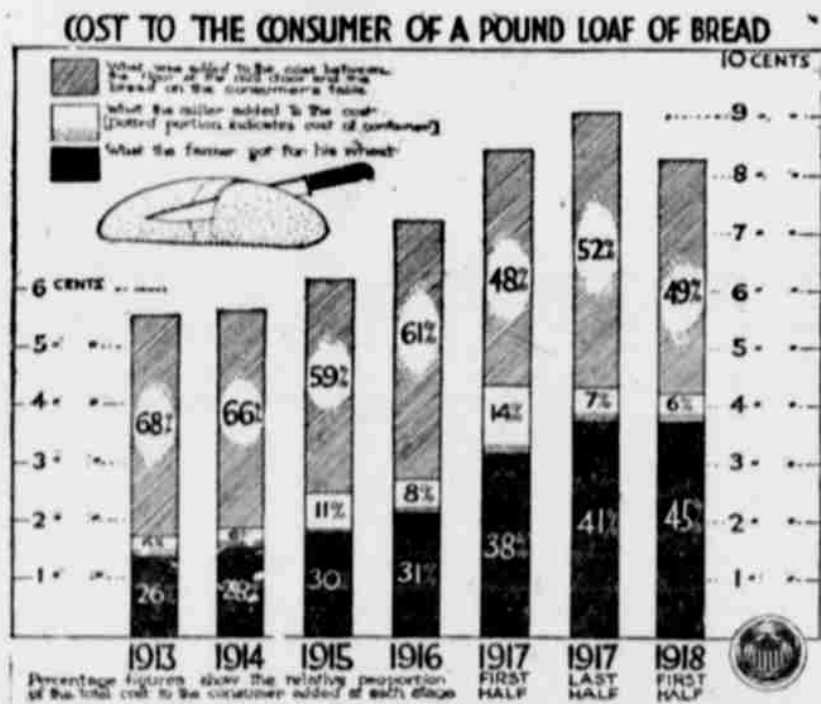

COST TO CONSUMER OF POUND LOAF OF BREAD

(Explanation of Chart.)

Since 1913 farmers have been receiving for their wheat a gradually increasing proportion of the price paid by the consumer for bread. The amount received by the wheat grower for his contribution to the average pound has increased from less than 1 1/2 cents per loaf in 1913 to more than 2 1/2 cents early this year. The proportion to the whole price is shown by the relative length of the black columns of the chart.

The middle portion of each column shows what the miller received for his milling costs and profit. This has been a somewhat variable factor, but

is now at the minimum (6 per cent.). In this 6 per cent., however, is included the cost of the containers (bags, sacks, etc.) shown as dotted area, which has increased very nearly in proportion to the price of bread itself. Bags now cost about 50 per cent more than in 1913 and 1914. The shaded portion of the column represents the expense of distributing the flour, making it into bread and getting the loaf to the consumer. The chart shows that the farmer is now receiving a much larger share of the final price for his product than in the past, and that a considerable amount of "spread" has been taken out of other expenses.

GOVERNMENT WARNS AGAINST SWINDLERS

(From Friday's Daily.)
A warning against Liberty bond swindlers is issued by the United States Chamber of Commerce, and a copy of a poster and letter on this subject has been received by the Bend Commercial club.
The poster is headed: "Warning! Don't be swindled out of your Liberty bond."
It then goes on to say that if anybody tries to trade you out of your bond, take the trader to the bank and

ascertain from your banker the value of the bonds, stocks or securities offered in exchange for your Liberty bond.

The poster advises the Liberty bond holders that if they are in absolute need of money their bonds can be sold for cash in the open market, but the advice is to keep the bonds as a patriotic measure.

Liberty bond holders are urged to register their bonds and to keep them where they will not be stolen, lost or destroyed.
