

## FEDERAL AID BEING SOUGHT

### WANT FUNDS FOR THE NORTH UNIT PROJECT.

Desert Land Board and Members of  
Irrigation District Subscribe Sig-  
natures to Petition to the  
Government.

(Special to The Bulletin.)  
SALEM, Sept. 6.—In an appeal  
signed by all of the members of the  
desert land board and by officers of  
the North Unit irrigation district and  
sent to all of the members of the  
Oregon delegation in congress, the  
federal government is urged to join  
in co-operation in the development  
of the great plan for the reclamation  
of the 200,000 acres of the Deschutes  
valley. In the letter being sent to  
the various members of the delega-  
tion, accompanied by a resolution  
urging government co-operation, the  
land board says:

"The desert land board of the  
state of Oregon and the directors of  
the North Unit irrigation district  
would appreciate your consideration  
and approval of the accompanying  
resolution and its presentation at the  
earliest possible moment to the  
Honorable Franklin K. Lane, secre-  
tary of the Interior. Also that you  
use your best endeavors to secure  
prompt and favorable consideration  
of the interior department.

"The project embraces approxi-  
mately 200,000 acres of land not now  
irrigated in what is known as the  
North unit, West Side unit and the  
East Side unit of the Deschutes  
project as shown on the accompany-  
ing map. Watering the South unit  
as shown on such map is not con-  
templated at this time.

"The project is of such magnitude  
as to be of both state and national  
interest. It is in Central Oregon  
within one day's automobile ride of  
the city of Portland and within 200  
miles by rail from tide water. It is  
now served by two railroads up the  
Deschutes canyon, one of which  
should be taken up and relayed be-  
tween Bend and Klamath Falls so  
as to put this project on a main  
north and south line. The aban-  
doned road bed to be used as a  
highway.

"The project is so complicated and  
of such magnitude that local effort  
unaided cannot accomplish the re-  
sults desired. Federal ownership of  
a considerable body of land now  
withdrawn under the Carey act,  
ownership of the railroads and  
ownership of most of the land and  
water resources for the development  
of irrigation and waterpower on the  
Deschutes river make co-operation by  
the federal government vital to suc-  
cess.

"The changes which have taken  
place since the original co-operative  
report was published are as follows:  
"1. The North Unit irrigation  
district, embracing 100,000 acres of  
land now under cultivation by dry  
farm methods, has been recently  
formed.

"2. The Central Oregon irrigation  
district, embracing approximately  
45,000 acres of sold and partially  
irrigated land in what is known as  
the Central Oregon Irrigation com-

## BOSTON WINS GAME GIVING HER VICTORY IN WORLD SERIES

(By United Press to The Bend Bulletin.)  
BOSTON, Sept. 11.—Boston  
took the world series honors  
here this afternoon in the  
finals, defeating Chicago with  
a score of 2 to 1. The score  
follows: Chicago—Runs, 1;  
hits, 3; errors, 2. Boston—  
Runs, 2; hits, 5; errors, 0. Bat-  
teries: Mayes and Shang for  
Boston; Tyler, Pembrix and  
Killifer for Chicago.

pany's Carey act project, has like-  
wise been recently formed.

"3. The reservoir of the state's  
Tumalo Carey act project having  
largely failed, it now appears that  
the northerly portion of this tract  
should be added to the West Side  
unit and irrigated by water diverted  
from the Deschutes river.

"4. The North Unit irrigation dis-  
trict has voted \$5,000,000.00 in  
bonds and is now contemplating the  
purchase of the uncompleted portion  
of the Central Oregon Irrigation  
company's Carey act project, known  
as the East Side unit of the De-  
schutes project, utilizing the present  
diversion near Bend for such land,  
including the North canal lands, thus  
eliminating the necessity for a dam  
and diversion canal at Aubury falls  
as heretofore proposed.

"5. Settlers on approximately  
15,000 acres of dry farm lands be-  
tween Powell Butte and Prineville  
are contemplating the formation of  
an irrigation district with the view  
of securing water from the common  
source, viz., the Benham Falls reser-  
voir site.

"Copies of the above mentioned  
Deschutes report can be had from  
the director, U. S. reclamation ser-  
vice, and information as to water-  
power on the Deschutes river may be  
had from Water Supply Paper 344,  
U. S. geological survey, Washington,  
D. C.

"The various agencies will appre-  
ciate any assistance which you can  
give."

## CARLON BUSY ON FIRE WORK

### FOUR DISTRICTS TO BE FORMED.

Men in Each District Will Have  
Charge of Emergencies in That  
District—Central Company  
to Be at Call of City.

(From Friday's Daily.)  
Plans for the organization of a  
volunteer fire department to take  
care of the city in case of fire until  
such time as new equipment has  
been purchased are being placed well  
under way by T. W. Carlon, appoint-  
ed by the Commercial club and coun-  
cil to have charge of the work of  
organization.

Under Mr. Carlon's plans the city  
is to be divided into four districts,  
one covering the business section of  
the city, where the main company  
will be organized; another to take  
care of the mill districts, a third on  
the north side of the river and the  
fourth to take in that section of the  
city east of the tracks. In each dis-  
trict a company will be organized,  
with perhaps five men as members,  
with one acting as district chief. In  
the central district, comprised of the  
business part of the city, the main  
organization will be perfected and  
will have charge over all of the sub-  
ordinate organizations. In the event  
of a fire occurring in any one of the  
outlying districts, the volunteers in  
that district will care for the blaze  
until the central company will arrive  
to aid.

The equipment owned by the city  
at the present time will be so ar-  
ranged that each district will have  
some protection, besides the use of  
the auto truck, which will be kept in  
the central district.

Mr. Carlon stated yesterday that  
the main difficulty at the present  
time would be to arrange a system  
of alarms, so that the firemen in  
each district would be able to an-  
swer a call. Just what arrangements  
are to be made for this has not yet  
been determined, but will probably  
be in the shape of a siren placed at  
one of the mills.

Maps of the city showing the fire  
hydrants have been prepared and are  
now being examined by Mr. Carlon  
and his associates, and as soon as  
the organizations are completed  
members of each district company  
will be required to hold drills, fami-  
lializing themselves with the location  
of these hydrants, so that they may  
be used to the best advantage in  
case of fire.

Mr. Carlon expects to have a com-  
plete personnel of the companies and  
officers prepared within the next few  
days.

**He Was a Fighter, Too.**  
"And what do you do for a living?"  
asked the judge of the man before him.  
"I write poetry, your honor."  
"What kind of poetry?"  
"War poetry, your honor."  
"But that seems like a nonessential  
occupation just now. Why don't you  
go and fight?"  
"Fight? Say, judge, that's just  
what I have to do when I try to get  
money for my poetry."

**Apples Cook on Trees.**  
Apples cooking on the trees in the  
great orchard region of northern Vir-  
ginia was one of the freaks of nature  
caused by the hot spell. State Fuel  
Administrator Byrd is displacing from  
his orchard, where the thermometer  
registered 120 degrees in the sun, fruit  
which has been thoroughly sizzled, if  
it actually has not baked, and other  
growers of fruits are threatened with  
ruin. Other growing crops withered  
under the hot wave, and it is said tre-  
mendous losses are likely.

## BEND GROCERY DENIED SUGAR

### TEN DAYS' SUPPLY IS PROHIBITED.

State Food Administrator Imposes  
Penalty for Alleged Violations  
of the Federal Food  
Orders.

(From Thursday's Daily.)  
Acting on charges made by H. C.  
Hartranft, federal food administrator  
for Deschutes county, and the in-  
vestigation of W. A. Johnson of Port-  
land, an attorney for the government,  
Gilbert's Grocery in this city has  
been denied permits for the purchase  
of sugar until September 10, and  
after that time only a two-thirds  
allowance is to be issued. This was  
the order received by Mr. Hartranft  
this morning from W. B. Ayer, fed-  
eral food administrator for Oregon.  
Mr. Hartranft has not disclosed the  
nature of the violations under which  
the penalty was imposed, merely  
stating that there had been several  
instances when the federal food ad-  
ministration's orders had not been  
strictly adhered to.

Mr. Ayer's order to the local ad-  
ministrator reads as follows:  
"H. C. Hartranft,

"Federal Food Administrator for  
Deschutes County,  
Bend, Oregon.

"Sir: After going over with Mr.  
Johnson the report of his examina-  
tion of the Gilbert case last Saturday  
I am of the opinion that owing to  
the minor violations of this firm and  
their general attitude you should not  
issue them any certificates for sugar  
on their September allowance until  
September 10, and then for only two-  
thirds of their allotment. I regret  
the necessity of imposing this pen-  
alty, which, by the way, is a very  
light one, and I wish that you would  
explain to the firm that I hope for  
a more cordial co-operation with the  
food administration in the future  
than they have been disposed to  
give in the past. You are at liberty  
to quote from this letter."

"W. B. AYER,  
"Federal Food Administrator for  
Oregon."

Mr. Gilbert, when asked for a  
statement this afternoon, declared  
that the charges on which the ruling  
of the state office had been based  
were minor offenses, occurring in  
the natural routine of business, with-  
out any intention on the part of any  
member of the firm to evade the fed-  
eral ruling. In all instances, he de-  
clared, the charges were made where  
errors in the card system had been  
made. One of these occurred in the  
instance of Mrs. Cobb, who was is-  
sued 25 pounds of sugar without first  
signing a sugar card, the firm being  
out of a supply at that time, and in  
another instance L. A. Hunt of Lower  
Bridge had signed two cards for  
sugar on the same day, one for him-  
self and one for a relative, and in-  
advertently placed his own name  
upon each card, making it appear  
he had made both purchases. Sev-  
eral other charges of a similar nature  
were included, but the evident lack  
of intention on the part of the firm  
to willfully violate the law is evi-  
denced by the light penalty.

ment work is out of the way.

## Grandest on Earth Declares Thomas

### Gains Seventeen Pounds by Taking Tanlac—Wife Also Bene- fited.

"I have gained seventeen pounds  
and the only reason I can give for  
my wonderful improvement is that  
Tanlac is an extraordinary medi-  
cine," said A. H. Thomas, a well  
known employe of the Wright Ship  
Building company, and living at  
802 1/2 South 9th street, Tacoma,  
Wash.  
"The cause of my trouble," he  
continued, "started about six years  
ago, when I accidentally struck the  
back of my head a very hard blow.  
I paid little attention to it at first,  
but in a short while I commenced  
to have headaches, which kept get-  
ting worse until I could hardly stand  
them. These awful headaches with  
the worry about my condition seemed  
to undermine my whole system and  
my general health got to be bad. My  
appetite left me, my stomach got in  
terrible condition and I was down  
in bed for several weeks. What little

I managed to eat seemed to do me  
harm instead of good, as it would  
ferment, causing gas and intense  
pain. I was very restless at night,  
would doze off for a while and then  
wake up and roll and toss for hours.  
I was tired and sluggish all the  
time and never felt equal to my  
work.

"I tried different medicines hoping  
to find something that would help  
my stomach and build me up in a  
general way, but I failed to find  
the right thing until I got Tanlac.  
This medicine has proven to be ex-  
actly what I needed. It has gotten  
my stomach in splendid condition,  
my appetite is fine and I can eat just  
anything I want and enjoy it. I  
don't suffer a particle with gas and  
indigestion, and I sleep so well that  
I hate to get up in the mornings,  
and I seldom have a headache. I  
am feeling fine in every way now  
and my wife, who has only been tak-  
ing Tanlac a short while, has been  
benefited a great deal already. It's  
the grandest medicine on earth,  
there's no doubt about that."

Tanlac is sold in Bend at the Owl  
Pharmacy, and in Sisters by Geo.  
Aitken.—Adv.

**Prepare for Changeable Weather.**  
H. B. Miller, R. F. D. 10, Wooster,  
O., writes: "By the changing of  
beds and the weather, I took a very  
bad cold and sore throat. Four doses  
of Foley's Honey and Tar put me  
right in a day's time." It pays to  
get the genuine Foley's and avoid  
substitutes and counterfeits. Con-  
tains no opiates. Sold everywhere.—

**SUMMONS BY PUBLICATION.**  
In the Circuit Court of the State of  
Oregon, for Deschutes County.  
O. L. McVey, plaintiff, vs. Alta P.  
McVey, defendant.

To Alta P. McVey, defendant:  
In the Name of the State of Ore-  
gon, you are hereby required to ap-  
pear and answer the complaint filed  
against you in the above entitled suit  
within six weeks from the date of  
the first publication of this summons,  
to-wit: Within six weeks from the  
12th day of September, 1918, and  
if you fail so to answer the plaintiff  
will apply to the court for judgment  
against you as demanded in his  
complaint, to-wit: For a decree of  
the above entitled court dissolving  
the marriage relation between you  
and the plaintiff.

This summons is served upon you  
by the publication thereof in The  
Bend Bulletin, Weekly Edition, for  
a period of six consecutive and suc-  
cessive weeks, in accordance with an  
order made therefor by the Hon.  
W. D. Barnes, Judge of the County  
Court of Deschutes County, Oregon,  
on the 11th day of September, 1918,  
which order requires publication for  
six consecutive and successive weeks,  
and that the first publication thereof  
shall be on September 12th, 1918.
