

# ESTIMATE NEAR TOTAL NUMBER

TOTAL IN NATION TO BE GREATER.

Seven Hundred and Ninety Men Between Ages of 18 and 45 Are Registered in This City Yesterday.

(From Friday's Daily.)  
 WASHINGTON, Sept. 13.—The office of Provost Marshal General Crowder has announced that registration under the new man power bill in the United States has exceeded the estimates by 8 1/2 per cent. The total registration in the nation will total about 14 million.

Registration in Deschutes county will not vary 100 names either way from the estimated number of registrants as prepared previous to the registration. This is determined today by the manner in which the returns from the various districts are coming in. The estimated number was set at 1096, and at the present time with 18 districts heard from the number of registrants totals 1034.

Of the total county registration approximately 790 registered within the limits of Bend in the six districts.

Of the 18 districts reported to the local war board at 3 o'clock this afternoon the following registration is given:

Bend No. 1, total registered.....	138
Bend No. 2, total registered.....	57
Bend No. 3, total registered.....	60
Bend No. 4, total registered.....	33
Bend No. 5, total registered.....	49
Brooks-Scanlon.....	143
Shevlin-Hixon.....	202
Brick Yard.....	8
Bend No. 6, total registered.....	44
Brooks-Scanlon Camp.....	2
Lava.....	2
Tumalo.....	40
Sisters.....	36
Lower Bridge.....	15
Terrebonne.....	35
Deschutes.....	23
Alfalfa.....	16
Grange.....	32
Received by mail.....	60

Total.....1034

Reports from The Shevlin-Hixon camp, Millican, La Pine and Redmond have not yet been received. In the latter place it is estimated that something like 100 registered.

All reports from the outside pre- but sufficient have come in to certify the estimate as being very near the total number.

In all districts the registration showed a very small percentage of men between the ages of 18 and 21, with a larger proportion between the ages of 22 and 36, and another falling off between those from 36 to 45. In the six districts reported from Bend, including the Brooks-Scanlon and Shevlin-Hixon plants, there were but 56 of the younger age registered against more than 600 of those between 32 and 46. Deschutes came in with the greatest number of men falling under the new ages for call from 32 to 36. Twenty-three persons were registered in this district, all of whom are between the ages to be called.

## TOWN HAS HISTORIC PAST

Ilfracombe, Popular English Summer Resort, Has Been Well Known Through Many Centuries.

Ilfracombe is rapidly becoming popular as a summer resort—or, as the English call it, a watering place. It is set on a steep hillside, surrounded by "the seven hills," on the beautiful Devonshire coast. From the near town of Hillsborough Ilfracombe shows a mass of white cottages, clinging desperately to the hillside to keep from tumbling into the Atlantic ocean.

Many people think that Ilfracombe is a modern town, in spite of its quaintness, because it has such an up-to-date air. But Ilfracombe is a skillfully camouflaged antique, having been a harbor of some note way back in the twelfth century. This attractive townlet has been inflicted with a great variety of jaw-breaking names during the centuries of its existence. Its names range all the way from Aelfringcombe and Ilfordcombe to Alfredscombe, and, at last, Ilfracombe. But the good folk round about Ilfracombe just call it "Combe."

In 1344 Ilfracombe was one of the 45 English ports that sent representatives to the council of shipping, and in 1646 it was captured by Fairfax. They say there were some hot skirmishes at that time in what is now known as "Bloody Meadow." Some cannon balls of that period found here corroborate this tale.

In these olden days wrecks near Ilfracombe were frequent, and pearls and other valuable treasures of the Indies were often sold to advantage by the fisher folk to merchants in neighboring towns.

## SEA BUFFALO "GOOD EATING"

Other Things Beside the Beefsteak, to Which the Nation is Attached, May Be Made of Use.

Stirlon of sea buffalo is much esteemed in San Francisco and other Pacific coast cities, where meat of this highly valued animal is coming to market in such quantities as to lower the cost of living by keeping down the price of beef and mutton.

Sea cows and sea horses have long been familiarly known, but most folks would confess themselves unacquainted with the sea buffalo. If they saw one, they would call it a whale; and no wonder, for that is the sea buffalo's other name.

Some people might be prejudiced against eating whale meat, but sea buffalo steak sounds good. It is good—quite equal, in fact, to the best beefsteak, and hardly distinguishable from the latter. In the market, sea buffalo tenderloin (boneless "filet") costs only 15 cents a pound; other cuts are cheaper.

The gray whale (common in Pacific waters) furnishes most of the meat. A 60-foot specimen will yield as much butcher's material as 70 head of cattle.

## First Quakers.

The first Quakers to land on American soil were Mary Fisher and Ann Austin, who reached Boston in 1656 after a long voyage from England by way of the West Indian island of Barbados. The two women caused great consternation to the Puritans, and George Bishop, in an address to the magistrates, said:

"Two women arriving in your harbor so shock ye, to the everlasting shame of you and of your established order, as if a formidable army had invaded your borders."

The Quaker sect, or Society of Friends, was founded by Fox in 1648, about eight years before the first members reached America on July 11, 1656. Later George Fox visited America. The part played by William Penn and other Quakers in the early history of Pennsylvania and New Jersey is familiar to all students of history.

Can Shyness Be Cured? What is the remedy for shyness? What is the shy man to do in order that he may be shy no longer?

The remedy is simple, and is to be found by consideration of the cause. The shy person is shy in the presence of strangers only. Let him have no opportunity of meeting strangers, and let the opportunity be abolished not by abolition of the meetings, but by abolition of the strangeness. In other words, shy persons are those who in early life had not practice and no experience in meeting strangers, and so having the attention of strangers directed to them and attracted to them. If the meeting with strangers becomes customary it loses its strangeness.

## As a Gentleman!

Little brother accompanied his mamma on a visit to some friends in Chicago, and included in the entertainment of the visitor was a luncheon at one of the fashionable cafes. Little brother was taken along because there was no place to "check" him.

"Now, brother," said mamma, "you see this beautiful place and all these lovely ladies—you are the only man present, and I want you to be very polite and act just like your father would if he was here."

"Well," said brother, "I guess I'll take a cigarette."

## Enterprise.

"How far can you travel on a gallon of gasoline?"

"Not as far as I used to," replied Mr. Chuggins. "But I'm hoping to reduce the expense by developing a by-product. The gasoline is so oily and the roads are so rough that with a little care we ought to make every trip yield a good churning of axle grease."

# BROOKS FUND ENDS S. A. DRIVE

SUBSCRIPTION OF \$180 IS MADE.

Brooks-Scanlon Employees in All Departments Donate to Salvation Army Drive—Bend Total Near County Quota.

(From Thursday's Daily.)

Clang! Did you hear the bell ring this morning?

It rang with a loud noise, the gong was smashed, the pieces flew all about and the Salvation Army drive was over so far as the Bend quota was concerned.

Brooks-Scanlon did the trick with a smashing subscription of \$180, "and more to come," in the words of an officer of the company, the contribution of company employees in all departments.

No further effort will be made to increase the amount of the Bend subscriptions, the present total being almost up to the quota for the whole county, and with the special contribution made at the Labor day picnic, much in excess of the amount asked of the whole county.

Another district to report with an over-subscription is Deschutes, W. E. Van Allen of the C. O. I. Co. yesterday bringing in a check for \$11, or \$1 over the allotted quota.

Bend subscriptions now total \$369.40, the new subscribers being as follows:

Previously acknowledged.....	\$184.40
J. N. Hunter.....	2.00
W. C. McCulston.....	2.00
Mrs. A. W. Modell.....	1.00
Brooks-Scanlon Co. and employees.....	180.00
Total.....	\$369.40

## DOING GOOD WORK IN WAR

English Church Army Has Accomplished Much for the Men in the Field, Says Message.

"The English church army is doing a noble work in the war," was the message received in this country by the Episcopal church from the Church of England. "Fully equipped recreation huts, open to men of all creeds, have been established in all training camps in England and Wales. On the French front huts, tents and temporary churches are provided. In all more than 800 of these huts and tents are in use; some in remote places in the north for the men of the navy; others in Malta, Egypt, Palestine, Macedonia, Mesopotamia, East Africa and even in India. Frequently 'last letters' have been written from these huts, bearing the heading, 'Church Army Hut'—letters now treasured by those at home. The bill for writing paper alone is over \$60,000 a year.

"Close to the front line trenches the church army keeps several 'kitchen cars' to supply the men with hot coffee. In England hotels having all the advantages of a club are being maintained, where men are cared for during their furloughs. Prisoners in the hands of the Germans are also cared for by the church army."

Recently General Pershing addressed an appreciative letter to Prebendary Carlile, head of the church army, thanking him for the help the army had been to American soldiers passing through England. It is proposed to maintain a hut to be known as the "General Pershing Hut." The cost of one of these huts equipped, is \$2,500.

## ENDS ONE NOISE OF CITIES

Invention of Philadelphia Man Does Away With Racket When Cars Cross Intersection.

The problem of suppressing the noise and shock of the street car in passing over an intersection has been attacked in a novel manner by a Philadelphia inventor, Samuel B. Meeker, who accomplishes the object without the use of any of the moving and interlocking parts which characterize most of the inventions for this purpose, and without making any great changes in the design of the crossing itself. The latter is constructed in one piece or unit, and at a point slightly in advance of the intersection of the rail sections.

Each rail section is formed with the face of the rail cut away in an incline which allows the weight of the vehicle to pass from the base of the wheel to the flange on which it continues for a few feet, until the wheels have passed entirely over the intersection, when the weight of the car again passes to the base of the wheel. This change is so gradually accomplished that it is not noticeable to the passengers and the car passes over the crossing without jolt or noise. The latter is a matter of great importance to persons living in the vicinity of such intersections, for the pounding of the cars over them at night comprises a serious annoyance.

# INSURANCE MEN ARE ORGANIZED

LOCAL ORGANIZATION OF STATE ORDER IS FORMED IN THIS CITY YESTERDAY—SPEECHES ARE DELIVERED.

(From Thursday's Daily.)

Insurance men of Bend in all branches of the business were organized as a local branch of the insurance federation yesterday morning at the close of a meeting, during which they were addressed by Frank S. Glover and C. A. Colvin, insurance men of Portland. The following officers were elected:

J. C. Rhodes, president; H. C. Ellis, vice president; J. F. Arnold, secretary; J. A. Eastes, secretary. The executive committee, of which the above officers are members, is composed of Ashley Forrest, C. V. Silvis, H. M. Greiner, C. P. Dorian, J. B. Anderson, J. M. Lawrence, C. S. Benson and Ross Farnham.

Mr. Glover and Mr. Colvin in their addresses spoke on the subject of "Communal Insurance and the Farmers' Non-Partisan League," pointing out to those present the danger to the people of the carrying out of the methods suggested by them.

## 611 DESCHUTES MEN ARE IN FIRST AGES

Nearly One-Half of the Total Number Registered to Be Listed for the First Calls.

(From Tuesday's Daily.)

Of the 1388 men registered in Deschutes county last Thursday 611 of them are between the ages of 19 and 21 and 32 and 36, inclusive, which will include the first classification of these men for service. This was the announcement of the local war board yesterday afternoon, completing the segregation of the names of the registrants into the various groups, those to be called at once under the order of the war department and those who have passed the prescribed age to come later.

## TOBACCO IS SCARCE ARTICLE IN FRANCE

(From Saturday's Daily.)

Tobacco is very scarce in France, and a much appreciated gift, says Corporal Thomas O'Connor, Company B, 60th U. S. infantry, in a card to T. A. McCann of this city as an acknowledgement of a Bulletin tobacco kit sent by Mr. McCann. The card reads: "I received a tobacco kit donated by you and wish to thank you very much for it, as tobacco is scarce here in France and a package of it is always appreciated."

## FIRST "VICTORY" SIREN

Impressive ceremonies marked the installation of the first "Victory" siren in the nation on the roof of the Evans building, Washington. The "Victory" or "Angelus" siren sounds each day the signal for noonday prayer for victory for our nation and our allies and for a peace everlasting. The photograph shows little Miss Irene Elliott Moore, who unveiled the siren.

One cent a word is all a little Want Ad will cost you.
