BEND, DESCHUTES COUNTY, OREGON, THURSDAY, OCTOBER 3, 1918

No. 31

BOOZE IN RICKS IN COUNTY JAIL

THREE MEN ARE HELD FOR TRIAL.

Sheriff's Office Grabs One of the Largest Hauls Ever Made in the County—Watched Men for Weeks.

(From Tuesday's Daily.)
Twenty 200 quarts of Sunnybrook and Jesse Moore AA are in the possession of Sheriff S. E. Roberts, and Byrd Lowell, W. E. Hogue and Billie Robinson are in the county jail as a result of a haul made this morning by Sheriff Roberts on the La Pine road about seven miles east of the city.

For two weeks Mr. Roberts and L. A. W. Nixon have been keeping the three men under their surveillance. It is the opinion of the officials that the men have been bringing "booze" into the district, and an affair at Alfalfa two weeks ago when liquor was flowing freely at a dance held there confirmed their suspicions.

The men left for the California line in an automobile late last week and the officials immediately set their plans to catch them upon their return. Yesterday afternoon Sheriff Roberts, in company with L. A. W. Nixon, drove out on the route the men must return by and laid in wait for them. All cut-off roads over which the men might reach either of their homes were watched, the vigil lasting all night until nearly noon today.

At about 11 o'clock the sheriff left Nixon to guard one of the cut-off roads and started for Bend to get another man to relieve them. He had been gone but less than half an hour when the car with the three men appeared and Nixon made the arrest. He notified Roberts at once and the men were brought to this city and placed in the county jail, where they will be held pending their trial, which is to take place some time tomorrow.

This afternoon, while in the county jail, one of the men insisted that the trial be held immediately so that he might be released from custody in order to put up his hay, which he complains is down in the field and awaiting his attention.

This is one of the biggest hauls that has ever been made in the county. All of the liquor is in the original wrappings and is piled in the corridor of the jail much the same as cordwood.

CASH BASIS IS TURNED DOWN

(From Friday's Daily.)
Grocerymen of Bend are not to go on a cash basis. This was definitely decided yesterday afternoon when the committee appointed at Wednesday night's meeting to get the opinion of the various managers reported that the plan could not be carried through, many of the merchants declaring that it would work a hardship on their customers and would not prove as satisfactory as the present basis of operating.

A meeting had been called for tonight to take definite action, but after the finding of the committee it has been decided to call the meeting off, leaving the matter as it now is.

There has been but one change that has been definitely announced at this time. Bills in the future are to be paid twice monthly, on the 10th and 25th of each month. Instead of operating on a 30-day basis as previous, practically all of the stores are to maintain the 15-day period, except in a few instances, where special provision will be made by the merchants for the accommodation of those who are receiving their salary but once each month.

PRICE FIXING BOARD MEETS.

The Deschutes county price fixing board is to meet this evening in the regular weekly session. Publication of changes in prices is to be made later in the week.

LIEUT. FRANCIS REPORTED DEAD

DIES OF SPANISH INFLUENZA AT CAMP EUSTACE, VIRGINIA— BODY MAY BE REMOVED TO OLD HOME IN CANADA.

Lieut. C. H. Francis, former optician in this city, died at Camp Eustace, Virginia, at 5 o'clock last night, according to word received here by Mrs. Francis. Death occurred after a short illness of Spanish influenza.

Dr. Francis was 55 years of age and had been a resident of Bend for a number of years, where he had been engaged in the profession of optometry. When hostilities commenced between the United States and Germany he made an endeavor to enter the service, and finally received a commission in the Medical corps, receiving his call the early part of August, and leaving here on August 25 for the Presidio, California. He was stationed at the Presidio for several weeks, being transferred to Camp Eustace only a short time ago.

Mrs. Francis is in this city and received the word of his death last night. She has wired to Washington to determine if it will be possible to ship the body of Lieut. Francis to Canada, their old home, and if so will leave immediately to take charge. In the event that the military authorities will not permit the body to be moved, it will be interred in a military cemetery in Washington, D. C.

Besides Mrs. Francis, a son, who lives at Gormans, Ontario, Canada, and a married daughter, who resides at Baker, Oregon, are the survivors.

STATE BOARD ASKS FOR TIME

WOULD HAVE AN ADDITION OF TEN YEARS GRANTED FOR RECLAMATION OF TUMALO PROJECT IN THIS COUNTY.

(From Friday's Daily.)
(Evening Telegram.)

SALEM, Sept. 25.—By resolution adopted today, which will be presented to the Oregon delegation in congress and to Secretary Lane of the department of the interior, the state desert land board asks that a special act be passed by congress, granting additional time of 10 years within which the reclamation of the Tumalo project may be completed. This is the state's project in Deschutes county for the construction of which \$450,000 was appropriated.

The Carey act allows 10 years within which to complete the reclamation of the Carey act lands and gives the secretary of the interior the discretion of granting an additional period of five years. This extension has been granted for the Tumalo project by Secretary Lane and the extended time expires January 12 next. It is therefore necessary to get an act passed granting additional time. Last year a similar act was passed granting additional time within which to complete the reclamation of the large project of the Central Oregon Irrigation company.

LIBERTY CHORUS MAY BE CONTINUED

(From Wednesday's Daily.)

Plans are being shaped for making the Liberty chorus, the organization which has been so active during the fourth Liberty loan drive, a permanent organization. Mrs. Roscoe Howard of Deschutes, who has charge of the work of the chorus, announced today that a meeting is to be held at the gymnasium tomorrow night, at which time the proposition of continuing the chorus would be taken up. It is hoped that in this manner the interest in the organization in the city will become stronger.

Mrs. Howard states that in the future the work will not be confined entirely to patriotic songs.

LOYAL LEGION BACKS DISQUE

AGREE TO ABIDE BY RULINGS.

Sentiment Is Unanimously in Favor of Settling All Disputes Through Medium of Their Own Com- mittees and Council.

By a unanimous vote 450 members of the Loyal Legion at a meeting at the Gymnasium last night went on record as favoring the settlement of all differences through the rules set out by the central council of the organization in the meeting held at Spokane several weeks ago.

The passing of the resolution followed as a result of a talk made to the men by officers of the spruce production division, who have been in the city during the past several days meeting with the men. Lieut. Cutts, the first speaker of the evening, outlined the work of the spruce division briefly and then took up the matter of the settlement of differences between the men and their employes through the organization of the Loyal Legion.

The business of the Loyal Legion, he declared, is settled through the men themselves. Each local must elect three committeemen, and in order to elect these three committeemen it is necessary that 51 per cent. of the members of the local be in attendance at the election, otherwise the proceedings would be considered null.

The committeemen elected from each local under any one operator in turn elect three of their members to act on a joint conference committee to meet with their employer. In the event it is impossible for this committee to come to an agreement on any differences which may arise, the matter is then taken to the district committee. From there it would go to the central council, and directly to Col. Disque's office. No member of any committee, he said, could be discharged by the company for his activity in behalf of the employes.

Was Union Man Himself.

Lieut. Cutts declared that he is a union man himself and has served as district organizer for the A. F. of L. "And in the organization of the Loyal Legion," he declared, "I see the greatest possibilities which have ever been presented for the working man and for organized labor. Uncle Sam is behind the Loyal Legion and working for it."

"There is absolutely no friction between the members of the Loyal Legion and organized labor. The only thing that the officers and men are trying to do is to prevent friction in organization methods. We cannot have two organizations, the Loyal Legion and any other agency, dicker with the employers for wages or the settlement of disputes. It must be done through one head, one organization."

At the conclusion of Lieut. Cutts' talk, the resolution, in which the men agreed to accept the rules as laid down by the central council of the 4L's, was adopted unanimously.

Lieut. Sypher Speaks.

In opening his talk, Lieut. Sypher praised the men and the operators in this section for the harmony which existed. "It comes nearer to being a 100 per cent. community," he declared, "than any I have visited." He stated that he had been assigned to this district and would be in the city perhaps every two or three weeks and desired to meet the men as friends and fellow workers.

FOOTBALL STAR RETURNS.

(Eugene Guard.)

Everett Brandenburg, a sophomore at the university, has returned from Bend to attend the S. A. T. C. camp. Brandenburg was a member of the freshman football squad last year, and after watching him perform on the gridiron, ex-coach Hugo Bezdek predicted a promising career for the first-year man. He will likely work out under Coach "Shy" Huntington during the next few months.

A. L. French Sells.

A. L. French has disposed of his stock of goods in this city, according to an announcement made this morning. A sale will be conducted to dispose of the stock of goods.

SAXTON HOLDS FIRST NUMBER

BEND BOY IS FIRST ON LIST.

First Seventeen Names Drawn Affect- ing Bend Show Large Number to Be Over Age of Thirty-Six Years.

(From Monday's Daily.)

Roy Wesley Saxton of this city, aged 29, serial number 322, holds order number 1, drawn in the government lottery which commenced at Washington today noon. Twenty-six hundred names are to be drawn from the great bowl, and it is expected that the drawing will continue over the better part of two days. Below is given the first 17 numbers drawn as affecting Bend:

- 1 Roy Wesley Saxton, Bend.
- 2 Logan Philip Snapp, Terrebonne.
- 3 Sivert B. Reese, Canby.
- 4 Raphael Statia Towne, Lower Bridge.
- 5 Samuel Sanderson, Bend.
- 6 Rae H. Leonard, Alfalfa.
- 7 Warren S. Smith, Redmond.
- 8 Clyde M. McKay, Bend.
- 9 Russell W. Nicholas, Bend.
- 10 Thomas Lyons, Bend.
- 11 Frank N. Gasbar, Bend.
- 12 Merl P. Hoover, Bend.
- 13 Carl W. Hamilton, Terrebonne.
- 14 John L. Scarth, Bend.
- 15 Garnet S. McCartney, Tumalo.
- 16 Charles A. Hartwell, Sisters.
- 17 William Francis Foren.

Of the first 17 numbers drawn a major part of them are for names of men who are over the age of 36 years and will not be affected under the present ruling. Later numbers are to be sent out by the war department to the various districts and it will be several days until a complete list has been secured.

BEND HI SQUAD TO PLAY CROOK

FIRST GAME OF THE SEASON TO BE PLAYED AT PRINEVILLE NEXT SATURDAY MORNING— TEAM LOOKS GOOD.

(From Wednesday's Daily.)

The Bend high school football team will play the first game of the season at Prineville next Saturday morning at the fair grounds with the Crook county high. This was the announcement made this morning by high school officials.

The organization of the Bend team, under Coach T. B. Sexton, has been going on for the past three weeks. The boys have been training strenuously, using the ball park as a practice ground, and Mr. Sexton believes he has the material for a winning eleven.

Three letter men of last year are being used in the eleven this year. These are Lester Sanders, fullback; Ed Brosterhous, quarterback, and Leroy Coynor, tackle. Tryouts for the other men on the team are being made under the following divisions: Halfbacks, Ralph Hogue, Earl Tucker and Frank Loehr; ends, Gordon Dutt, Frank Haner; tackles, Devere Helfrich; guards, Lee Wright and Terball Simpson.

LIMITED SERVICE MAN ARRIVES TODAY

(From Friday's Daily.)

John Wolf of the limited service branch of the United States army arrived in Bend this morning and will be stationed here during the next three or four months taking care of the clerical work for the local board. Private Wolf, whose home is in Portland, has been at the training station at Vancouver during the past ten days.

TIME CHANGES ON 27TH.

Statements to the effect that under the daylight saving plan time would change back one hour on September 30 are incorrect. Under the law passed by congress time changes back on the last Sunday in October, or October 27.

FORMER BEND BOY IS DEAD

HIRSCHEL RONGEY, FORMERLY OF THIS CITY, DIES OF WOUND RECEIVED IN ACTION WHILE IN FRANCE.

(From Wednesday's Daily.)
On September 28, 1918, Hirschel Rongey was listed among the missing and on September 29 the war department reported him as having died of wounds received in action.

This, so far as known here, is the first man from Bend to lose his life in the trenches on the present advance toward Metz. He voluntarily enlisted from Bend early in the war and his one ambition was to get to the front as soon as possible that he might do all in his power to crush Prussianism.

The deceased was 23 years of age, a student, a hardworking boy, and owing to his good habits and pleasant ways was a great favorite among his acquaintances. He was a son of Mr. and Mrs. J. A. Rongey, who lived in Bend until about a year ago, when they removed to Centralia, Wash. Besides his parents he leaves a brother, Clyde, who is in the service; a brother 12 years old and two sisters.

FARMERS GIVE AID ON ROAD

PLEDGE THEMSELVES TO HELP GOVERNMENT IN CONSTRUCTION OF NEW ROUTE INTO EAST LAKE—25 SIGNED UP.

(From Wednesday's Daily.)

Farmers living to the east of East Lake on the line of the proposed government road to that vicinity are pledging from one to three days' work on the highway, according to officials of the forest service. The line for the new road into the lake was established by the forest service several weeks ago and already several miles have been built.

From the main road at China Hat to the lake over the new route is but about nine miles. The grade over the greater portion of the distance does not exceed 4 per cent. and no grade on the road will exceed 7 per cent. It passes through a country comparatively smooth, with but little timber to make difficult the construction.

The greater portion of the highway lies to the south, making it possible to travel this road much earlier in the year than is possible with the present route in from the west, which in the main is impassable for cars even as late as the latter part of August.

HORNED DORSETS ADDED TO HERDS

C. F. Hoskins Has Eleven Head of Famous Eastern Sheep Shipped to This County.

(From Wednesday's Daily.)

Eleven head of Horned Dorsets, the sheep which have become so popular through the east during the past several years, were received by C. F. Hoskins of Lower Bridge Monday. The sheep were shipped from Vermont by express.

Growers of the Horned Dorset are emphatic in their declaration that the lambs will, with proper care, make a growth of from three to three and a half pounds per week, while it is not an uncommon occurrence for twins to be born. They are claimed to be the most prolific breed of sheep in existence, the ewe giving birth to twins oftentimes twice each year.

Mr. Hoskins will add the sheep to his already select herds.

COUNTY COURT IN SESSION.

(From Wednesday's Daily.)
Working on routine business, the county court was in session today. The work will probably be concluded tonight. C. H. Miller of Redmond came up to attend the meeting.

OLSEN IS GIVEN A PLACE ON BENCH

GOVERNOR MAKES HIS CHOICE.

Believed He May Make Good— Ryan Will Keep Out of the Race for Treasurer Against Hoff.

(Special to The Bulletin.)

SALEM, Oct. 3.—Everyone agrees that "Our George" Chamberlain, now running the military affairs of the United States from the senate end, is one of the most successful politicians ever turned out in Oregon, even if disagreement is had with his political party and tendencies. The fact always remains that George brings home the bacon and he hasn't missed a public pay check for so long that generations have grown up and passed on since he used to buy his ham and eggs from the sweat of private practice and the lucubrations of his brain in a country newspaper office.

Now one of George's pet theories about politics is to never forget his friends and whenever he spots a good and faithful servant he rewards him by something more than merely telling him "well done," providing the patronage pot is full enough to pass the emoluments all around.

Governor Withycombe may have had some such idea in mind when he appointed Conrad Patrick Olson, Sr., to the supreme bench of the state of Oregon to succeed Justice F. A. Moore, who died last week. In that event he played good politics. From a large number of comments heard on the outside perhaps the politics he played in this particular instance, if he was playing at all, was not so good.

Patrick had charge of the governor's last campaign before the primaries and he did right yeomanly and well, as the result of the election indicated. He "put it over" in big shape and no one would grudge him a suitable reward.

But putting him on the supreme bench has been a sort of a crawl for some people, including some of the men on the bench themselves, if the truth were known.

For instance, it is an open secret that Justice Wallace McCamant—and there has never been a better jurist grace the bench, hung onto his office for dear life until after the primaries, to keep this same Patrick Olson from landing. Justice McCamant desired to resign away along early in the year to return to private practice. He got wind of the fact, however, that Olson might be his successor if he quit at that time and so he hung on. As a result, the Republican nominee was named after the primaries.

Olson has always had a desire to get onto the supreme bench and possibly he will grace it as an eminent jurist. Everyone is hoping so. But it can scarcely be said that he has won the spurs to drive him onto the highest tribunal in the land, and a large number of people sniff suspiciously and say that he was elevated because of his activities in the last political campaign. That may, or may not, be true. Whether it is or not is suppositionary at the best. But the fact remains that the appointment was not altogether hailed with glee.

Olson, however, is a young attorney of much promise and has conducted successfully a large private practice. As said before, he may shine on the bench as a first rate luminary and everyone is hoping so. So it seems to be up to Conrad to justify the trust that the governor has reposed in him and it is a large mouthful to masticate.

Ryan to Stay Out.

Judge Thomas F. Ryan has done the right thing and has decided to stay out of the game as an independent candidate for the state treasurer-ship. After some conferences with Republican leaders, the judge retired gracefully, and although there is a Democratic candidate for the job, it is conceded on all sides that he hasn't a lookin and the place will fall into the hands of a bona fide Republican. Judge Ryan showed himself a bona fide Republican by backing down and deciding not to become an independent candidate. If
