You Want Specific Remedies --Not "Cure-Alls"

A long time ago, we realized that the enlightened public was learning to discriminate between "cure-alls" and "specific remedies."

It always did go against our grain, as professional pharmacists, to sell patent "cure-alls" about whose secret formulas we knew little or nothing. But we had to, as long as the public demanded them.

Nowadays, instead of secret preparations with a multiplicity of claims as panaceas for all ills, thinking people ask for *Rexall* remedies, each with its specific virtue in the relief of a specific ailment.

Was Forced to Go Out of Business

Mrs. Hall's Health Failed Completely
--Tanlac Restores Her.

"I regret now that I did not take Tanlac sooner, as I would not have had to sell out my business," said Mrs. Minnie Hall, proprietress of the lunch stand known as "Mother's Lunch" in the Farmers' market at Seattle, Washington, recently. Mrs. Hall has lived in Seattle for eighteen years and resides at 339 39th Ave. Northwest. Continuing her statement, Mrs. Hall said:

"I had suffered from stomach trouble and nervousness for several years. My system got in a terribly rundown condition and kept getting worse until it resulted in nervous prostration. I sold out my business because I just could not hold out any longer. I was then taken to the hospital, where I lay for nearly two weeks, and when they carried me home I was no better off than before. My head ached so badly I felt like my eyes were weighted down with lead, and my back hurt so it felt like it would break, my stomach got in such a bad condition I could hardly eat anything, and what little I did manage to force down would ferment, and the pain caused by it would almost draw me double. Gas would form and bloat me up so I could not wear my corset, and I was so nervous and miserable that I never knew what a good night's sleep was. I lost weight all the time, and had gotten in such a bad fix that I really thought my time had about come.

"Then as a last resort I began taking Tanlac, as I had read and heard so much about it, and the first bottle made a big change in my feelings. I have taken four bottles now, and it has made such a wonderful improvement in my condition that I have bought my business back and am working every day without the least bit of trouble. I have already gotten back fifteen pounds of my lost weight, and am not bothered any more with headaches or backache. My appetite is fine, and my stomach is in such a good condition that I can eat just anything I want and never feel a sign of indigestion. I think so much of Tanlac that whenever anyone comes to my stand and talks of having indigestion and stomach trouble I always tell them to take Tanlac, and I know several people who are taking it because they know what it has done for me."

Tanlac is sold in Bend by the Owl Pharmacy, and in Sisters by Geo. Aitkin.--Adv.

CLOTHES THAT SAVE

for men of 14 to 21

There aren't any boys nowadays in the sense of fellows who haven't begun to take things seriously. The boys are all men in spirit; doing men's work; many are holding down the jobs of the men now fighting in France.

They're learning too, that it's economy to pay enough to get good stuff--clothes or anything else.

We can help any of you young men who are doing the work of the fellows gone to war; we can see that you get clothes that save.

Hart Schaffner & Marx make that kind and we sell them because they are that kind; the styles are live ones. But the use no unnecessary cloth nor make the clothes cost any more. Ask us to show you the "Prep" styles.

Coughed So He Couldn't Sleep.
Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run down and serious sickness may result.
