## POLITICS NOW IN BACKGROUND

### SENATE AND HOUSE LEADERS NEXT.

Vinton and Wood Hauling for the Presidency of Senate—Three Desire Speakership of the House.

(Special to The Bulletin.)

SALEM, Nov. 7.—With the demise of the late general election politics has adjourned. That is, it has adjourned to the lobbies of the Imperial hotel, where it will remain under cover for the next several weeks until the legislature convenes. A gallant little band of 90 patriots individually and collectively rolled up 90 little pairs of sleeves when the last ballot was dropped into the can on Tuesday night and from now on there will be a big splash in the legislative tub.

Ninety little patriots, all in a row, and every blooming one of them would be president of the senate, or speaker of the house, as the case might be in each respective instance. Many of them knowing, however, that there is but one job of the kind mentioned in each room, there will be a big scramble for committees.

The season of trades, barbers and deals is now on and little echoes will roll out over the state from the Imperial lobby, where all such deals, barbers and trades are made.

Bill Vinton, stentorian-toned lawyer from Yachill, and Doc Wood of Washington county, self-constituted guardian of the sacred treasury of this grand old state, are backing and hauling for the senate presidency, while many more would be more than pleased if it might fall their way.

Bill and Doc have both been in a number of sessions and both are well known to a majority, at least, of the members of the senate. Bill has Moser and that group lined up behind him, and inasmuch as the Moser group was the all-potent factor in the last senate, and there are 15 holdovers to be reckoned with, Bill's chances look mighty good. But Doc Wood also is a holdover and he may have something up his sleeve. The Vinton-Moser-Orton combination claims to have an absolute clinch on the thing for Vinton. So far Doc Wood's claims have not been so promiscuous. Others are also making claims. There may be a chance for a deadlock.

If that is the case there seems to be a good chance for one Walter A. Dimick of Oregon City to climb onto the big seat. Whether Walter wants it or not is not known. Perhaps he is lined up with someone else. But it is a perfectly safe bet, knowing Walter well when the remark is made, that if a bunch of the senatorial strongarms were to grab Walter by the seat of the breeches and the scruff of the neck and hurl him astride the big seat under the picture of Dr. McLoughlin, Walter would neither chew their ears nor tear their clothes. It likewise would be some needles were Walter to preside over it. He is a perfect hound for spearing out skulduggery and watching over the interests of the people and little pieces of jobbery that generally slip by unheeded would receive some proper roarings out in event Walter were put into the high place.

As for the house, Herb Gordon of Multnomah, Seymour Jones of Marion and Denton G. Burdick of Central Oregon all desire to sit in the seat which was adorned by Bob Stanfield, sheep king, two years ago. Each and every one of them, be it said, to here set down faithfully what is talked hereabouts, has the seat tucked away in his watch pocket and with votes to spare. Of course this sudden accession of votes on the part of each makes it look sort of queer for the other 57 members of the house, but nevertheless it seems to be a certain fact.

Over around here Seymour Jones is as convincing in regard to his election as Gus Moser was in regard to his in the last primaries. Herb Gordon is equally certain, or at least

## GOVERNOR WITHYCOMBE

Who is leading for governor by 4465 votes.

## DONOVAN WILL HEAD HOSPITAL

### INSTITUTION IS PUT IN HIS CHARGE.

Emergency Arrangements for Care of Influenza Patients Are Completed—Volunteer Aides to Assist—Nurses Are Wanted.

(From Wednesday's Daily.)

Incipient friction in the management of the newly created emergency hospital, established to care for influenza cases in the city, was removed this morning and arrangements made to obtain the best results from the institution. City and county officials, representatives of the mill companies and other citizens were present at the meeting, and all agreed on the arrangements which have been put in effect today.

Under this plan, J. D. Donovan is to be in complete charge of the hospital and no patients are to be admitted without a certificate from a physician that they are suffering from Spanish influenza.

Trained nurses are to be provided and volunteer aides are desired to assist them in the work. Several present at the meeting expressed the hope that the school teachers, who are now idle but receiving full pay, will be among the ones to volunteer. Committees appointed at meetings last week will continue in charge of details for the assistance of Mr. Donovan, and another committee was appointed to attend to the audit of expenses and decisions concerning payment by patients.

## TEACHERS TO RECEIVE THEIR FULL SALARIES

(From Monday's Daily.)

School boards are required to pay full salaries to the teachers who are taking a forced lay-off on account of the closing order in the county. This announcement was received by J. Alton Thompson, superintendent of schools, from the state superintendent's office, and is being sent to the school directors in the various districts by Mr. Thompson today.

Practically all schools of the county, with but one or two exceptions in the rural districts, are closed. Mr. Thompson stated this morning, and his office is being flooded with queries as to whether the boards are required to pay the teachers during the closing period.

## MINTER WINS AS COUNCILMAN

### GAINS HONOR OVER THE BUSINESS AND LABOR TICKET CANDIDATE WITH MARGIN OF NINE VOTES.

(From Wednesday's Daily.)

R. P. Minter, running independent against the labor and business men's ticket, was the successful candidate for the city council over E. A. Friberg at yesterday's city election with a margin of nine votes.

As in the general election, there was but little interest shown, the vote being exceptionally light. The measure referred by the city council for the tax budget carried, the total figures on this not being available.

Following are the names of the candidates, with the total vote received:

J. A. Eastes, mayor	543
M. E. Coleman, treasurer	593
G. Benson, councilman	449
E. A. Friberg	392
D. G. McPherson	525
R. P. Minter	401

## Germany Accepts Allied Terms and War Is at an End

PARIS, Nov. 7.—The allies and the Germans signed an armistice at 11 o'clock this morning, accepting the terms laid down by General Foch. Hostilities ceased at 2 o'clock this afternoon. The Americans took Sedan before the Armistice became effective.

The greatest war of all time has come to a close. With the signing of the armistice and the cessation of hostilities peace will be declared, as Marshal Foch's terms are known to include provisions which will prevent the resumption of hostilities.

## LEGAL BOARD WILL AID MEN

### COURT ROOMS TO BE OPEN.

Members of Board Are to Be at Designated Place from Early Morning Until 10 o'Clock Each Evening.

(From Monday's Daily.)

Completing plans for giving aid to registrants in filling out their questionnaires, commencing tomorrow morning attorneys or persons capable of rendering such aid will occupy quarters in the circuit court rooms. This was definitely decided upon at a meeting of the attorneys of the city held Saturday night, at which members of the legal advisory board were present, concurring in the action taken.

Nearly 800 registrants received their questionnaires from the local draft board this morning. All of these must be returned within the prescribed limit of seven days unless an extension of time is given. In an effort to aid these registrants the attorneys are of the opinion that by having headquarters where this work can be done it will relieve the men of considerable trouble, besides giving each of the attorneys greater time to take care of his personal business.

A schedule has been arranged whereby each attorney will give at least one day to the work, the rooms being open for the accommodation of the registrants from early in the morning until 10 o'clock each evening.

The following schedule has been arranged, the men named after the period specified having charge of the work:  
Tuesday, November 5, Forenoon and Evening.—R. S. Hamilton, E. O. Stadter. Afternoon—W. P. Myers, A. J. Moore.  
Wednesday, November 6, Forenoon and Evening.—H. C. Ellis, Ross Farnham, J. F. Arnold, R. S. Hamilton, E. O. Stadter, J. M. Lawrence, J. A. Eastes.

Thursday, November 7, Forenoon and Evening.—R. W. Sawyer, H. H. De Armond, W. D. Barnes, Clyde M. McKay. Afternoon—R. S. Hamilton, E. O. Stadter, G. C. Morgan, Don Peoples.

## MILICAN FIRST TO NAME QUOTA

### TURNS IN AMOUNT AT NOON TODAY.

Victory Boys and Girls Are to Commence Their Campaign Tomorrow Afternoon—Third of Quota Raised.

(From Wednesday's Daily.)

Millican is the first district in the county to report with a full quota in the United Welfare campaign drive. P. B. Johnson, chairman for the district, reported to Mr. Foley this morning. The quota subscribed was on the first allotment to the various districts and did not include the additional 50 per cent, which was added through a telegram from the state headquarters yesterday. This will be raised and reported immediately. Mr. Johnson stated this afternoon.

In the drive in the city, the work of the second day equaled that of Monday, and about \$1100 has now been subscribed against a quota of \$3300. The doors of the Liberty temple were opened this morning at 9 o'clock to receive subscriptions, and it is thought this will probably have an incentive to increase the subscriptions.

Chairman Foley stated this morning that but one-third of the amount necessary had been subscribed, and the majority of the large donations have been received. Unless a greater number of people make their subscriptions during the remaining days of the week it will be necessary to put solicitors in the field to finish up. Persons subscribing this week will have their names placed on the honor list. This feature of the drive is at an end Saturday, as it is understood the list is only made up of patriotic citizens who have voluntarily made their contributions.

As an incentive to the drive, the Victory Boys and Victory Girls will commence their campaign in earnest Thursday afternoon. Three captains will have charge of the boys, and another three will lead the girls in the campaign in the city to enroll as many of the youngsters as possible in the organization, each member pledging himself to give a certain sum which he has earned by working for it, to the United Welfare work.

The names of those who have pledged, together with the amount pledged will be published later, which will in itself constitute an honor roll for the younger ones in the city.

## M'NARY IN LEAD FOR SENATOR

(By United Press to The Bend Bulletin.)

PORTLAND, Nov. 6.—McNary's lead over West increased this afternoon to 9080, on incomplete returns from 26 counties, including Multnomah. Governor Withycombe's lead is 4465 on a count from fewer precincts.

PORTLAND, Nov. 6.—Senator McNary, the Republican candidate, is leading West, Democratic candidate, by 1358 votes in 290 Multnomah county precincts. Governor Withycombe is leading Pierce by 942.

McNary Ahead in State.  
Incomplete returns from the state at large late this afternoon give McNary 10,609, West 9227.  
For representative Lafferty 3147, McArthur, Republican, 10,947, Smith, Democrat, 6569. For justice of the supreme court to fill the vacancy caused by the death of Justice Moore, Bennett 1439, Campbell 608, Cole 1606, Olsen 2637.

Of the \$170,500,000 to be raised in the United War Work drive, \$3,500,000 will be spent by the American Library association for books.

## REPUBLICANS LEAD NATION

### SEVEN STATES JOIN RANKS.

Chairman Hayes Claims a Majority in Both the House and Senate—Missouri Re-elects Champ Clark.

(By United Press to The Bend Bulletin.)

NEW YORK, Nov. 6.—With the Republican and Democratic headquarters claiming the house and senate, United Press election figures this afternoon indicate the result in the senate is doubtful, with the house apparently Republican. The senate race is so close it may be a tie, with Marshal casting the deciding vote.

The situation is changing hourly. At 2:30 it appeared that the Democrats had lost the senate seats in New Hampshire, Delaware, Illinois, Kansas and probably Montana, with Idaho and Missouri doubtful. The present senate is made up of 52 Democrats and 44 Republicans. Assuming that Montana has elected a Republican, it will give the Democrats 47, the Republicans 49, with Idaho and Missouri doubtful, and conceded Democratic. If both Idaho and Missouri elect Democrats, the senate will tie.

These figures assume that the Democrats have won Kentucky, although Republicans are still claiming the state.

The Democrats are claiming Ford's election, although Newberry is still leading in the state.

It is indicated the Republicans will have about 231 congressmen to 195 Democrats and one Socialist, Berger of Milwaukee.

DEMOCRAT LEADS IN MONTANA.

HELENA, Nov. 6.—Senator Walsh, Democrat, is this afternoon leading Landstrum, Republican candidate for senator, by nearly 4000.

CLAIM MAJORITY.

NEW YORK, Nov. 6.—The Republican headquarters this afternoon claimed the election of a Republican house and senate, with 51 Republicans and 45 Democratic senators. They claim to control the house by 29.

NEW YORK, Nov. 6.—Incomplete returns indicate that the Republicans will control both the senate and house. National Republican Chairman Hayes this morning declared the Republicans had gained seven senators and 26 representatives. He declared this would give the Republicans a majority of three in the senate and 35 in the house.

Telegrams which have been received by him, he declared, show the Republicans to have gained senators in Colorado, Missouri, Idaho, Kansas, Illinois, Delaware and New Hampshire.

DEMOCRATS CLAIM MAJORITY.

WASHINGTON, Nov. 6.—Acting Democratic National Chairman Cummings at 2 o'clock this afternoon claimed the senate by from two to four votes and the house from five to 10.

MISSOURI DEMOCRATIC.

ST. LOUIS, Nov. 6.—Incomplete returns from all counties in the Ninth district show the re-election of Champ Clark by 2200.

APPEAL DISMISSED  
IN DESCHUTES CASE

(Portland Journal.)

WASHINGTON, Nov. 4.—The supreme court today dismissed the appeal of the Deschutes Railroad company against the Eastern Oregon Land company to enjoin the construction of a railroad over lands along the Deschutes river for lack of jurisdiction.

DENTON G. BURDICK

Representative from Twenty-first district.

## ROBERTS AGAIN MADE SHERIFF

### LATE COUNT DEFEATS FOX.

Twenty-Three Precincts Give 145 Majority—Race Between Stookey and Overturf for Commissioner.

(From Wednesday's Daily.)

Complete returns from 23 out of the 24 precincts in the county late this afternoon give Roberts for sheriff 827, Fox 679; De Armond for district attorney 641, Farnham 551; Overturf for two-year commissioner 461, Stookey 503, Varco 451. This gives Stookey the election, his lead being sufficient to overcome any votes from the one remaining precinct, Cline Falls.

Deschutes county has again voted strong Republican, reports from the 24 precincts of the county showing that the Democrats have been defeated in practically every voting precinct. Returns are coming in slow, many of the outside precincts having failed to report at noon today.

The vote everywhere in the county has been light. In the six precincts in Bend slightly over 700 votes were polled, against 1700 at the election two years ago. Other districts have shown a similar lack of interest in the campaign. La Pine, which ordinarily polls over 100 votes, coming in with but slightly over 30.

In six precincts in the city McNary carried, over his opponent West, with 353 against 336. Whycombe has a margin of 52 in the same precincts, receiving a total of 371 votes against 319 for Pierce. There was no fight on any of the remaining state offices, the greatest interest centering in the race for district attorney and sheriff, on the county ticket.

Roberts carried the city over his opponent, Fox, with a margin of 194 votes, receiving a total of 417 against 313 for Fox. Late this afternoon incomplete returns from 17 out of the 24 precincts in the county give Roberts a margin of 140 votes, but it is generally conceded by the Roberts forces that five of the unreported districts are strong for Fox. Whether or not Fox will receive sufficient votes in these districts to overcome the lead Roberts now has lies entirely with the interest displayed by the voters. If in these districts as little interest was shown as in other parts of the county the Roberts lead will be sufficient for his election.

De Armond, running against Farnham for county attorney, has a greater lead over his opponent than Roberts. In the districts reported he has a majority of at least 150, while the districts yet to be heard from can as easily be claimed by him as by Farnham. His election is generally conceded, although there is still a possibility of Farnham overcoming the lead. In the city precincts De Armond is leading by 131 votes, carrying every precinct with the exception of two.

The race for county commissioner, two-year term, is still unsettled. Overturf is leading in the city precincts with 258 votes, Stookey, Democrat, is second with 231 votes, and Varco, the independent candidate, is bringing up the rear with 221 votes. In the county Stookey has a slight lead. In 11 precincts heard from Overturf has 371 votes, Stookey 378, Varco 310.

For county commissioner, four-year term, C. H. Miller has a heavy lead over his opponent, A. S. Holmes. Eleven precincts complete give Holmes 287, against 638 for Miller. For representatives, Twenty-first representative district, Burdick, Republican, and Dence, independent, have carried the county over Geo. H. Merriman of Klamath county.

Robert Gould for county surveyor has a lead over his opponent, Frank May, which is not likely to be overcome.

C. E. Niswonger for coroner is leading Grimes by a wide margin. All initiative and referendum measures on the ballot have been carried, including the delinquent tax bill. The live stock measure, which was voted on in six precincts, has carried.

Influenza Hampers Vote.  
The epidemic of influenza had its effect on the vote in the city and county. Bend polled less than half the normal vote, while outside communities report a similar drop.

In many instances in making returns of election today judges of the outside precincts made the mistake of placing both sets of tally sheets in the ballot boxes and sealing them up. This necessitates the returning of the boxes to the precincts to be opened by the judges, and will delay complete returns for a couple of days.

## CALIFORNIA LOST BY THE PROHIS

(By United Press to The Bend Bulletin.)

SAN FRANCISCO, Nov. 6.—An overwhelming anti-prohibition vote in San Francisco has probably swung the state wet.
