(By United Press to The Bend Bulletin.)  
 WASHINGTON, Nov. 6.—A secretary of education is to be the next addition to the President's cabinet, if a bill now pending in the senate becomes a law.  
 The bill has the backing of the National Education association, was recommended in a recent report by the commission on the emergency in education and has the support of Senator Hoke Smith of Georgia, chairman of the senate education committee. It seems likely to have little active opposition.  
 The bill's title says it is "to create a department of education, to appropriate money for the conduct of said department, and to appropriate money for federal co-operation with the states in the encouragement and support of education."  
 The secretary of education is to be on an equal basis with other members of the cabinet, and is to have three assistant secretaries. The secretary's salary is fixed at \$12,000, and the assistant secretaries are to receive \$10,000 each. The appropriation contemplated for salaries, incidental expenses and general financing of the new department is \$500,000 a year.

**California Man Gains 18 Pounds**

Smith Feels Like New Man Since Taking Tanlac—Suffered Thirty Years.

One of the strongest and most convincing evidences of the popularity of Tanlac throughout America is the large number of letters that are being received daily from well known men and women, telling of the remarkable results they have derived from its use.

Among the many received in the past few days is one from John Smith, 313 Eighth Street, Richmond, California, which is especially interesting. Mr. Smith states that he had suffered for twenty years with his stomach, liver and kidneys, and had reached the point where he wished each breath would be the last. He

also says that when he began taking Tanlac he weighed only one hundred and forty-eight pounds, but that he now weighs one hundred and sixty-six—making a gain of eighteen pounds—and that he feels like a new man. Following is his letter in full:

"To whom it may concern: I, the undersigned, can truthfully say that the wonderful medicine known as Tanlac has done more for me in thirty days' time than any other medicine I have ever taken before in all my life. I have been a sufferer from stomach, liver and kidney troubles for twenty years. I have taken six bottles of Tanlac, and today I feel like a new man. "Before I started using Tanlac it

didn't make any difference what I would eat or drink, it distressed me so much that I wished the next breath would be my last. Also when I started taking this wonderful medicine I only weighed one hundred and forty-eight pounds. Today I weigh one hundred and sixty-six pounds—have gained eighteen pounds already—and am still gaining. Also before taking Tanlac I couldn't sleep either night or day, but now I average about nine hours steady sleep and I have an appetite like a horse. I am now fifty years of age and I can't praise Tanlac too much for what it has done for me."

Tanlac is sold in Bend at the Owl Pharmacy and in Sisters by Geo. E. Aitken.—Adv.
