

## FOUR DEATHS DURING NIGHT

### HEAVY TOLL TAKEN BY INFLUENZA.

**Dr. Faulkner, Well Known Dentist, Succumbs—W. W. Orcutt Dies at Rooming House—Two Others Recorded.**

(From Tuesday's Daily.) Four deaths within the last 24 hours have been the toll of influenza in the city, two of the deaths occurring at private residences, one at St. Charles' hospital and one at the Emergency hospital.

**Judge Orcutt Dead.** W. W. Orcutt, 55 years of age, and for the past 16 years a resident of this city, died at the Myers rooming house last night from complications following an attack of influenza. He was ill but a few days.

The deceased had been a resident of Bend for more than 16 years, engaging in the hotel and bakery business, later being elected to the office of justice of the peace, in which capacity he served for a number of years.

He was an active member of the Moose lodge, being one of the men instrumental in the organization of the order in this city, and last summer was placed in the position of secretary upon the resignation of Harry Shultz, which position he has since filled.

Three brothers survive him, Frank Orcutt of this city, Henry Orcutt of Payette, Idaho, and Wright Orcutt of Minneapolis. Henry Orcutt of Payette is expected to arrive in the city this evening.

The funeral services will be conducted by the Moose lodge, definite arrangements to be made upon the arrival of the brother from Idaho.

**Dr. Faulkner Dead.** Dr. W. W. Faulkner, Bend's oldest dental practitioner, died this morning at 3:30 at his home in Park addition of influenza. A week ago today he was at his office as usual. Wednesday he remained at home and from that time the disease made swift progress to the end, developing into the characteristic fatal pneumonia. Monday forenoon Dr. Faulkner's condition became so serious that relatives were notified, and his brother Clyde and mother arrived this morning from Eugene. Wilbur Willis Faulkner was born in Iowa 33 years ago the 21st of last August. The family moved to Roseburg, Oregon, in 1895, where Wilbur's school days were mainly spent. After a year of special study at Pacific university, Forest Grove, and two years in the Portland Dental college, and a short term of practice at Drain, he came to Bend and established himself permanently in his profession in the summer of 1910. In this he was successful from the beginning.

In the fall of that year he married Miss Ella Black of Roseburg. They have three children. Besides the doctor's mother, Mrs. Emma Faulkner, there survive him two brothers, Walter, a Sacramento broker; Clyde, a locomotive engineer of Eugene; a sister, Mrs. Eva Thornton, of Camas valley, near Roseburg, and a half brother, Rev. J. A. McKenzie, minister of the Christian church at Red Oaks, Iowa.

Dr. Faulkner was a member of the United Artists and Odd Fellow lodges.

**Alfred Wiborg.** Alfred Wiborg, a sawyer at the Shevlin-Hixon mill, died at the emergency hospital last night at 9 o'clock. He had been quite ill, but was believed to have been much improved when pneumonia complications quickly caused his death.

**Mrs. Santon Dead.** Mrs. Santon, 64 years of age, a patient at the Emergency hospital, died late last night, but further details are unavailable.

**JACOBSEN IS AWAITING CALL**

**RECEIVES COMMISSION OF SECOND LIEUTENANT AT SAN FRANCISCO IN NEW FORESTRY DIVISION BEING ORGANIZED.**

(From Tuesday's Daily.) Mr. and Mrs. Norman G. Jacobsen returned Sunday night from a three weeks' trip to California. While in San Francisco Mr. Jacobsen successfully passed the examination for a commission in the forest division which is being organized on the Pacific coast, receiving the commission of second lieutenant.

He had returned to Bend to straighten up his affairs and await the call for service, which he had been notified he could expect within a short time. Whether or not the signing of the armistice will affect this call he has not been able to learn.

**INSURANCE RATES RAISED.** (From Tuesday's Daily.) Local insurance agents report an increase in rates effective last week of 10 per cent., the increase being general all over the state. In the east and middle west the increase was ordered some months ago, Oregon being one of the last states to order the change, made necessary by the higher costs in all lines.

## MOOSE CONDUCT OHMAN FUNERAL

### SERVICES HELD ON STREET IN FRONT OF NISWONGER UNDERTAKING PARLORS THIS MORNING—NO RELATIVES HERE.

(From Tuesday's Daily.) Funeral services over the remains of John Ohman, who died Friday morning from an attack of influenza, were held this morning at 10:30 o'clock in the street in front of the Niswonger undertaking parlors under the direction of the Moose lodge, of which the deceased was a member.

The deceased was a native of Sweden, coming to America many years ago. He has resided in Bend during the past several months, being employed at one of the logging camps. Axel Johnson of Bonners Ferry, Idaho, an uncle, and the only relative living in this country, arrived on the train Sunday morning to take charge of the arrangement of his affairs. A mother and three sisters live in Sweden.

### DRINKS BITTERS THEN PAYS FINE

(From Tuesday's Daily.) William M. Foster, a teamster at the Brooks-Scanlon Lumber company, and who admits having Indian blood in his veins, paid over to the city treasury \$10 this morning and only missed serving a 25-day jail sentence, together with a \$40 fine because he promised Judge Ellis to go to work and stay there and in the future refrain from imbibing Hostetters bitters.

Foster was arrested Friday and forfeited a bond of \$25. Saturday night he was re-arrested and when searched had a full bottle of bitters.

### PRINGLE MAKES RECORD TO LA PINE

(From Friday's Daily.) Volunteering to take medicine to the home of E. L. Clark at La Pine, where both Mr. and Mrs. Clark are seriously ill, A. M. Pringle made a record run Tuesday, making the round trip in two hours and 17 minutes driving time. The trip to the Clark home, a distance of 34 miles, was made in one hour and eight minutes, the return trip consuming one hour and nine minutes.

At latest reports both Mr. and Mrs. Clark are somewhat improved.

**WORK IS RESUMED.** (From Saturday's Daily.) Work in the surgical dressings department of the Red Cross was resumed today, and will continue on the old schedule as previous to the closing of the city. All workers are asked to report Tuesday, Wednesday and Friday.

## MORE VALUABLE THAN GOLD

**Real Treasure of Peru Was the Potato, Though Spaniards Did Not Realize It.**

The gold of the Indies was the attraction that led Columbus to sail westward, that carried Cortez to Mexico and Pizarro to Peru. The Incas had large stores of the precious metal, representing, no doubt, the accumulations of many centuries. The capture of such a booty resounded through Europe. Spain became for a time the wealthiest, as well as the most powerful, nation of Europe, and this was ascribed to the gold of Peru.

But Peru held another treasure much more valuable for the nations of Europe than the golden booty of Pizarro. Carrying the potato to Europe was an event of much more profound significance in relation to the subsequent history of the world than sending the Inca gold to the coffers of Spain. But nobody understood the value of the potato, and its Peruvian origin was generally forgotten before the plant became well known. Instead of Peruvian potatoes we call them Irish potatoes.

The potato was the basis of the ancient Peruvian nation and has attained almost the same importance in other parts of the world within the last 100 years.—National Geographic Magazine.

### "Puget Sound Lobster."

Seattle is consuming only about half a ton of octopus, "devilfish," a week, according to fish dealers of that city. But this consumption is bound to jump as soon as the Americans become familiar with the taste of this inhabitant of the deep. The Greek fishermen, who consider the octopus a great delicacy, call it "devilfish," while the Japanese fish dealer gets calls from his people for "tako," and when Sing, down in Chinatown, places it on his menu card he gives it a name that only a Cantonese can read or understand. When cafe managers up-town decide to give their patrons a treat the lowly devilfish probably will become "Puget Sound lobster."

### FIRE BREAKS OUT IN BEAN BLOCK

(From Friday's Daily.) Between \$600 and \$700 damage was done to the stock and fixtures in the Windmill confectionery in the Bean block last night by a small blaze which started in the basement. Volunteers responded to the call and succeeded in putting out the blaze before it had gained great headway. The damage was covered by insurance.

### MR. WALLACE IMPROVED.

(From Thursday's Daily.) F. N. Wallace of Tumalo, who has been seriously ill for the past week, was reported as greatly improved this morning.

## KEEP WELL!

### HOW TO AVOID INFLUENZA

#### RULES FOR THOSE AT WORK

Walk to work if possible. Avoid the person who coughs or sneezes.

Wash your hands before eating. Make full use of all available sunshine.

Do not use a common towel. It spreads disease.

Should you cough or sneeze, cover nose and mouth with a handkerchief.

Keep out of crowded places. Walk in the open air rather than go to crowded places of amusement.

Sleep is necessary for well-being—avoid over-exertion. Eat good, clean food.

Keep away from houses where there are cases of influenza.

If sick, no matter how slightly, see a physician.

If you have had influenza, stay in bed until your doctor says you can safely get up.

**Rules for Everyone to Follow.** If you feel a sudden chill, followed by muscular pain, headache, backache, unusual tiredness and fever, go to bed at once and send for a doctor.

See that there is enough bed clothing to keep you warm.

Open all windows in your bedroom and keep them open at all times, except in rainy weather.

Take medicine to open the bowels freely.

Take some nourishing food such as milk, egg and milk or broth, every four hours.

Stay in bed until a physician tells you that it is safe to get up.

Allow no one else to sleep in the same room.

Protect others by sneezing and coughing into handkerchiefs or cloths, which should be boiled or burned.

Insist that whoever gives you water or food or enters the sick room for any other purpose shall wear a gauze mask, which may be obtained from the Red Cross or may be made at home of four to six folds of gauze and which should cover the nose and mouth and be tied behind the head.

Remember that these masks must be kept clean, must be put on outside the sick room, must not be handled after they are tied on and must be boiled 30 minutes and thoroughly dried every time they are taken off.—Instructions prepared by Mass. State Dept. of Health.
