"Buy A Gift A Week"

How easy it is to "Buy a Gift a Week." A little remembrance for Aunt Mary this week--a gift for Sister Jane next week--just that way--one at a time.

Plenty of time for the selection of each gift. Take it home, wrap it up carefully and lay it away for Christmas.

This year the government has ordered stores not to keep open longer hours during the holiday season, nor employ extra salespersons.

P. S. Ridsdale, secretary of the association, says many towns and cities have taken up the idea and the General Federation of Women's Clubs is considering a similar plan for the Lincoln highway to be carried out by the state organizations.

"Nothing could be more appropriate," says Mr. Pack, "than to have each state through which a motor highway passes, plant 'victory oaks' or 'victory elms' or other trees for its soldiers who have died in battle. The motor has played a mighty part in winning the war.

"Wood has played a big part in victory, too. Our stocks must be replenished. With each state co-operating with the highway authorities, a living, age-long lesson could be taught the coming generations as to the beauties and value of forestry."

(By United Press to The Bend Bulletin.)

WASHINGTON, Nov. 26.—A nation-wide movement has been started by the American Forestry association for the planting of memorial trees for the soldier dead.

Charles Lathrop Pack, president

of the association, has written to every governor asking co-operation. The plan is to have each state plant memorial trees along the great transcontinental motor highways.

THE LOGICAL PHONOGRAPH TO BUY

The Pathe Phonograph and Pathe Double Disc Records are likened to a Standard High-grade Piano. The high-grade piano is built on scientific principles and will stand the test of time under constant use and the heavy pressure brought to bear by 15 tons of tension when tuned at international pitch. We are distributors in Bend for the Steinway, Weber, Kurtzman, Estey and others.

The Pathe Phonographs are beautifully made in all woods under the careful scrutiny of tone experts and the owner can rest assured that he has the most wonderful instrument the brains and genius have produced. Pathe Records are produced by the best artists in America and Europe and are standard. They are played with genuine Pathe Sapphire Ball, which means long life to your records. The Pathe Sapphire Ball cannot in any way injure your records, and eliminates the necessity of changing needles.

Call and hear this superb instrument. We are glad to demonstrate its quality whether you buy or not.
