THE COUNTY BUDGET.

The 6 per cent. tax limitation law, in connection with the increase in county valuations shown on the current tax roll, has the effect of automatically reducing the county tax levy for the coming year, a result that was bound to occur, as pointed out by The Bulletin during the county division campaign two years ago. Lacking exact figures on the valuation of the public utilities, the millage for the coming year cannot now be definitely determined, but, as stated above, it is bound to be under last year's figure of 22 mills.

In preparing its budget for the coming year, the county court properly provides for an increase up to the statutory limit. Higher costs alone require that increases be made while the additional amount is so comparatively small in dollars and cents that it makes little difference in the tax levy. Then, too, with prospects of future growth before us, in the development expected to follow the end of the war, it is desirable that the full 6 per cent. additional be taken in order that next year, if necessary, a larger amount be raised.

Action of this sort, we remember, was prophesied and its possibility urged in objection to the 6 per cent. limitation law, but under existing circumstances to levy to the limit seems necessary and advisable, and because of these reasons is not a step of the sort to which objection has been made.

However all this may be, the total levy determines the millage and the individual items determine the total levy. And taxpayers have full opportunity, under the law, to appear at the budget meeting and discuss these items. At that time the final decision is made and the amount of the tax determined.

THE RED CROSS DRIVE.

Except for probable Liberty loans, our last war drive comes next week when the Red Cross membership lists will be renewed for the coming year. The national aim is universal membership and all you need is a heart and a dollar.

"Where's your button?" is the slogan for the campaign. By the end of next week we predict that it will be where it should be—on the coat lapel or in the hat band of every resident of the county.

LOCAL NEWS ITEMS

WORK OF NORTH UNIT EXPLAINED

(Continued from Page 1.)

rights to the land to be irrigated so that every drop of the Deschutes can be stored and applied to the land and upward of 200,000 acres of land not

including the 100,000 acres within the North Unit, can be irrigated.

If it were not for these extra lands we could have no hope of interesting the government in our construction without you parting with a good part of your holdings, and I cannot see that you should do that. I believe that if your land is made more valuable by the prospects of irrigation you should have the benefits of it, either to sell the land or farm it as you see fit.

The board's action has already met with good encouragement, the state land board has agreed to co-operate and the reclamation service has made inquiries as to feasible projects which could be quickly put over and in the reply ours heads the list. We feel there is good hope of government aid and that in the very near future.

Doctor Said "Keep On Taking Tanlac"

Mrs. Bical Gains Twenty Pounds—Wants Others to Be Helped.

"I have not only gained twenty pounds since I began taking Tanlac, but it has done me so much good that my doctor after seeing the improvement this medicine brought, advised me to keep on taking it," declared Mrs. Mary Bical of 519 Dayton Ave., Seattle, a few days ago.

"I feel so grateful for Tanlac, I don't know what to say," continued Mrs. Bical. "For three years I suffered such agony with my stomach that I wasn't able to do a thing around the house. In fact, I was hardly able to get around at all. I completely lost my appetite, and what I did force down caused me so much pain I could hardly stand it. Of course this got my nerves in a terrible condition, and I hardly knew what it was to sleep at night. I'd just roll and toss until morning. At last I got so bad off that I was taken to the hospital and had an operation performed. I was there for five weeks, and when I finally got back home I was a perfect wreck. I was so weak I couldn't move around the house at all and had to stay right in bed and my husband had to leave his work and wait on me. I had the best attention I could get, but nothing seemed to give me any strength and although I tried and tried to get up and move around, it was no use. I was too weak; I just couldn't do it. Everybody insisted that I go back to the hospital, but I said, 'No.' I had been through so much I just couldn't bear the thought of going back there

again.

"Then I decided to try Tanlac, as I had heard so much about it and it's the honest truth this medicine did more for me than I ever thought anything could do. I have taken six bottles now, and my stomach is in splendid condition. I have a fine appetite and can eat anything I want and never suffer the least bit afterward."

"Tanlac certainly has built me up wonderfully. Just think, before I took it, I didn't have strength enough to set my own table, and now I can do every bit of my house work, even

to the washing, if necessary, and I sleep like a child and wake up in the mornings feeling refreshed and full of life. I've gained twenty pounds and look so well that my doctor told me to keep right on taking Tanlac, and you may be sure I'm going to do it. I'm glad for everyone to know what Tanlac has done for me and hope the story of my case will help other sufferers to get the same relief."

Tanlac is sold in Bend by the Owl Pharmacy, in Sisters by Geo. F. Aitken, and in Bend by Horton Drug Co.—Adv.

Every Man Wants Gloves and Hosiery at Xmas Time

No man can ever have an over abundance of hosiery. Every man appreciates serviceable gloves. Such gifts, because of their practicability, are desired and appreciated by all men, young as well as old.
