"Best Investment I Have Ever Made"

Contractor Wouldn't Take Five Hundred Dollars for Good Tanlac Did Him.

"I just want to say right now that I wouldn't take five hundred dollars for the good that first bottle of Tanlac did me, for I feel like it has given me a new lease on life," said C. E. Nelson, a contracting carpenter living at 7728 63rd Ave., Southeast, Portland, Ore., recently.

"Following a serious accident four months ago," he continued, "which laid me up for eight or nine weeks, I lost my appetite, and my stomach got all out of order. What little I did manage to eat would sour and form gas, which would cramp and pain me until I could hardly stand it. Then my kidneys went back on me, and my back hurt so bad I couldn't find a comfortable position. They said I had rheumatism or 'lumbago,' then my right leg, below the knee, got to hurting me, and at times I couldn't stand on my feet or get up when down. I was constipated all the time and suffered a great deal with headache. Nobody knows how I really did suffer, because I just can't describe it, and as nothing seemed to do me any good I had become discouraged about my condition.

"I finally sent down and got a bottle of Tanlac, as I had read so much about it, and it was about the best investment I ever made. My appetite came bounding back after my first few doses, and by the time my second bottle was gone, my stomach trouble was almost gone, too. I am now eating any and everything I want and it don't hurt me the least bit, and my kidneys and back are greatly improved. At the time I started on Tanlac I had to use crutches in order to get about, but I don't need them now at all, and have thrown them aside. I have gained several pounds in weight, and can just feel myself getting stronger every day. I have gone back to work already, and I never lose an opportunity to speak a good word for Tanlac."

Tanlac is sold in Bend by Owl Drug Co., in Sisters by Geo. F. Aitken, and in Bend by Horton Drug Co.—Adv.
