

The Day to Do Things—Feb. 3

Start a Thrift Campaign of Your.....Own Live Up to It For One Year

Thoughts of Thrift

We want you to be Thrifty. Possibly it didn't enter your mind that we can help you to be thrifty, but we can. Everything considered, we can give you better prices, better goods, better quality and better service than anyone else.

It doesn't cost anything to try us. Be Thrifty and do so.

THRIFT AND THE MERCHANT.

Appreciation of the meaning of Thrift Day has been clearly shown by the merchants represented in these pages, for a thorough understanding between seller and buyer, one of the most effective manifestations of thrift, is brought about by the right kind of advertising.

For the merchant, thrift in its essentials means carrying a stock of the kind of goods required by the community, placing them advantageously before the prospective customer at a legitimate profit to insure reasonably quick sales and overloading.

To afford an opportunity for a survey of the year's work is one of the chief objects of Thrift Day in so far as the merchant is concerned. Has the business been properly conducted? Is the size of outstanding accounts becoming a menace to the future of the establishment? Are patrons being given the service and the goods to which they are entitled? These are among the questions which he may profitably ask himself on February third.

"Nix" on Acid

Don't put acid in your batteries to keep them from freezing. It isn't acid you need—it's battery charge. The way to keep up battery charge is to use lights as little as possible, to keep your car in condition so that it starts easily, and to have us charge your battery if extra charge is needed. Take advantage of Willard Consulting Service. We will be glad to test your battery and tell you how to keep it in condition this winter. We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

No Other Tire Can Do This!

PUNCTURE-PROOF SERVICE AT

1/2 COST

With over-size riding ease at 1/2 cost every puncture-proof service with over-size riding ease at 1/2 cost. And as usual there's a reason. For no other manufacturer builds into his product the principle which make such unusual performance possible in the Gates Half-Sole Tire. Such things don't just happen. Years of scientific thought and patient testing were required before the tire was perfected. Over 350,000 motorists in the United States have already proven with comfort and economy that such service is being given by the Gates Half-Sole Tire. You may easily investigate this remarkable tire product in Bend. There are over 500 authorized service stations in the United States. We will be glad to show any motorist the way to be thrifty in tire matters. Look for this
