Here You Will Always Find the Lowest Net Cash Price Prevails

THRIFT FOR THE BUYER.

Make your dollar do the full duty of 100 cents. This is the message that Thrift Day brings to the purchasers in Bend. By patronizing merchants whose advertisements appear in The Bulletin, a big step has been taken toward attaining this end.

Buy the articles that are needed. Don't purchase a flimsy garment for one dollar when for half again as much you can secure double the wear. Don't be extravagant and camouflage it as thrift.

Get the kind of clothes that are fitted for your work. Buy the kind of seeds that will result in the biggest yield. Patronize the dealer who makes honest statements about honest goods, who gives you your money's worth in the commodity he sells you and in service rendered.

Read the advertisements. Study the list of products and prices which the dealer offers. Know what you want, and what you want to pay for it, before you go to the store and you will effect a saving in time for yourself and for the salesman who waits on you.

"Thrift": Getting the greatest measure of quality at the lowest possible price.
