DESCHUTES SOLDIER IS BACK FROM CAMP

DESCHUTES, Feb. 20.—Carl Corbett has returned home from Camp Mills, New York, where he has been training. He is visiting his sister, Mrs. George Holton.

Mrs. Silver and daughter Mary were visiting in Tumalo Monday.

Mr. Scott spent the day with his sister, Mrs. Ray Thurston, Wednesday.

George Holton is hauling wood for Mr. Humblin.

Mr. and Mrs. Brandenburg called at Mrs. Holton's Wednesday afternoon.

L. A. Brandenburg is on his ranch again.

Lyle Thurston has been on the sick list for several days.

Lets Hired Help Go, Does Work Herself

Mrs. Tobolt Astonished at Results of Tanlac—Gains 20 Pounds.

"Some wonderful things happen in this world, and the way Tanlac has restored my health and built me up is one of them," said Mrs. Paul Tobolt of 916 California Ave., Butte, Mont., in one of the most interesting and remarkable statements yet published in connection with the Master Medicine.

"My trouble started about two years ago," she continued, "and I have simply been a nervous wreck ever since until now. Last January I went to the hospital where I was told that my whole system had become poisoned by an affected appendix, that an operation was my only hope and it was doubtful if this would save me. So I arranged to have my children cared for, in case I should not see them again, and submitted to the operation. Well, the operation was done with so much skill, and I was so carefully nursed that I finally got out of the hospital and home with my husband and children again. Then I picked up wonderfully for a little more than a month when I began having terrible pains in my back over my kidneys. My appetite left me, and nothing tasted right. I was constipated, had fearful headaches and was so nervous I could hardly sleep. I fell off until I weighed less than a hundred pounds and was so weak that it was an effort for me to get about at all.

"Finally my husband suggested that I try Tanlac, as it was being so much talked about, and the results have astonished us both. I couldn't see much improvement on my first bottle, but with the second

my appetite got better. I commenced to feel improved and was surprised when I got on the scales, to find that I had gone up to one hundred and eight pounds. Well, the third bottle did wonders for me, relieving me of all pain and headache and making me want to eat up everything. I now weigh one hundred and eighteen pounds—making a gain of more than twenty pounds on three bottles—and I'm wondering what my fourth bottle, which I have just started taking, will do for me. I sleep like a healthy child, never waking at night at all and feel like I could eat five or six meals a day. I dismissed my hired help four weeks ago, after eighteen months' steady service, and since then I have done all my own housework, cooking and everything. I have no more dull, drowsy bad feelings and life is a pleasure to me. I can't praise Tanlac enough for what it has done for me."

Tanlac is sold in Bend by Owl Drug Co., in Sisters by Geo. F. Atken, and in Bend by Horton Drug Co.—Adv.

LIGHT CHARGES TO BE PROBED

Fire avenue improvement, now Kearney avenue.

Fire Chief Carlson reported on the organization of a volunteer fire department and declared that a thorough inspection of fire conditions is being made.

To Condemn Fire Hazards.

D. G. McPherson of the police and fire committee asked the condemnation and removal of wooden shacks in alleys in two of the chief business blocks of the city. He stated that the shacks constituted a source of grave danger from fire. City Attorney Benson was ordered to draw up a condemnation ordinance. Mr. McPherson reported on tentative plans adopted for the firehouse, and the committee was instructed to proceed with the work, keeping within a \$4000 limit.

J. C. Rhodes reported on investigating the merits of various types of fire sirens and that a siren would be brought to Bend for demonstration at no cost to the city. The water tower of the Bend Water, Light & Power Co. will be used in trying out the machine.

As chairman of the streets committee, Mr. Rhodes asked that action be taken on the street improvements recommended at the last meeting of the council, and advised further the installation of cement walks in the main business district. Councilman Minter objected to the improvement on Bond street between Greenwood

and Oregon, declaring that the establishing of grades on that side of the street would virtually ruin the rental value of property which he and associates have recently acquired. On his protest, this part of the proposed improvement was dropped from the recommendation. City Recorder Peoples reported that difficulty is being encountered in the collection of street cleaning and sprinkling liens, and asked for an accounting of credits.

"Start Something," Minter's Plan.

Referring to the matter of street improvements, Councilman Minter moved that the city attorney be empowered to "start something." There being no second, Mr. Minter moved that the report of the streets committee be accepted and that the proper steps be taken to start the work as soon as possible.

Mayor Eastes touched on the matter of the city's financial difficulties, asserting that Bend is now 12 months behind on its bills. Mr. Minter declared that this had no connection with the matter of street improvements, accused the banks of exacting an unfair discount in cashing city warrants and asserted that at this rate the financial institutions of Bend should be willing to carry \$25,000 or \$30,000 of Bend's warrant indebtedness.

Wants Occupation Tax.

To bolster up the city's finances, Mr. Minter again declared himself as favoring an occupation tax, maintaining that the right to do business in a town is the greatest privilege which can be given an individual and that he should pay accordingly. He also mentioned the failure of the bond issue floated over a year ago to wipe out the municipal debt.

D. G. McPherson criticized the occupation tax as placing an unfair burden on the business man and constituting a penalty on his right to earn a living. He asked that the opinion of the Commercial club be requested on this subject.

"I'm not stuck on this 'committee of nine' business," Mr. Minter declared, maintaining that the council should not need outside advice in trying out the matter.

Councilman Rhodes asked that a stenographer be retained by the council, and on the motion of R. P. Minter he was authorized to secure the services of Miss Nell Markel at "the lowest possible price."

Clean-Up Day Advised.

A report by the health committee, recommending that sanitary devices

be installed at all Bend homes where water is available, by May 1, advising that some date be set aside in the spring by the council as "clean-up day," that metal covered garbage cans be placed about the city and that a "swat the fly" movement be started, was laid on the table because the illness of E. L. Payne, committee chairman, prevented his appearance at the meeting.

Chairman Sutherland of the public property committee presented a report itemizing machinery and realty owned by the city. The status of the old Fox property on Greenwood and First was questioned, and R. W. Sawyer, representing the strathorn right-of-way committee, reported that the deed for the land had been turned in to the city for record. City Attorney Benson was authorized to take steps to secure payment of rent by the present user of the property.
