

**RECRUITING OFFICE IS OPENED IN BEND**

C. H. Fox, 13 Years in U. S. Navy, to Be in Charge of Enlistment Here for Next Year.

To take enlistments for the U. S. navy, C. H. Fox, rated as chief water tender, with a record of 13 years in the service, arrived in Bend today and will remain here for the next year as recruiting officer for this district. Only four-year enlistments will be taken, but applicants having the proper qualifications may enter any branch of the navy, Mr. Fox states. He will make his headquarters in the office of Mayor J. A. Easton, in the Deschutes Investment Co. building.

The establishment of a recruiting office in Bend is made necessary by reason of the policy of augmenting the American naval strength, and also to relieve men now in the service, who cannot be returned to civilian life until others have been secured to take their places.

**HIGH SCHOOL PICKS BASEBALL MANAGER**

William Williams Is Chosen, and Ted Sexton Will Coach Team—Successful Season Foreseen.

At a high school student body meeting Tuesday, William Williams was elected baseball manager for the coming season. With Ted Sexton as coach, this season promises to be more successful than that of last year. The boys then lacked a coach and sufficient funds necessary for the competition with other schools. Outfits have been sent for and will arrive soon. Practicing will begin next week on the depot grounds.

Several of the letter men of last year received bars for football, Lester Sanders, Leroy Coyner and Edward Brosterhouse each being entitled to one. Letters were awarded to Ralph Hauck, Devere Helfrich, Guerdon Datt, Vance Coyner, Edwin Dana, Earl Tucker, Frank Haner and Lee Wright.

**COMMERCIAL CLUB ADVOCATES RAISE IN COUNTY VALUES**

(Continued from Page 1.)

were called on for special addresses. Mr. Johnson assured the commercial club of the hearty co-operation of the Astoria Chamber of Commerce in any Central Oregon plans of statewide interest, and declared that if every city in the United States had as live an organization as the Bend club there would be no danger of the spread of Bolshevism.

Mr. Gleason, who has been traveling over the state for several years as a part of his official duties, declared that Bend is one of three cities in Oregon which have shown growth and improvement during the past year.

R. A. Ward gave suggestions as to the main things to be considered in the establishment of a woolen mill here, basing his remarks on a recent conference with a representative of the Portland Wool Warehouse Co. Second hand machinery was advised against, while the labor problem was declared to be one of the greatest difficulties. A mill of the proper

size for Bend, Mr. Ward stated, would afford work for 110 employes in the daytime and 65 at night, handling approximately 3,000,000 pounds of grease wool in the course of a year. Cheap electrical power, he said would be Bend's chief advantage in starting an industry of the kind.

**Farmer Goes Miles to Tell of Relief**

Vinson Lived on Milk and Eggs For Months—Takes Tanlac and Gains 15 Pounds.

"I have come twenty-six miles to tell you what Tanlac has done for me," said Joe M. Vinson, a well known farmer of Love, Miss., while in Memphis recently.

"Three years ago," he continued, "my stomach got all out of order and I couldn't digest a thing and for eight months I lived on buttermilk and the white of eggs. I was too nervous to sleep well and the gas on my stomach made me miserable. I had spells of dizziness, would almost faint, and could hardly get my breath. I had splitting headaches and was so bilious that I would often vomit.

"Since taking Tanlac my health is as good as anybody's and I feel like a new man. I eat anything that I want, sleep like a rock, all the swelling and soreness is gone from my stomach, and I have gained 15 pounds and can do a hard day's work. I wouldn't be in the same shape I was before taking Tanlac for my farm and the stock thrown in."

Tanlac is sold in Bend by the Owl Pharmacy, in Sisters by Geo. F. Aitken and in Bend by the Horton Drug Company.
