ALL over the country this year there will be an Easter dress-up parade of soldiers and sailors back in their civilian clothes, of the men at home who are feeling the reaction from the economies of war time--new styles, fresh fabrics--something different is the demand.

If that's what you want--and it probably is--you'll find us ready. The new styles are here, the fabrics show many new colorings, unusually attractive patterns. You'll find a variety to choose from--all live ones and good values.
