

BOND ISSUE IS OF IMPORTANCE

COUNTY WOULD USE \$125,000.

Five Main Highways Would Come Under Road Improvement Program—To Vote June 3.

(From Saturday's Daily.)
Of more than ordinary importance to this county is the special bond election called for Deschutes county to be held June 3, when the voters will decide whether they will bond the county for \$125,000 for good roads.

The bond election, is largely the result of a meeting held some weeks ago at Redmond when the matter of road improvement was fully discussed and a general agreement reached as to the apportionment of the funds that would be raised by bond issue.

The \$125,000 is distributed over five roads of the county. On the Sisters-Redmond highway \$20,000 would be spent, covering a distance of approximately 25 miles. The work would begin at the Crook county line east of Redmond, extending west by way of Redmond and Cline Falls to the southwest corner of section 4, township 15 south range 10. For the Lower Bridge-Terrebonne highway \$5000 has been allotted, covering a distance of eight and a half miles. For seven and a half miles on the Bend-Grange Hall road an apportionment of \$5000 has been made. The largest single item on the road program is \$69,000, which has been allotted to improvement of The Dalles-California highway from the northern boundary of Deschutes county via Redmond and Bend ending at the point of intersection of The Dalles-California highway. The distance to be covered by this improvement.

On the Bend-Lane county road through Sisters and the Bend-Burns highway, a distance of 110 miles, \$35,000 would be expended. This road begins at a point on the Deschutes county-Lane county line at the intersection with the road connecting the Willamette valley with Eastern Oregon by way of MacKenzie river, MacKenzie pass to Bend, through Sisters, Tumalo and Bend to Burns to a point of intersection of said road with the Deschutes-Harney county line.

FIRST NATIONAL TO START PIG CLUBS

Will Finance Purchase of Animals and Prizes Will Be Given to Children Getting Best Results.

(From Monday's Daily.)
Commercial hog growing in Central Oregon has not been a profitable business owing to the prevailing high price of grain feeds. This has resulted in the pendulum of popular opinion swinging so far the other way that many ranches in the Deschutes valley which should have one or two pigs on them have none, while farmers are paying 50 cents a pound for bacon.

As a result of an investigation extending over two years, R. A. Ward of the First National bank believes there are but few ranches that cannot afford to support at least one pig. Every ranch should raise its own pork, he says, but this should not be construed as recommending that any one take up the hog business, for he concedes that it is probable that hog raising on a large scale may never be a profitable business in this county.

It is urged, however, that there be one hog on every 40-acre ranch. Foods that can be profitably fed to hogs under Central Oregon conditions and that can be produced on the home ranch are barley, wheat, cull potatoes, alfalfa pasture, skim milk, turnips, field peas and garbage.

In order to interest the boys and girls in livestock farming and the keeping of farm accounts, the First National Bank of Bend has decided to start a pig club if enough children sign up for membership. The bank will supply the pigs to the children and take their notes for six months at 6 per cent. Each member agrees to force his pig along for market by fall. In the fall a club pig show will be held at Bend, at which the pigs will be judged and prizes given for the best hogs, most profitably raised hogs, etc. The pigs will then be shipped to market in a pig club shipment. It is possible some of them will be shown at the Pacific International Livestock show. The children are urged to save what money they make on their pigs for the purpose of putting into another livestock club of a different nature, which the bank proposes to start next year. In order that the parents may take an active interest in the child's progress, no member will be accepted unless the parent signs up with the child and promises to help with the work. Further particulars may be had by inquiring of Mr. Ward at the bank.

SUSPECT DROPS FLASK ON ROCK

SECOND BOTTLE IS SEIZED BY OFFICERS, HOWEVER, BEFORE LOUIS COLVIN CAN DESTROY ALL THE "EVIDENCE."

(From Monday's Daily.)
Half of the "evidence" which Louis Colvin had in his possession was disposed of with lightning-like rapidity at the moment he was arrested by Sheriff S. E. Roberts and Officer Frank L. Kulp Saturday night, but the remaining quart was taken from him in time to prevent his smashing it on a rock. Colvin's hearing in justice court on the charge of having liquor in his possession was scheduled to be held this afternoon.

Information against Colvin was received Saturday evening by Sheriff Roberts, and, accompanied by the night officer, he hid himself in a barn in Deschutes addition at a point where it was understood that Colvin would pass. At 9:30 the man appeared with a companion. Reaching out from the door, the sheriff seized him by the wrist, while Colvin's companion took to his heels. With his free hand Colvin dashed one bottle to fragments on a nearby rock, and only the intervention of the night officer saved the second bottle from a similar fate.

BEND COUPLE, OVER 60, WEDDED HERE

Robert C. Johnson and Mrs. Margaret J. Brandon Are Married at the Presbyterian Parsonage.

(From Monday's Daily.)
Robert C. Johnson, aged 60, and Mrs. Margaret J. Brandon, 61 years of age, were united in marriage at noon today at the Presbyterian parsonage by Rev. H. C. Hartranft. Both are residents of Bend and will continue to make their home here.

Another recent marriage was that of Leslie McDaniel and Miss Freda Clark of Bend at the home of W. D. Clark at Tumalo. Mr. Hartranft was the officiating minister.

"Spring Fever" and Common Sense.

Instead of giving up and saying you have "spring fever," it is more sensible to take a good, wholesome physic. Biliousness, sick headache, sour stomach, bloating, coated tongue—all are banished by Foley Cathartic Tablets. B. B. Haward, Unadilla, Ga., writes: "Foley Cathartic Tablets give quick relief." Sold everywhere.—Adv.

BEND TO KEEP MEMORIAL DAY

PLANS ARE MADE FOR FITTING PROGRAM.

Morning Services, Luncheon Given by Commercial Club for Service Men, Ball Game and Military Ball Are Announced.

(From Monday's Daily.)
Plans which are being formulated by the Commercial club, the Bend Amateur Athletic club and the churches of Bend for a Memorial day are well under way, and an outline of the program which is being worked out was made public today. All returned soldiers, sailors and marines in Deschutes county, whether from overseas service or not, are requested to be in uniform on May 20 as the guests of the organizations which are planning a fitting commemoration of the day.

Appropriate memorial services will be held at the Bend Amateur Athletic club gymnasium on Decoration day morning, probably about 10 o'clock, and at noon the Deschutes county service men will be guests of the Commercial club at a luncheon to be given at the Pilot Butte Inn. In the afternoon a baseball game at the grounds near the depot will be played by teams chosen from local players as the chief entertainment feature.

A military ball for all soldiers, sailors and marines will be held in the evening at the gymnasium, formally closing the day.

Further details will be given out later by the committee in charge.

LOGGED OFF LANDS TO BECOME RANGE

Second Series of Experiments to Be Conducted Will Require Fencing and Seeding.

(From Saturday's Daily.)
With the intention of converting logged-off lands into valuable range, R. A. Ward is starting a second series of experiments which will have as their main features—fencing to protect from over-grazing and seeding to aid the natural forage vegetation. Cooperating with the Brooks-Scanlon

Lumber Co., Mr. Ward conducted similar experiments on cut-over lands at the time he was county agriculturist. Sweet clover, orchard grass and other forage plant seeds were sown, but the summer which followed was one of the driest in the history of Central Oregon, and no conclusive results were obtained. Communications received from E. N. Kavanagh, of the district forester's office, Portland, in regard to similar work carried on in the Crater national forest state that the best results have been shown after supplementing the native vegetation with English rye grass, sheep fescue, orchard grass, tall oat grass and mesquite. These plants, he writes, have established themselves permanently.

STATE TO GET MOTOR TRUCKS

\$45,000,000 IS VALUE OF NEW AND PARTLY USED VEHICLES TO BE TURNED OVER TO HIGHWAY DEPARTMENTS.

(From Monday's Daily.)
WASHINGTON, D. C., May 12.—More than \$45,000,000 worth of motor trucks are about to be distributed by the secretary of agriculture through the bureau of public roads to the state highway departments. The trucks have war department surplus by the war department and are being distributed to the various states under the provisions of section 7 of the post office appropriation bill. They must be used by the states in road construction in whole or in part by federal aid, for which \$200,000,000 in addition to the former appropriation was given to the states under the same bill. All that the states must do to acquire the use of these 20,000, which range in capacity from two to five tons, is to pay the freight and loading expenses.

Of the 20,000 motor vehicles to be acquired practically free by the states, 11,000 are new and 9,000 are used, but all are declared to be in serviceable condition. The motors will be apportioned to states only upon request of the state highway departments, on the basis of the requests received from the respective states, and in accordance with the apportionment provided in the federal aid law approved in 1916. The requirements of the law are such that the bureau of public roads cannot distribute any of the trucks to counties or individuals.

\$100 FINE PAID BY DRY LAW VIOLATOR

Roy Canine Pleads Guilty in City Court After Quantity of Liquor Is Found in His Home.

(From Monday's Daily.)
Charged with violation of the prohibition law by having liquor in his possession, Roy Canine, flier at the Brooks-Scanlon mill, appeared in police court this morning, entered a plea of guilty and paid a fine of \$100 imposed by City Judge D. H. Peoples.

The case was the outcome of a search conducted by Chief of Police Nixon, accompanied by Sheriff S. E. Roberts, of Canine's home in Deschutes addition. When six quarts of whiskey were found, Mrs. Canine fainted. Because of the serious condition of his wife, Canine was allowed to go on his own recognizance until the hour set for trial this morning.

FRIDAY NIGHT SET FOR DANCE AT CLUB

(From Monday's Daily.)
To raise funds for the purchase of equipment for the Bend Amateur Athletic club baseball team, a dance will be given in the gymnasium on the evening of Friday, May 16. The attendance will not be limited to club members, it is announced.

REDMOND HOPES REST ON TUCK

VICTORY OF ONE-MAN TEAM AT EUGENE INDICATES PROBABLE RESULT OF TRI-COUNTY MEET IN MADRAS MAY 17.

(From Monday's Daily.)
Following the showing made by Arthur Tuck of Redmond at the state interscholastic track meet at the University of Oregon Saturday, other high schools of Central Oregon will have only second place to contest for the tri-county meet to be held in Madras May 17. Tuck, who is only 17 year old, took the state meet single handed from the pick of the prep school athletes of the state, winning seven firsts, one second and smashing three records. His points totaled 38.

New records which Tuck established were in the 100-yard dash, which he ran in 10 seconds, the javelin throw, measured at 174 feet 8 inches, and the discus throw, 123 feet 10 inches. The 220-yard dash, shot put, 120-yard high hurdles and high jump were his other firsts, while in the broad jump he pulled down a second place.

WHAT ARE YOU DOING?

You talk of your breed of cattle
And plan for a higher strain;
You double the food of the pasture,
You heap up the measure of grain;
You draw on the wits of the nation,
To better the barn and the pen,
But what are you doing, my brothers,
To better the breed of men?

You boast of your Morgans and Herfords,
Of the worth of a calf or a colt,
And scoff at the scrub and the mongrel
As worthy a fool or a dolt;
You mention the points of your roaster,
With many a "wherefore" and "when,"
But, oh, are you counting, my brothers,
The worth of the children of men?

You talk of your roan-colored filly,
Your heifer so shapely and sleek,
No place shall be filled in your stanchions
By stock unworthy or weak.
But what of the stock of your household?
Have they wandered beyond your ken?
O, what is revealed in the round-up
That brands the daughters of men?

And what of your boy? Have you measured
His needs for a growing year?
Does your mark as his sire, in his features,
Mean less than your brand on a steer?
Thorobred—that is your watchword
For stable and pasture and pen;
But what is your word for the home-stead?
Answer, you breeders of men.

—Rose M. Trumbell, Scottsdale, Ariz.

CARROLL LEAVING THE ATHLETIC CLUB

(From Saturday's Daily.)
To take charge of the Y. M. C. A. campaign in Sherman, Wasco, Jefferson, Crook and Deschutes counties, L. C. Carroll, for several months secretary of the Bend Amateur Athletic club, will leave his present position Monday, he announced today. His work as campaign manager will last until June 10, but after that time he will be permanently connected with the Y. M. C. A. of this state. Athletic Director Luekey of the club will take over Mr. Carroll's duties as secretary for the time being.

BEND LOSES IN FINAL DEBATE

JUDGES GIVE TWO TO ONE VOTE FOR EUGENE LAST NIGHT IN CONTEST FOR STATE INTERSCHOLASTIC CHAMPIONSHIP.

(From Friday's Daily.)
EUGENE, May 9.—At the close of a hard fought contest with the Eugene high school debaters here last night the Bend high school team lost the decision by a bare margin of one vote. The judges' choice determines the state interscholastic champions.

The question used throughout the state by the high school teams was the international police phase of the league of nations, and in last night's contest the Bend debaters, William Williams and George Curtis, were scheduled to uphold the negative. Under the training of High School Principal Johnson, they had already been given two unanimous decisions against Franklin high school of Portland and against Ashland, and the judges' vote given last night apparently gives little choice between winners and losers.

ASSESSMENTS MAY BE IN BY JUNE

Much Quicker Work Than Last Year Expected by W. T. Mullarky—Deputy Finishes at Redmond.

(From Friday's Daily.)
That the work of deputy assessors throughout the county will be completed by June 15 is the prediction made today by County Assessor W. T. Mullarky. A month longer was taken last year, but this was due, Mr. Mullarky believes, to the fact that shortage of farm help, because of the war, rendered it impossible for deputies to devote their entire time to the county's work. Redmond holds the honor this year of being the first town in the county where the assessment work has been completed.

SEED DISTRIBUTION TO FARMERS STARTS

(From Saturday's Daily.)
Alfalfa seed ordered by the First National bank for ranchers is being rapidly distributed, shipments having been sent out this week to Redmond and Tumalo. The total amount secured for distribution is 34,394 pounds. Nitrogen bacteria inoculation is being furnished at cost by the Oregon Agricultural college. 56 bottles having been sent to Tumalo, while the remainder of the order, 90 bottles, will be received here shortly.

CHILDREN AT CAMP KEEP MOTHERS' DAY

(From Monday's Daily.)
A mother's day program was given Friday evening by the pupils of the Brooks-Scanlon camp school and was gram was a one act comedy which was an amusing feature of the program. An amusing feature of the program had been written by the children, entitled: "The Jiggs Family at the Movies."

The children presented their mothers with carnations. After the program refreshments were served.

HUDSON ENLARGING.

Work was begun this week by E. P. Brosterhus on the remodeling and enlarging of the residence of C. S. Hudson. The changes will involve the addition of four rooms, two bedrooms, living room, two sleeping porches, two fireplaces and bathroom.
