

TRAVEL PAY IS NOW AVAILABLE

DISCHARGED SOLDIERS WHO RECEIVED ONLY 3 1/2 CENTS MILE-AGE MAY APPLY FOR ADDITIONAL 1 1/2 CENTS.

WASHINGTON, D. C., May 23:—The director of finance having practically completed payment of the \$60 bonus, involving about 1,400,000 claims, is now settling additional traveling allowance due enlisted men of the army under section 3 of the act approved February 28, 1919, which authorized travel pay to enlisted men honorably discharged since November 11, 1918, at the rate of five cents per mile to actual bona fide home or residence, or place of original muster into the service, at the option of the soldier.

The comptroller of the currency, by decisions rendered April 17 and May 3, 1919 has authorized the war department to make settlement of all claims for the 1 1/2 cent difference from place of discharge to place of entry into the military service, also the claims for additional allowance to actual bona fide home or residence can be determined from the affidavit of the soldier and verified by information contained in his original service record.

Applications should be addressed to the zone finance officer (travel allowance), Lehigh building, Washington, D. C.

A blank form of application which includes the necessary affidavit for the additional traveling allowance, may be obtained from any army recruiting officer, Red Cross, or other agencies organized to aid soldiers. This affidavit must be accompanied by a true copy of the soldier's discharge certificate, certified as such by a recruiting officer, or the original discharge certificate, the latter to be returned with check. While payment will be made on the original discharge certificate, the use of the copy will eliminate the possibility of the loss of the original. No further correspondence is necessary except in the case of a change of address.

A certified copy of discharge certificate submitted for payment of \$60 bonus and now on file in the zone finance office will be accepted in lieu of other copy of original discharge certificate. Men who have submitted these certified copies will so state when forwarding claim. Payments will be made as expeditiously as the circumstances will permit.

In the event that the actual bona fide home or residence at date of discharge, as claimed by the soldier, is not the same as stated on his original service record, the zone finance officer will make settlement for the additional 1 1/2 cent per mile on the same basis that the 3 cents per mile was paid (that is, from place of discharge to place of entry into military service), and soldier may make claim to the auditor of the war department for any additional travel pay which he believes may be due him.

Men who have been discharged since February 28, 1919, and paid travel allowance of five cents per mile to the place of entry into military service, and whose actual bona fide home or residence at date of discharge involved a greater distance may submit claim to the zone finance officer, Washington, D. C.

BONDS TRADED FOR RAILROAD

KLAMATH FALLS, IN OVERWHELMING VOTE, TURNS OVER RECENTLY CONSTRUCTED MUNICIPAL LINE TO STRAHORN.

KLAMATH FALLS, May 24.—Confidence in the Strahorn railroad project was shown here when a vote in the ratio of 12 to 1 accepted for this city the offer made by Mr. Strahorn to transfer \$300,000 worth of bonds in the Oregon, California & Eastern railway to the city in exchange for the municipal railroad to Dairy, now being completed.

The transfer of the railroad is made on the further condition that the railroad be completed by the Oregon, California & Eastern as far as Sprague river.

HOOK IS LODGED IN ANGLER'S LIP

Deputy Sheriff Bites Off Leader and Wears Barb for Two Hours Until Fishing Is Finished.

(From Monday's Daily.) The biggest catch ever made by a Central Oregon angler, as far as is known, was reported this morning by Deputy Sheriff August Anderson, who yesterday afternoon while fishing in Big river, near Spring river, hooked a 190-pounder. As he whipped the stream against a cross wind, a stiff breeze snapped the fly against Mr. Anderson's face, the hook sinking beyond the barb in his upper lip. Biting off the leader, the deputy sheriff fished for two hours more, then came into Bend and had the hook removed.

As he weighs only 10 pounds short of the 200 mark, Mr. Anderson contends that he is the holder of a brand new record.
