

CHILDREN OF COUNTY TO GET COACHING IN STOCK JUDGING

(From Monday's Daily.)
The children of Deschutes county, especially those who were recently enlisted as members of the First National Bank Pig club, are going to receive some stock judging coaching from farm experts of the county, so that they may compete for prizes this year at the Pacific International Livestock show in Portland, next November, and the state fair at Salem in September. The fair board has appropriated \$300 for this contest in Salem, and the Pacific International Livestock association, \$500.

In a bulletin received here this week, some suggestions are given for the information of live stock club members. The members are urged to study stock judging in preparation for these contests. County elimination contests are suggested.

The rules governing the contests are:

- Eligibility.**
1. Entries are open to all counties of the state.
 2. Each county shall be restricted to entering one team of three members.
 3. Each team shall be chosen from a regularly organized club.
 4. All members of a team shall be between the required club ages of 9 to 18 years, inclusive, on October 15, 1919, and shall be members of the same club organization.
 5. Each contestant shall be enrolled as a regular member of a livestock club, (pig, sheep, calf, etc.) organization with the state club leader during 1919, and must have made a report to the state club leader of his work.

Requirements.

1. Each contestant shall place, according to his judgment, the animals in four classes and give oral reasons for placing one class.

Classes and Time.

1. Four animals shall constitute a class.
2. Each contestant shall place one class of hogs, one class of sheep, one class of dairy cattle and one class of beef cattle.
3. Each contestant shall give oral reasons for placing the class that corresponds to his club report. Each member of a team shall give oral reasons for placing the same class. (Example: A team from a pig club shall give oral reasons for placing a class of hogs.)
4. Fifteen minutes will be allowed for the placing of each class and 20 minutes will be allowed for the placing and taking of notes on reasons for placing the class. Contestants will be notified three minutes before the time is up on all classes.
5. Each contestant shall write his placing on a card and hand it to the clerk as soon as he has finished the work of placing a class.
6. Each contestant shall appear individually before the judges when giving oral reasons for placing. No contestant shall be allowed to hold any card or paper that will assist him in giving reasons before the judges.

B. H. S. ALUMNI PICK OFFICERS FOR YEAR

Miss Marie Brosterhous to Head Organization of Graduates—Picnic Is Set for July 17.

(From Thursday's Daily.)
Meeting in special session last night, members of the Bend High School Alumni association elected Miss Marie Brosterhous as president of the organization for the coming year, with Eyolf Corneliusen first vice president and Miss Ruth Caldwell second vice president. Miss Carol Boyd was chosen as secretary and Miss Frances Thompson as treasurer. Dues were set at \$1.00 a year.

It was decided that a picnic dinner should be held by the alumni on the evening of Thursday, July 17, at the Tumalo fish hatchery.

THREE FIRES START IN FORESTS SUNDAY

All Reported Under Control Today—Picnickers Blamed For Blaze Near the Sisters Station.

(From Monday's Daily.)
Three fires were located yesterday by forest service men, but none of them was extensive, and all three were under control today. One near the Sisters ranger station covered three or four acres, and is thought to have started from a fire left by picnickers, while another was near Lava butte. The third was in the La Pine section, but was not within the national forest.

Cut This Out—It's Worth Money.
DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Sold everywhere.—Adv.

BEND WOMAN DIES IN SOUTH DAKOTA

Mrs. Ray Cleveland Passes in Sioux Falls Just Three Months After Leaving Central Oregon.

(From Friday's Daily.)
News of the death of Mrs. Ray Cleveland, a former resident of Bend, at Sioux Falls, South Dakota, was received here today by relatives. Mrs. Cleveland is survived by her husband, a daughter and an infant son. She was a sister of Floyd Cleveland and Mrs. J. E. Rock, both of Bend.

Mrs. Cleveland had lived here for a number of years leaving the city for the east only three months ago.

MOTORS MUST USE MUFFLERS IN CITY

Ordinance Covering Auto Exhausts to Be Rigidly Enforced Hereafter, Declares Mayor.

(From Friday's Daily.)
In a line with a suggestion made in a recent issue of The Bulletin, was the declaration made this morning by Mayor J. A. Eastes that hereafter the city law regarding the use of mufflers on autos is to be rigidly enforced. "The slight gain in power obtained by leaving the exhausts open is entirely insufficient to compensate for the extra noise," Mayor Eastes asserts.

ORE BODY FOUND ON SOUTH SISTER

Gold in Paying Quantities Said to Be Uncovered—Bend Woman to Install Machinery.

(From Monday's Daily.)
That gold in paying quantities has been discovered on the southeast side of the south Sister was the report brought in from Sisters today by H. E. Vincent of the Deschutes national forest service. A claim, which was located three years ago, near Green lakes, by Mrs. Alice Boyd of Bend, is said to be yielding good pay ore, and machinery is to be installed this summer. Newt Cobb has been engaged to transport supplies and machinery to the mine location, and Mrs. Boyd herself is superintending operations at the new mine.

STRYCHNINE CAUSE OF BOY'S DEATH

Fourteen-Year-Old Brother of Bend Woman Swallows Poison and Dies Within an Hour.

(From Friday's Daily.)
Word was received here today of the death of Robert M. Burrell, aged 14, of Portland, brother of Mrs. C. H. Shevlin of Bend. Swallowing a number of strychnine crystals which had been stored in the Burrell home

SNOW NEARLY GONE ON MCKENZIE PASS

Little Difficulty Encountered by Bend Motorist, Although Road Over Lava Flow Is Rough.

(From Monday's Daily.)
Returning from an auto trip to Eugene, R. S. Hamilton stated this morning that there is still considerable snow on the McKenzie pass, but there is little difficulty in getting over. The one drift which still remains is about 40 feet long and from two to three feet deep, and is protected from the sun's rays by brush, poles, burlap and quantities of trash thrown on the snow by autoists to prevent sinking in the drift. At present, Mr. Hamilton says, this has proved more of a hindrance than a help, as cars readily skid on the poles and tree limbs onto the soft and unprotected snow at the sides.

The road from the summit on this side of the mountains is very rough, but no worse than usual, Mr. Hamilton stated. Surveyors who are preparing for the construction of the McKenzie highway are now working on the west side of the pass.

CUPPER VISITS IN BEND TODAY BOY ATTEMPTS TO CASH CHECK

STATE ENGINEER ARRIVES FROM SOUTH AFTER HAVING INSPECTED NEW IRRIGATION PROJECTS.

(From Monday's Daily.)
After completing a comprehensive survey of the newer irrigation projects of Southern and Central Oregon, Percy A. Cupper, state engineer, arrived in Bend last night from La Pine, and is spending today on the Tumalo. He will leave for Salem tonight.

Mr. Cupper went over the Langell project in Klamath county, going from there to Lakeview, where he was a guest at a session of the Lakeview Commercial club, which met to consider organization of a district in that vicinity.

Silver Lake Work Progressing.
At Silver Lake Mr. Cupper found that the engineering work on the irrigation project is virtually completed, and expects that the state irrigation securities commission will soon be asked to certify the entire bond issue of \$300,000 recently voted for the construction of a dam in Thompson valley to store the waters of Silver creek. As the other members of the commission did not accompany him, a final statement as to approval or disapproval of the bonds was impossible, but Mr. Cupper stated that he could see no reason why the issue should not be endorsed.

The state engineer inspected the proposed Anna creek district at the head of Summer lake, where indications are good for excellent results from organization by the irrigationists. La Pine was the last stop made before reaching Bend; Mr. Cupper taking occasion to look over the work being done above La Pine on the Walker basin project, recently taken over from the Morson Irrigation Co.

YOUNGSTER OF 11 YEARS FINDS \$125 PAPER IN MAIL BOX, AND TEMPTATION PROVES TO BE TOO GREAT.

(From Saturday's Daily.)
After attempting to cash a \$125 check which was made payable to Mrs. Harry Gant of this city, 11-year-old James Crumm first denied that he had signed Mrs. Gant's name to the check, claiming that he had found the paper, but after Chief of Police Nixon produced the envelope and letter mailed from Portland on July 10, in which the check had been sent, the boy broke down in juvenile court and confessed.

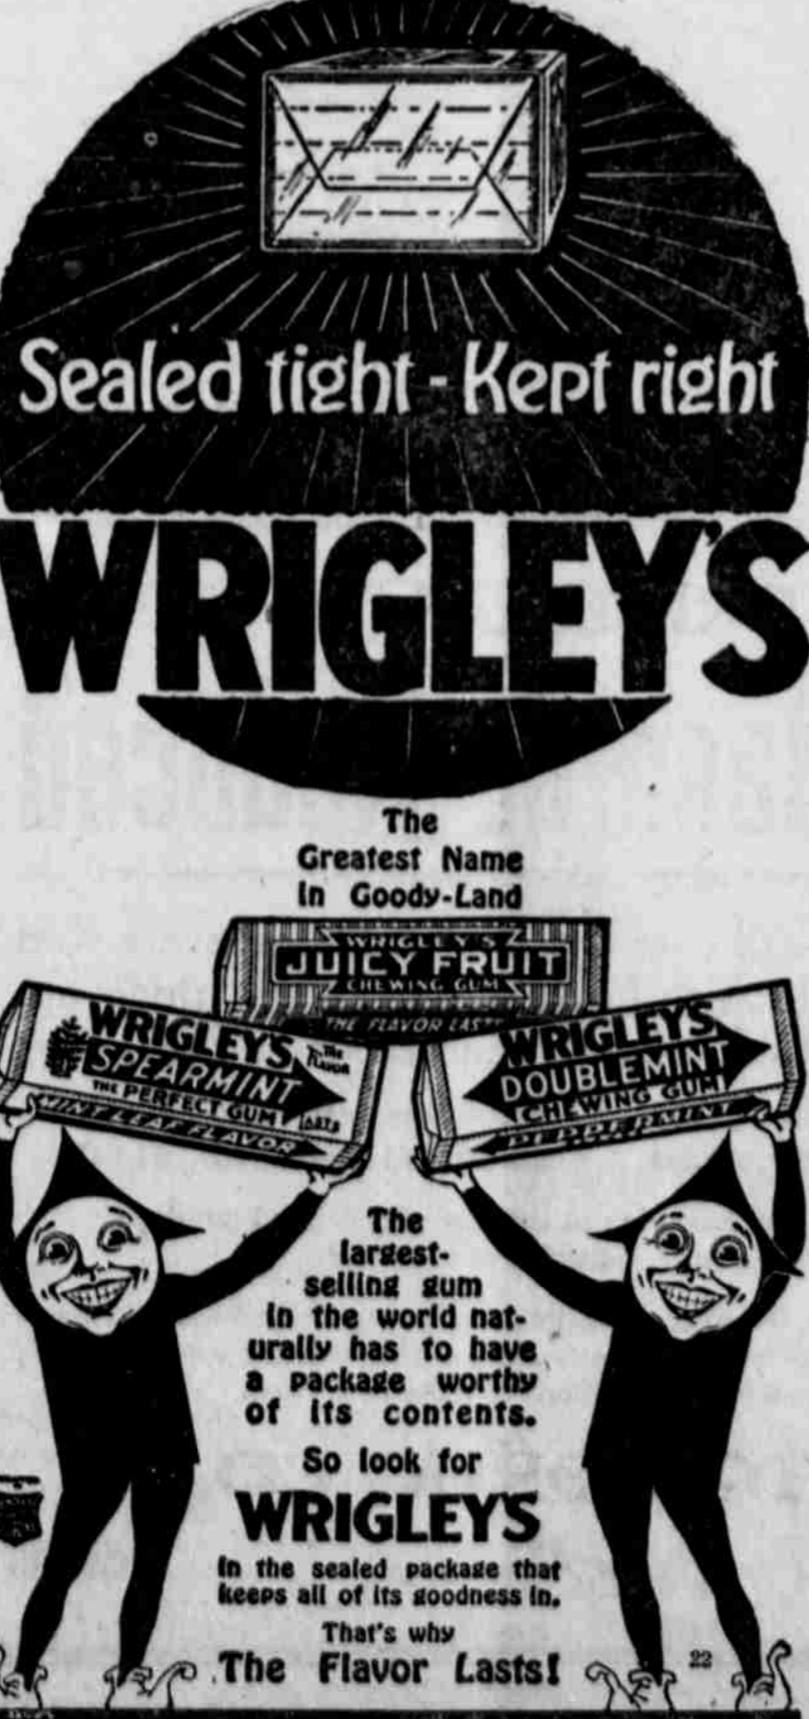

By mistake the letter had been placed in his father's box at the postoffice and the boy had opened it, found the check and induced 10-year-old Lee Clark to pass it at the bank. Letter and envelope had been cast aside as he left the postoffice and had been found a little later by Chief Nixon. The boys had planned to purchase motorcycles and a wagon with the money, they said.

No action was taken in the case of the younger boy, the older of the two being paroled by the court, and instructed to report twice weekly.

ANDERSON TOLD OF BROTHER'S DEATH

May Have Been Murdered, Says Message to Deputy Sheriff from Town in Minnesota.

(From Friday's Daily.)
Chief Deputy Sheriff August Anderson received word last night from Willmar, Minn., that his brother Carl was found dead a few days ago and is believed to have been murdered. No further details were given, and Mr. Anderson has written to the Willmar authorities in search of more definite information. His brother was a man of 36 years and unmarried.

Sealed tight - Kept right

WRIGLEY'S

The Greatest Name in Goody-Land

Wrigley's Spearmint
Wrigley's Doublemint

The largest-selling gum in the world naturally has to have a package worthy of its contents.

So look for **WRIGLEY'S** in the sealed package that keeps all of its goodness in. That's why **The Flavor Lasts!**

Where Good Cooks Are Most Valued

Surely never in the world was honest good cooking of real honest good food enjoyed more than it is on a farm in rush times.

How the hungry hired help and neighbors do eat! How they do enjoy and appreciate good cooking!

Carnation Milk

will never decrease your reputation as a cook, Madam. Rather it will surely increase it.

It is nothing but pure cow's milk evaporated to the consistency of cream.

In creaming vegetables, in making bread, pastry and cakes—wherever you use milk in cooking—it gives a flavor that is very appetizing. Carnation can be whipped like cream, when thoroughly chilled of course, which proves its quality.

Carnation is used by thousands of people just as it comes from the can for cream on fruit and cereals and in tea and coffee.

The sealed can preserves it, when kept in a cool dry place, sweet and pure until used.

Buy Carnation by the case. Lay in a stock of it now, and you will be free of milk trouble at all times.

Your Grocer Has Carnation
