

### "Some Saving!" says the Good Judge

You men are saving every cent you can. You ought to know that this quality tobacco costs less to chew—not more!

You take a smaller chew. It gives you the good tobacco taste. It lasts and lasts. You don't need a fresh chew so often.

### PINEHURST TURKEYS ARE BEING SHIPPED

PINEHURST, July 22.—F. V. Swisher went to Bend on Monday. C. H. Spaugb was in Tumalo on Friday.

Mrs. Tweedt called an Mrs. Chas. Allen Tuesday.

Miss Ruth Bayley and Miss Myrtle Spaugb were callers at the Mickles home last Sunday afternoon.

Sunday A. M. McAllister was a business caller at I. E. Weimer's.

C. W. Howell took a load of turkeys to Bend Friday to market.

Mrs. G. M. Bales of Tumalo spent Friday night with Mrs. G. M. Couch who has been quite ill.

Among those who were in Bend Saturday were the following: C. H. Spaugb, Miss Violet Spaugb, Blaine Devers, Durward Howell, Miss Ruth Bayley and Dave Mickles.

Mrs. J. L. Couch called on Mrs. C. Allen, Wednesday.

Mr. Hopper, who is farming the Thornthwaite place this year, called at C. H. Spaugb's on business last Sunday.

C. Peterson and I. E. Weimer were in Bend Tuesday.

Mrs. A. McAllister, from near Roseburg, Oregon, arrived here on Tuesday to attend to the renting of his farm and the disposition of his stock.

C. M. Phelps, who works at the Tumalo garage, spent Monday night at his home here.

Blaine Devers delivered some hogs in Bend Wednesday.

### NEW WELL WILL BE SUNK AT MILLICAN

MILLICAN, July 21.—R. R. Keller took in another load of household goods for Mr. Hornner Tuesday. Mrs. L. G. Morgan accompanied him to Bend. Mrs. Henry Turk, mother of Mrs. J. A. Smith, returned with him to visit at the Smith home. Mrs. Morgan returned the following day.

L. P. Rooney expects to have a well drilled as soon as he can get Mr. Shaver to do the work.

C. J. Cook called at the R. R. Keller home Tuesday.

Mrs. George Cook and William A. Rahn were callers at the Tauscher home Tuesday.

William A. Rahn made a business call at the R. R. Keller home on Thursday evening.

Mrs. George Cook went in to meet her son Horace who was discharged at Camp Mills, N. Y. recently, after having served in the army in France for two years. We are glad to welcome him back. He arrived at Bend this morning. Mrs. Cook's uncle, Mr. Hayes of Mad-

ras and a Mr. Hayes of Yakima, Washington, also are at Bend for a visit with the Cooks.

C. J. Cook and R. G. Cook are building a new house.

These dry days pumping water for L. G. Morgan is being kept busy his stock.

### CLOVERDALE SENDS ROAD DELEGATION

Mr. and Mrs. Pugh of Bend were calling at the Long home Sunday.

Ruth, Sarah and Lorena Long spent Sunday evening with Gladys Parberry.

Mr. and Mrs. Harold Klein and Mr. and Mrs. J. B. Hodson made a trip to the lakes last Sunday.

Mrs. Irvin Parberry and Miss Gladys Parberry were shopping in Sisters Thursday.

"V." of Course.

Before they were married she thought him a treasure, now she considers him a treasure.—Edinburgh Scotsman.

Find the Joy in Things.

Do not let the things that were made for your service crush out your life with their weight. Life is full of sunshine, and beauty, and love, birds sing and flowers bloom for you as well as for others. Do not shut your eyes to the beauty of life. There is beauty in a well-scrubbed floor, there is joy in a well-cooked meal if we are not overburdened. But there is no joy in anything unless we open the door of our hearts and let in the sunshine and dispel the gloom that we have created for ourselves.—Exchange.

Cut This Out—It's Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Sold everywhere.—Adv.

## LOGGERS FIGHT TO KEEP FIRES FROM CAMP ONE

### CARELESSNESS CAUSE OF FLAMES.

### FEW BUILDINGS LOST

Second Conflagration Starts in Timber Near La Pine and Works

Into High Grade Pine—

Second Crew Leaves.

Fire thought to have been caused by some careless smoker caught in the timber near Shevlin-Hixon camp No. 1, Sunday afternoon and spread with startling rapidity, crossing a large tract of slashings and then attacking the standing timber again covering fully 400 acres at one time.

One hundred and twenty-five men were in the camp at the time, and they immediately entered the fight against the flames, which bore directly toward the cars and bunk-houses. As the result of hard, fast work, severe damage was prevented. Logging machinery was taken out of harm's way, and a determined effort made to keep the flames from spreading to any of the buildings. As a result, the only loss sustained was the school house, two cabins and some logs which were attacked by the fire. Camp No. 1 was one of the newest and best maintained by the company.

Returning from a trip to the Crescent section, Supervisor N. G. Jacobson of the Deschutes national forest now reports that within a month the new road from Odell to Davis lakes will be built, cutting off approximately 15 miles from the distance which must now be traversed. Two bridges are still to be constructed, and a mile of road to be built.

Three fires were started in the timber near Crescent as the result of lightning, but were quickly placed under control and little damage was done, Mr. Jacobson said.

Crees Wonderful Canoeists.

"The Ojibway, the Cree and the Montagnais are the most wonderful canoeists in the world," says S. L. Sanster, writing of "The Woods Indian" in Boys' Life. "They possess a sixth sense in rapid-running and they say 'run it' you can safely lay a bet at odds that they will run it and come through dry—even through water in mere glimpses of which you can see your air stand up and sends chills chasing down your spine."

Walking Downstairs.

It is not so difficult to walk downstairs as to walk up, as everybody knows. Why not try it? It takes very little longer time and the many calls for the elevator for descending passengers could be reduced by a half at least if we were a bit thoughtful. The saving in current and fuel would be remarkable.

You Need not Travel.

It is safe to say that as many persons have secured relief from hay fever and asthma at home by taking Foley's Honey and Tar, as have been benefited by going to health resorts. It heals and soothes the choking-stuffed-up sensation. Good for all colds, coughs and croup. For sale everywhere.—Adv.

## OPERATORS OUT FOR TWO DAYS

Demanding a minimum wage of \$2 a day for apprentices, with a \$4 a day at the end of two years' training, together with the stipulation for a six-day week, the telephone operators at the Bend exchange left their switchboards at 6 o'clock Friday, and service in Bend was paralyzed all night and today. While hundreds of phone users in the city are anxiously waiting to learn whether or not any steps are being taken which will result in the resumption of service, J. L. Gaither, local manager, refused absolutely to make any statement on this point. "The wage scale is fixed on a universal basis," was the only remark he made to break the silence which prevailed after every question which was asked him this morning.

The strike was called last night following the arrival of Miss Elnora Hildebrand, organizer, from The Dalles. Organization of the Bend local resulted in the election of Miss Irene Roney as president of the local, Miss Marjorie Hoover as treasurer and Miss Gladys Farnsworth as secretary. The members of the union walked out shortly after.

After remaining out on strike for a little more than two days, the telephone operators of the newly organized Bend union returned to work at 8 o'clock Monday by authority of a telegram received yesterday afternoon from headquarters in Portland.

The telegram stated that a very satisfactory settlement of the coast strike had been reached, the company guaranteeing the return of all striking employees and full seniority for them, in addition to a one-year agreement with operators and electrical workers. This will include concessions in regard to back pay.

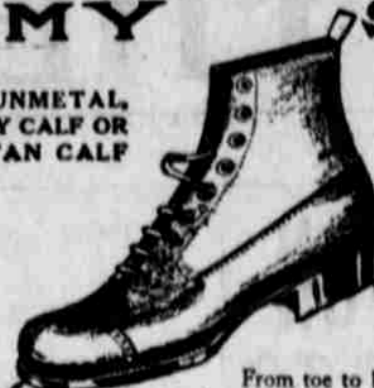

Miss Irene Roney, president of the Bend local, was not informed as to the exact nature of the agreement, but was advised that full details would be received later, she said.

No additional information was available through the office of Manager J. L. Gaither of the local office. "The coast strike has been settled, including, of course, the local demands. No word has been sent me as yet as to just what method of settlement was decided on," he said.

Put it in "THE BULLETIN."

## LOCAL BRICK IS IN DEMAND

A. H. HORN EXPECTS ORDERS THIS YEAR WILL COMPEL HIM TO BURN MORE THAN THREE MILLION BRICK.

The Bend Brick & Lumber company will have its record run this year, according to A. H. Horn, who now has more than 15 men busily engaged in pushing the brick production for the many new orders which have come in for new buildings in Bend, Redmond and Prineville.

Mr. Horn says that before the season is over he will have produced more than 3,000,000 brick, which is an output far in excess of any of the former years. The building activity locally is largely responsible for the heavy production.

The following orders have been placed with the Bend Brick & Lumber Co.:

Kenwood school, 200,000; Sather-Hudson building, 90,000; O'Donnell building, 140,000; City of Bend, for fire station, 75,000; Deschutes garage, 160,000; First National Bank of Redmond, 80,000. It is expected that the order for the new Catholic church will reach 200,000. Two buildings in Prineville, for which Mr. Horn has orders, are to be erected of brick.

The present program will keep

the brickyard force busy until in November.

## Don't Take This Risk

WE have recently been out to see our friends on the ranches, looking over mortgages, abstracts, deeds, pedigrees, etc. Where do you suppose we found them?

IN a number of cases they were pigeon holed in wooden desks or cupboards among a mass of inflammable material that would go up in smoke in a jiffy. Occasionally we saw these instruments kept between the leaves of books on the shelves, and rarely we saw them kept in little tin boxes that would melt beyond recognition in the average dwelling fire. Liberty Bonds were kept in a similar fashion. Burned Liberty Bonds pay no interest and money invested in the bond is lost, the same as if you had burned up a \$50.00 note.

## Don't Take These Chances With the Family's Wealth

A Fire and Burglar Proof Safety Deposit Box in the First National will absolutely guarantee you from loss of this kind at the cost of a few cents per month, and the Bank is responsible.
