Mr. and Mrs. John Dubois and children motored down from La Pine this morning returning in the afternoon.

FOREST FIRES EASILY HELD

LITTLE TROUBLE EXPERIENCED ON DESCHUTES FOREST AS YET, ALTHOUGH DANGER SEASON IS AT HAND.

Two forest fires on Trout creek, south of Sisters, were reported Thursday night by lookouts, and J. D. Bowman and H. E. Vincent, who were sent out from the office of the forest supervisor, had them under control the following morning. Both fires are believed to have been caused by the recent lightning storm and to have smouldered until the woods became dry enough to burn.

Lookouts are reporting considerable difficulty in making observations due to the dense smoke hanging over certain parts of the forest. As no fires of any extent have been noted for nearly a week, it is believed that the smoke has drifted across the Cascades from conflagrations on the other side of the mountains.

The real danger time has practically arrived for Central Oregon forests, and Supervisor Jacobson has made the suggestion that in addition to other precautionary measures a great source of trouble would be eliminated if campers and tourists would abstain from smoking while in the woods, as many fires can be traced directly to carelessness in throwing away cigarettes or knocking out pipes before they have been fully extinguished.

NEW PHONE RATES IN EFFECT JULY 29

Effective July 29, an increase in the rates for phones installed in residences was announced this

morning by J. L. Gaiter, local manager. The increase on business phones became effective on May 1. For individual residence lines the rate is boosted from \$2 to \$2.75, on two party lines from \$1.75 to \$2.25, and on four party lines from \$1.50 to \$2. For desk phones 25 cents is added for each class of service.

First Lieutenant H. W. Newton, Engineers, unassigned, and Mrs. Newton of Seattle arrived in Bend this morning to visit for a short time at the home of Mr. and Mrs. William Newton. Lieutenant Newton is now stationed at Camp Lewis, engaged in educational reconstruction work. Before he entered the service Mr. Newton was a mining engineer in Alaska.

Frank Haner, son of Mr. and Mrs. J. H. Haner, underwent an operation Wednesday at The Dalles for internal goiter. He is reported to be resting easily.

Mr. and Mrs. Thomas Carufel are the parents of an eight-pound daughter, born last night at their home in Mill addition.

QUALITY MERCHANDISE AT POPULAR PRICES

RECRUITING PARTY PITCHES CAMP HERE

44th Infantrymen, on Special Duty from Vancouver Barracks, Will Remain in Bend 10 Days.

On a tour of the state with the object of obtaining enlistments for the U. S. army, Sergeant Dillard Stevens, Corporal Fred Corner, Corporal Herman Barg, Cook William O. Lindsay and Private S. G. Benson, of the 44th infantry, arrived in Bend on Monday in a large army motor truck from Vancouver Barracks, Washington, and will be stationed here for the next 10 days.

The recruiting detail has pitched camp at the city grounds near the county bridge, and a regulation army cook tent is part of the establishment.

Enlistment may be made in all branches of the service, Sergeant Stevens states, and for previous service men a short term enlistment is open. Any who are desirous of obtaining further information may apply at headquarters at the city camp grounds.

MILL ORDERS A NEW BURNER

For the purpose of avoiding delays and losses caused by the lack of capacity of the present burner of The Shevlin-Hixon, a new burner has been ordered and will be erected within the next six weeks. A contract for the work has been let to William Bros., of Minneapolis, erector of the present burner and also the burner at the Brooks-Scanlon plant.

The new burner will be much larger than the old, being 45-feet in diameter, by 125 feet high, as compared with 34x90, the dimensions of the present burner. In its construction will be used 300,000 brick, which have just been ordered from the Bend Brick & Lumber company. It will be located on the site of the machine shop which will be moved back toward the yard to make room for this addition.

Repairs are now being made to the old burner, which is at present out of commission, necessitating the shutting down of two bands at night and one in the day run.
