Paul Irving, of Salem, was in Bend yesterday, calling at the office of County School Superintendent J. Alton Thompson. Mr. Irving will take the place of L. L. Gooding this fall and winter, as superintendent of the Redmond schools.

REDMOND STUDENTS HOSTS AT RECEPTION

Affair Is Held in Honor of High School Principal—Has Been Acting Postmaster During Summer.

REDMOND, Aug. 27.—A number of the members of the student body of the Redmond union high school gave a reception here Wednesday night for Mr. and Mrs. L. L. Gooding and family, who are soon leaving for Harrisburg where Mr. Gooding has been engaged as principal. The Goodings have been residents of Redmond for over two years, Mr. Gooding being employed as principal of the R. U. H. S., and this summer holding the position as acting postmaster. They will leave many friends when they go. Paul Irvine, who is Mr. Gooding's successor as principal of the R. U. H. S., arrived Monday morning from Portland.

Mr. and Mrs. J. R. Roberts and children left on Saturday night's train for Gearhart to visit friends for several days.

Neal Hazelton, son of Rev. and Mrs. T. J. Hazelton, left last Monday night for Portland to attend the school under the auspices of the Y. M. C. A. for soldiers and sailors.

Miss Margaret Golob, Western Union telegraph operator, returned from a week's vacation at Portland and Seaside Monday morning.

Commissioner C. H. Miller returned from Salem Friday afternoon in a new truck, which the county has recently purchased.

CONTRACTS ON STREET WORK ARE AWARDED

IMPROVEMENTS WILL COST \$30,956.55.

ROCK IS LOW BIDDER

Anton Aune Makes Only Other Offer on Group of Six Improvements—More Thorough Clean-Up of City Is Advocated.

As the outcome of the second call for bids on six city street improvements, two offers for the work on Awbrey road, Drake road, Newport avenue, West Fifth, Greenwood and Wall were received Friday night by the Bend council and the contract was awarded to Joe Rock for the low total of \$30,956.55 for the six streets. Anton Aune was the other bidder. Work is to start at once. Contractors' estimates, it was noted, were from 20 to 50 per cent. higher than the estimates made last spring by City Engineer Robert B. Gould, and because of the high cost, it is probable that no more improvements of the kind will be undertaken this year.

The contracts call for grading and cindering on sections of Wall, West Fifth and Greenwood not already improved in this way, while the remainder of the work is for grading, cindering and the installation of a considerable length of concrete walks and curbs.

Improvement Cost High.

Councilman Rhodes, of the streets committee, reported that an investigation of the proposed Ogden avenue improvement had been made, and that whereas the cost on each lot would be more than \$100, the assessed valuation of the lots fronting on Ogden would not average more than \$35. This would mean that each property holder would have to pay \$65 cash in addition to the amount secured under the Bancroft bonding act, and Mr. Rhodes doubted if this expense would meet with the approval of the property holders. He asked that any individuals interested in the improvement see or communicate with him at once in order that a more definite idea of the sentiment of residents of the district might be obtained.

Mayor's Action Upheld.

The council took unanimous action endorsing the action of Mayor Eastes in ordering out the new fire engine to aid in fighting the flames at the Pine Tree lumber mill Wednesday night. The matter of asking for a new insurance rating was discussed, and it was decided to postpone such an application until the new fire hydrants are in and work has been started by the Bend Water, Light & Power Co. on the installation of steel mains of larger size than the wooden pipes now in use in the business district.

REVELLE WEEK PLANS WIDENED

BIG TIME IS PROMISED IN OCTOBER.

Schools, Farmers, Laborers, Merchants, Fraternal Organizations, and Firemen Will All Have Chance to Join Festivities.

Knights of the rifle and bayonet, whiz bangs, and 72's and others of the navy blue and khaki have begun their drive for Reveille Week, in Bend October 26-26, when all of Central Oregon will join in a big skirmish week.

Military-naval-and marine corps snap will prevail from the morning of October 29th until taps is sounded on the 26th.

Schools, farmers, laborers, merchants, fraternal orders and firemen will get their chance at the party on days that are to be set aside for their own jollification. The American Legion itself, under whose auspices the party is to be pulled will step into the limelight with a couple of stunts which will open the eyes of everyone in the city and its environs. These two stunts are being kept under the campaign hat, but they will be good ones.

Advices received by the Commercial club regarding the merits of the Worthams Greater Alamo Shows, bears out in detail the representations made by Harry Hofer, who was in Bend recently and signed the contract with the Percy A. Stevens Post.

With more than two months in which to prepare its big Reveille Week it is expected that this performance will excel anything held in Bend in recent years.

The work for Reveille week will be started at once by the committee comprised of Frank R. Prince, M. G. Wagner, J. E. Smith, Harry Reingold, John Herbert and Fred A. Woolsten.

The new plant is to be operated by steam, burning lumber waste from the Brooks-Scanlon mill. Approximately 48 cords a day will be used, and Mr. Foley hopes to make arrangements also with The Shevlin-Hixon Company to allow for an alternative fuel supply.

The plant when completed, will cost \$100,000 and will generate 1000 kilowatts.

STARTS FOR SPOKANE; WAKES UP IN BEND

It didn't look just like her memories of Spokane when she gazed out of the Pullman window, but her ticket was correctly made out, and the porter had assured her that she was in the right car. It wasn't until Miss J. Buchanan, of Portland stepped off the train here this morning that she was informed that she was in the Spokane of Central Oregon.

This evening she will travel north as the guest of the railroad, and is confident that she will reach her rightful destination, as she has been assured that there are only two Spokanes in the northwest.
