

## BEND GOES ON A CASH BASIS

NOTES FOR \$25,000 ARE  
SIGNED BY MAYOR.

Payment of \$14,500 Warrant In-  
debtedness to Begin as Soon as  
Interest Is Figured by  
City Treasurer.

For the first time in years, Bend  
went on a cash basis Friday. Ap-  
proximately \$14,500 worth of bills  
for the city's running expenses,  
some of them as much as 10 months  
old, are outstanding, but the city  
is on a cash basis nevertheless.

The change in the municipality's  
financial status was brought about  
on Friday when Recorder D. H.  
Peoples received \$25,000 worth of  
one-year 6 per cent. gold notes from  
Morris Bros. of Portland. The  
notes were promptly signed by the  
recorder and Mayor J. A. Eastes  
and put through the First National  
Bank of Bend, giving the city a  
checking account with that institu-  
tion.

As to the city's warrant indebted-  
ness, that will be discharged at  
once, allowing sufficient time, how-  
ever, for Miss M. E. Coleman, treas-  
urer, to figure up the interest on  
the warrants.

The marketing of the city's notes  
was effected several weeks ago  
through the agency of the First  
National bank, after the notes had  
been bid in by one Portland bond-  
ing house and then turned down  
because no popular election had  
authorized the issue. It is esti-  
mated that the loan floated in this  
way will not only take care of the  
present indebtedness, but also of  
the shortage which will result dur-  
ing the remainder of the year be-  
cause of an insufficient budget. The  
budget voted by the people this  
summer will retire the notes when  
they mature.

Put it in "THE BULLETIN."

Put it in The Bulletin.

## YOUNG RANCH SELLS FOR FANCY FIGURE

120 Acres of Irrigated Land Bought  
by Lake County Stockmen for  
\$12,000 for Wintering Sheep.

Purchase of another alfalfa  
ranch for the purpose of wintering  
range stock in the vicinity of Bend  
was made Thursday when M. S.  
Lester of Silver Lake and J. J.  
Payne of Lakeview acquired 120  
acres of the P. J. Young irrigated  
property north of Bend for a con-  
sideration of \$12,000. The deal  
was closed through the agency of  
Henkle & Haines, and the desirabil-  
ity of the land is shown in the fact  
that it was sold on the second day  
it was on the market.

One hundred acres of the ranch  
purchased by the Lake county stock-  
men is in alfalfa. The entire prop-  
erty was originally 160 acres, but  
the home, with 40 acres, is retained  
by Mr. Young. Mr. and Mrs. Les-  
ter will move in the near future  
to make their home on the ranch,  
while Mr. Payne will remain in  
Lake county, according to present  
plans.

### Your Attention, Please.

A Foley Cathartic Tablet is a  
prompt and safe remedy for sick  
headache, biliousness, bloating, sour  
stomach, gas, bad breath, indigestion,  
constipation, or other condition  
caused by clogged or irregular  
bowels. They cause no griping or  
nausea nor will they encourage the  
"pill habit." Just fine for persons  
too stout. Sold Everywhere—adv.

## ENGINE TROUBLE HALTS O. T. TRAIN

Passengers Held for Hours Near  
Metolius and Are Not Scheduled  
to Arrive Until 4 o'clock.

Bend missed its usual morning  
mail Thursday, and passengers who  
were headed for the southern termi-  
nal of the Oregon Trunk spent most  
of the day at Metolius, after engine  
trouble had halted the train early in  
the morning. At the time the train  
stalled early in the morning, it was  
far from any station, and hours  
passed before communication with  
Metolius could be made.

## WILL SAVE ON SCHOOL REPAIR

BEND DIRECTORS DECIDE THAT  
ONLY HALF OF CENTRAL  
BUILDING IS TO BE USED—  
FIRE CHIEF APPROVES.

Because of the large expense  
which would be entailed in repair-  
ing the entire building to conform to  
the recommendations made by  
Deputy State Fire Marshal Stokes,  
the Bend school board, at a spe-  
cial session Friday afternoon, de-  
cided to use only the lower story of  
the Central school during the com-  
ing year, making the changes  
indicated by the deputy marshal's  
report in the part of the building  
which will be occupied. That this  
course of action will meet with his  
entire approval was the statement  
this morning of Fire Chief Tom  
Carlon in commenting on the ac-  
tion taken by the board.

The directors are anxious to keep  
down expenditures, as it is planned  
to use the Central building only  
during the next two terms, when  
the taxpayers of the district will  
be asked to indorse a bond issue  
to extend the high school building.

## NEW EQUIPMENT FOR FIRE SYSTEM HERE

Automatic Control for Siren to Be  
Installed Soon—New Firehouse  
to Be Ready in Three Weeks.

Making possible the last step in  
bringing Bend's fire fighting system  
up to date, the equipment for an  
automatic alarm control arrived  
here on Saturday and will be in-  
stalled as quickly as possible. This  
makes possible the operation of the  
electric siren through the telephone  
exchange, without continually  
throwing the switch on and off.

Bad weather is holding up the  
work on the new firehouse, but it  
is expected that the new head-  
quarters will be ready for the vol-  
unteer department within the next  
three weeks.

Increasingly difficult drills are  
being practiced by the volunteers,  
and tomorrow morning a demon-  
stration of sealing will be given at  
the Central school building.

## RANCHERS DIVIDED ON ROAD QUESTION

19 Names on Petition for New Road  
in Alfalfa District, While  
23 Sign Remonstrance.

With 19 names appearing on the  
petition for the proposed Carl Lar-  
son road in the Alfalfa district, and  
23 names signed to a remonstrance  
against the road, backers and oppo-  
nents of the road were in county  
court Wednesday afternoon. A de-  
cision was postponed by the court un-  
til September 17, when information  
can be secured as to the proportion  
of resident freeholders who have  
signed each petition.

W. B. Dagget, of Redmond, re-  
presented the faction fighting for  
the road, while H. H. De Armond,  
of Bend, appeared for the ranchers  
listed with the opposition.

## BEND HUNTERS DOWN BUCK NEAR CRESCENT

Five Pointer Brought Into City Last  
Night Believed to Be First  
of the Season.

To R. H. Loop, G. P. Smith, and  
"Pete" Belleau of this city, belongs  
the honor of bagging the first  
buck brought into Bend this season,  
as far as can be learned, while Loop  
has the distinction of firing the shot  
which brought down the animal 15  
miles from Crescent, on Labor Day.  
The buck, a five pointer, was  
brought into Bend last Wednesday.  
Deer are plentiful in the Crescent  
section, according to the Bend hun-  
ters, but heavy underbrush makes  
hunting no easy matter. Mrs. Loop,  
Mrs. Smith, and Mrs. Belleau ac-  
companied their husbands on the  
trip.

## CHICHESTER'S PILLS

DIAMOND BRAND  
Beware of  
Counterfeits.  
LADIES!  
Ask your Druggist for CHICHESTER'S  
DIAMOND BRAND PILLS in Red and  
Gold metallic boxes, sealed with Blue  
Ribbon. TAKE NO OTHER. Buy of your  
Druggist and ask for CHICHESTER'S

TIME TRIED EVERYWHERE

# PRINCE ALBERT

YOU can't help cutting loose joyous  
remarks every time you flush your  
smokespot with Prince Albert—it hits  
you so fair and square. It's a scuttle full of jimmy  
pipe and cigarette makin's sunshine and as satisfy-  
ing as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-  
pasture! For, P. A. is trigger-ready to give you more  
tobacco fun than you ever had in your smokecareer.  
That's because it has the quality.

Quick as you know Prince Albert you'll write it down  
that P. A. did not bite your tongue or parch your throat.  
And, it never will! For, our exclusive patented process  
cuts out bite and parch. Try it for what ails your tongue!

Toppy red bags, tidy red tins, handsome pound and half pound tin  
humidors—and that clever, practical pound crystal glass humidor with  
sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

## SHOWERS DELAY ALFALFA HAYING

Little Cut When Storm Began—  
Rain of Immense Value to Range  
in Uncultivated Districts.

Putting up of the second cutting  
of alfalfa hay has been seriously  
delayed by the cool weather and  
showers of the past week, but little  
of the crop is damaged, as cutting  
had been started on only a rela-  
tively small number of ranches  
when the wet weather started. The  
only harm which will be suffered  
by hay already down will be from  
bleaching, providing dry weather  
comes in the next day or two.

On the high desert a heavy rain  
fell Friday and will be of im-  
mense value, stockmen say, in aid-  
ing the growth of range grass, and  
in this way saving large quantities  
of hay which would otherwise be  
used for wintering.

### FRUIT! FRUIT!

The peach season is now on and  
we are ready to book orders for  
express or parcel post at the fol-  
lowing prices f. o. b. The Dalles,  
Oregon. Add 27c for express or  
parcel post on peaches, prunes and  
tomatoes, and 50c on apples and  
pears. Good canning peaches, 85c;  
Bartlett pears, \$1.75; Hungarian  
prunes (20-lb. box), \$1.25; Italian  
prunes, \$1.25; apples (cokers),  
\$1.50; tomatoes, \$1.00. Address  
The Dalles Cherry Growers' Union,  
Box 327, Phone 731, The Dalles,  
Oregon—Adv 26-Sc.

## BORROWED AUTO IS STOLEN ON STREET

Machine Taken from in Front of  
Pilot Butte Inn Annex During  
Early Hours of Morning.

To lose an automobile which he  
had borrowed to make a trip to  
La Pine, was the experience of  
Harry Riley of this city last  
week. He had returned to Bend  
at 2 o'clock, leaving the Dodge car  
which had been loaned to him by J.  
E. Haglin of Bend, in front of the  
Pilot Butte annex, where he was  
rooming. When he arose three hours  
later, the machine was gone, and no  
trace was left to indicate the direc-  
tion taken by the thief.

In addition to the machine, Riley  
had left in the car a Cadillac rim  
and a tire which he had brought  
from La Pine to vulcanize. This al-  
so was taken.

A \$100 reward is being offered  
for recovery of the stolen property.

### CATCH SMOKE.

A hood suspended over the kit-  
chen range and connected to the flue  
in the chimney will gather all the  
steam and odors and carry them  
away.

## U. S. ASKS HELP AGAINST POTATO WART

Potato wart which caused  
such loss in Europe has  
made its appearance in  
America and the U. S. De-  
partment of Agriculture is  
taking extreme measures to  
halt it.  
Rough spongy growths on  
the tubers, mostly from the  
eyes and as shown in the  
photograph, will affect "all"  
the potatoes in the hill. The  
disease does not attack the  
vines above ground.  
Officials ask all potato  
raisers to watch closely dur-  
ing the digging season and  
report all suspicious cases  
to county agent or to the  
Plant Survey, U. S. Depart-  
ment of Agriculture, Wash-  
ington, D. C.

# GORDON

Today a *Gordon* stiff hat  
is part of every well  
groomed man's ward-  
robe. Of course he will  
also sport a *Gordon* soft hat  
—possibly the MANITOU,  
a novelty with a real  
personality; in black,  
brown, pearl, green and  
blue. You're next!

# HATS

CASHMAN, Bend's Clothier
