

The World at a Glance

Although deprived of the leadership of President Wilson, the man who conceived it, the round table industrial conference, optimistically expected to solve the high cost of living problem and the difficulties of labor and capital at one and the same time, convened Monday, while the steel strike, the greatest walk-out staged in the United States for years, continues with a slight apparent advantage on the side of the employers. Other labor troubles are reported in various parts of the country, one of the most disastrous from the standpoint of the number of human lives sacrificed being the carmen's strike in Oakland, California. No real work was expected to be accomplished by the round table until today.

For the latter part of last week President Wilson, who has been ill ever since returning from his strenuous stumping tour of the nation, was in grave danger, but this week he rallied, and is now well on the way to recovery, although still confined to his bed. A decision on the peace treaty and the league of nations covenant will be delayed to a considerable extent because of his absence from his official duties.

While this delay has been caused a nation which has been among the most steadfast agreement to the treaty has finally ratified not only the German peace pact, but the Austrian agreement as well. This was the step taken by Italy, by royal decree.

A new European international complication is that represented in the action of German Field Marshal von der Goite, who has led his troops into Russia for the avowed purpose of assisting in stemming the attack of the Bolshevik armies. Whether this is the actual purpose, or whether the German general's forces constitute another army of occupation, with annexation of territory for Germany as the object in view, is not clearly defined.

Peace reigned in the British isles Monday when strikers whose walk-out had crippled the entire government railway system returned to work. Important concessions were made by both sides in the controversy, and in consequence the victory is claimed by both.

In the American congress liquor is again the issue, and a conference report on the prohibition enforcement bill was ordered yesterday. As the bill now stands, the maximum amount of alcohol which may be contained by a beverage is small indeed, being only one-half of 1 per cent.

One of the most hotly contested fights in the history of baseball is being staged in the world series, for with the score of games four to one for the Cincinnati Nationals, the Chicago Americans broke into a winning streak until yesterday only one more victory was needed by the White Sox to tie with the Reds.

Fifteen Years Ago

FIFTEEN YEARS AGO (From the columns of The Bulletin of October 7, 1904.)

The government has ordered a daily mail service between Bend and Silver Lake, to go into effect about the middle of this month.

A movement is on foot for a direct stage line between Bend and Burns. It will pass by way of Crook, Price and Fife.

A force of men is blasting out a new intake at the head of the Pilot Butte flume, and lumber from the Steidl mill is being delivered in large quantities.

Miss Reid will attend the annual teachers' institute to be held in Prineville next week, being on the program for a paper on "The Public Schools of New Brunswick."

Postmaster and Mrs. Statia of Deschutes, and their two sons, returned last Sunday from a visit at Newport, Independence and Portland.

PORTLAND MAN GAINS 20 POUNDS

H. H. King, Well Known Contractor, Gets Rid of Old Trouble Taking Tanlac.

"I have gained twenty-eight pounds since I commenced taking Tanlac, and am as well and hearty as I ever was in my life," said H. H. King, a well-known carpenter and contractor who lives at 5927 55th Ave. Southeast, Portland, the other day.

"I was certainly in bad shape when I commenced taking Tanlac," continued Mr. King, "for I had been suffering with stomach trouble for

about three years. I had not been able to find a medicine or treatment that would give me any relief, and just kept on getting worse until I was simply all in and had to give up my work altogether. I had no appetite to speak of, and what little I did eat would sour and I would be all bloated up with gas for hours at a time. I suffered from shortness of breath, and at times I would become so dizzy that I could hardly stand on my feet. Then rheumatism hit me in my right leg and hip, and the pains I had from this would almost drive me wild at times. I seldom got a good night's sleep on account of the pain in my leg and hip.

"One day a friend of mine told me about this Tanlac, and advised me to give it a trial, and I am mighty glad I took his advice, for it certainly did the work for me, and I am a well, hearty man again. I have no signs of rheumatism now, and instead of lying awake and suffering at night I sleep right through until time to get up in the morning. I never had a better appetite, and eat three hearty meals every day and never suffer a particle afterwards. I am back on the job again, and never lose any time from my work. Tanlac just can't be beat, and I never fail to boost it everywhere I go."

Tanlac is sold in Bend by Owl Drug Co., in Sisters by Geo. F. Aitken, and in Bend by Horton Drug Co.—Adv.
