## Pyralin Ivory Articles

The many obstacles in the way of normal production of this popular toilet  
ware have been overcome as far as Horton Drug Co. is concerned. We have  
received a generous supply with which to begin the Fall Season, and reserve  
supplies are held subject to call.

The designs conform closely to those of previous years so that new pieces  
can be added to sets that have been started. The quality is the same in every  
detail—the same substantial weight, the same perfect finish and the same ar-  
tistic grained effect.

### MAYOR GETS LETTER FROM LONELY WIDOW

Seattle Woman Wants Rancher Hus-  
band Who Has Good Principles,  
but Knows of the World.

Somewhere in Seattle lives a lon-  
ely widow who has decided that Bend  
is the best hunting ground in the  
northwest as far as husbands are  
concerned. Mayor J. A. Eastes re-  
ceived a letter from her on Tues-  
day asking him to help start her on  
a second trip to the altar. She as-  
sures the Bend mayor that she is  
only 45 years of age, is a good house-  
keeper, and a home lover.

Ranchers are preferred, but the  
only kind of man who will be con-  
sidered is one who has good princi-  
ples, and at the same time knows  
something of the world.

Mr. Eastes has not divulged the  
name of the seeker after connubial  
bliss, but will furnish both name and  
address to any adult male who is in-  
terested.

### RED CROSS NURSE IS STATIONED HERE

Miss Margaret Brems to Represent  
Bend Chapter Throughout All  
Deschutes County.

To take charge of the home nur-  
sing department of the American Red  
Cross in this county, Miss Margaret  
Brems, of Detroit, Michigan, has ar-  
rived in Bend. Miss Emma Gritten-  
ger of Seattle arrived here on Tues-  
day from the division office of the  
Red Cross, to meet with the local  
committee and aid in the formation

of all plans for the branch of Red  
Cross activity here.  
It is expected that Miss Brems'  
work in Deschutes county will in-  
clude a course of lectures to be given  
in the community halls.

## WILL OBSERVE COLUMBUS DAY

PORTLAND SPEAKERS COMING  
TO ADDRESS MEETING TO BE  
HELD UNDER AUSPICES OF  
KNIGHTS OF COLUMBUS.

Columbus Day will be fittingly  
celebrated in Bend Oct. 12, by the  
local lodge of the Knights of Colum-  
bus, which will give a special pro-  
gram Sunday evening at 8 o'clock at  
the Bend Amateur Athletic Club.

In a letter received this morning  
from the Portland lodge by J. H.  
Arnold it was learned that Thomas  
G. Ryan, formerly in the office of the  
U. S. District Attorney in Portland  
and Dan Kellaher, former state sen-  
ator, also of Portland will arrive in  
Bend Sunday morning and will ad-  
dress the meeting Sunday evening.  
A local committee is arranging a  
program of local talent for the oc-  
casion. The public is cordially in-  
vited to attend this gathering. No ad-  
mission charge will be made.

**Holland Coal.**  
Experts have estimated for the govern-  
ment that Holland's coal deposits  
contain more than 5,000,000 tons, but  
none of it is first grade fuel.

## FIREMEN KEEP CLOSE GUARD

SIX WILL SLEEP IN  
NEW STATION.

Drills for Reveille Week Are Ar-  
ranged—Members Receive Char-  
ter for Only Firemen's Union  
in State Outside Portland.

Six members of the Bend volun-  
teer fire department will sleep each  
night in the new firehouse, ready  
to respond to all alarms, just as  
soon as the building is ready for  
occupancy, it was decided Monday  
at the regular meeting of the de-  
partment, held in the city rest  
rooms. Six three-quarter beds and  
other furniture that will make the  
new sleeping quarters comfortable  
and homelike have already been  
purchased.

Engineer Stevens and Captain  
George W. Stokes, assistant state  
fire warden, were appointed to draft  
suitable house rules and offer fur-  
ther suggestions regarding comfort-  
able conditions to prevail at the  
firehouse. Captain Stokes affirmed  
his statement, made while here on  
a previous trip, that he would sup-  
ply the department with a library.

The department was assured by  
Chief Tom Carlon that within a  
very few days the new engine house  
would be completed. The furniture  
is on the ground and as soon as  
the painters have finished the in-  
terior only a few hours' more work

by the department will put every-  
thing in shape.

**Drill Nights Assigned.**  
A program controlling the demon-  
stration to be given on the day set  
aside by the American Legion dur-  
ing Reveille week for the fire de-  
partment was mapped out and drill  
nights for the contesting teams as-  
signed.

The regular Sunday drill, which  
has in the past been held in the  
morning, starting this coming Sun-  
day will be held from 1:30 to 3:30  
o'clock, and an urgent request by  
Chief Carlon was made to the de-  
partment for every member to be  
present, as some new drills will  
be introduced.

President T. H. Foley has prom-  
ised the drill teams that, through  
the Bend Water, Light & Power  
Co., he would arrange for the  
stringing of lights over the vacant  
lot at the south end of Bond street  
for the purpose of allowing the  
teams to practice later into the  
night.

**Union Is Formed.**  
The secretary's report of the  
dance given by the department last  
Wednesday night showed a net  
profit of \$16.75. Statements ren-  
dered to the department were re-  
ferred to the finance committee.

Bend is the only city in the

state outside of Portland which has  
an organized fire fighters' union af-  
filiated with the international union.  
A charter for the local was received  
last night, and 28 members of the  
Bend volunteer fire department  
signed the document. Officers of  
the union are: Chief Fire Engineer  
E. L. Stevens, president; Harry  
Reingold, vice president; George  
Stokoe, secretary-treasurer. The en-  
tertainment committee includes Cap-  
tain J. A. Swift, George Stokoe and  
Claude Smith, while Ivan Palen and  
J. H. Taylor were named as dele-  
gates to the labor convention.

### HAS WON PLACE OF HONOR

Salvation Army's Work for Fifty-Four  
Years Recognized as Worthy of  
the Highest Praise.

Except for the war the Salvation  
Army would have celebrated its fiftieth  
birthday four years ago, but there  
could hardly have been a better re-  
minder of what the army had done  
and become in a half century than the  
recent award of the Victoria Cross to  
three Salvation Army soldiers for their  
service in France. Fifty-four years  
ago things were very different; the  
first appearances of the salvationists  
aroused opposition, rowdies tried to  
break up the meetings, and on at least  
one occasion members of the future  
army were arrested in England as  
"disturbers of the peace." Originally  
simply an attempt to make converts  
by outdoor preaching, the movement  
which William Booth started in July,  
1865, was put on a military basis and  
became the Salvation Army in 1878,  
since which time it has grown from  
75 corps in England to about 9,000  
corps and outposts in more than 60  
countries. The army was officially  
recognized by King Edward VII when  
he received the founder at Bucking-  
ham palace in 1904; a different yet re-  
markable "official recognition" oc-  
curred quite recently when a tableau  
honoring the Salvation Army was made  
the climax of the current "Ziegfeld  
Follies" on Broadway.

## Demonstrations That Demonstrate--No. 6

WATCH FOR No. 7.

 ONE FARMER dipped his potatoes in the Corrosive Sublimate  
Solution for scab. His potatoes were clean, free from scab,  
and other disease and brought a good price.

Another farmer "took a chance" and planted his without  
dipping the seed. His potatoes were so scabby they sold for  
only a little more than cull potatoes for hog feed.

It pays to dip and it pays to use the Corrosive Sublimate  
formula. Your potato crop will show up pretty soon and  
you will want the formula on hand for spring use. We have  
it for you.
