WATCH FOR No. 8.

ONE of Our Best Farmers operating a 40 acre ranch, keeps books and showed a net labor income last year of \$2,245.00. He knows what his various farming operations are paying, and which lines are unprofitable.

Another farmer calculates his accounts "by guess and by golly." No one knows exactly how much he lost or made, but it is a safe bet that after paying interest on his investment, he paid for the privilege of doing a years work for nothing.
