

## VERDICT GOES TO COUSINEAU

**\*JURY FINDS FOR BEND DOCTOR, IN DAMAGE SUIT—APPEAL TO HIGHER COURT NOT CONSIDERED PROBABLE.**

After an absence from the court room of seven hours, the jury in the \$10,000 damage suit of John Payne vs. Dr. G. L. Cousineau returned at midnight Friday with a verdict for the defendant. It is probable that no appeal will be made, according to attorneys for the plaintiff. The case, which has been one of the most hotly contested of the term, came to a close yesterday afternoon after rebuttal testimony by the plaintiff, and introduction of evidence to show that Payne is now being employed at unskilled labor at the mills instead of the highly paid work of timber falling, his occupation before the fracture of femur and wrist which he claimed had been improperly treated.

On Saturday the case of Ole Simonson vs. A. H. Trotter for the recovery of the value of a tire alleged to have been taken by Trotter, was tried, the jury returning a verdict for the plaintiff, allowing him \$42.75, shortly before noon. E. O. Stadter represented Simonson, DeArmond and Erskine appearing for the defendant.

**Tells How He Was Helped.**  
A neglected cold may develop into most serious sickness. The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time. It loosens phlegm and mucous, clears air passages, eases hoarseness, stops tickling throat. Sold everywhere.—Adv.

## With Three-Point Cantilever Springs New Overland 4 Seems to "Sail Over The Roads"

**T**HE new Three-Point Cantilever Springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides.

The springs of Overland 4 attached at the ends of a 130-inch Springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Cantilever Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Tillotson Carburetor.

250,000 miles of test have made the strength and endurance of this car a matter of record.

See Overland 4 at the first opportunity. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.
