

FROZEN FEET CAUSE DEATH

THREE OPERATIONS IN VAIN

Voluntary Service Rendered by W. C. Billings, Woods-Worker, in Saving Machinery During Storm, Costs Life.

W. C. Billings, employe of the Brooks-Scanlon Lumber Co., died yesterday morning as the result of gangrene following frozen feet sustained during the storm of early December. His wife and three children, the oldest only 10 years of age, accompanied the body last night to Springfield, Oregon, where the funeral services are to be held. Mrs. Billings is the daughter of F. F. Hubbard, of this city.

Mr. Billings was foreman of the crew which had charge of one of the loaders at Camp 1, and on December 9 when the snow lay several feet deep, volunteered to go out and fire the boiler in order to prevent freezing and bursting in the intense cold. He accomplished his purpose, but before starting on his return, his shoes and socks became wet, and his feet were badly frozen before he had completed the trip back from the boiler.

He was taken to the hospital and the injured members given careful medical care, but in one foot the circulation had been permanently checked, and gangrene set in. Three successive operations were performed in an effort to save his life, first the toes, later part of the foot, and finally the foot above the ankle being amputated.

BEND-MADRAS GAME IS SET FOR FRIDAY

With practically the same team as that which played during last year's season, the Bend high school will begin its basket ball schedule this year when the game with the Madras high school quintet is staged at the Bend gymnasium Friday night. The ball will be put in play at 8:15 o'clock. As the players line up two days before the contest, the game will probably start with Brosterhous at center, L. Coyner and Sanders in the forward positions, and Helfrich and Dutt as guards. In case the injured knee which Sanders sustained in the first football game this fall prevents his playing through both halves, Dutt will go in as center, and Brosterhous will take a forward's job.

The Madras team, generally considered as the strongest in Central Oregon last year, is captained by John Young, and has virtually the same personnel as in 1919. Coach Moore, of the Bend five, expects a hard fight.

DESCHUTES TO BE RECOGNIZED

That there is a likelihood that a Deschutes county supplement to the Oregon booklet put out by the railroad may be issued, is the statement made in a letter just received by T. H. Foley, of the Bend Commercial club, from William G. McMurray, General Passenger Agent of the O. W. R. & N. No reference whatever to Deschutes county was made in the original booklet, and Mr. Foley has urged in his correspondence with Mr. McMurray that a supplement to put out in order that justice may be done to this section of the country.

Securing of data from Central Oregon was in the hands of "Farmer" Smith, and while no letter from Mr. Smith was received by the Commercial club, McMurray is confident that a call for information must have been made on some member of the club. In this connection, he writes: "Mr. Smith's ruling policy is personal touch. His life long experience has taught him that he does not get results by mail, so he preferred not to rely on that medium."

In discussing the possibility of issuing a supplement, Mr. Smith writes: "At first it seemed impracticable, and therefore did not appeal to me, but on further consideration, I am inclined to regard it as an excellent plan. If the bureaus in charge of distribution have not already disposed of the books—and I propose to develop that phase at once,—then the inserts can be used to even greater advantage to Deschutes than if the data had been incorporated in the body of the text."

"I will advise you at once of the result of my inquiry, and meanwhile I suggest that you go ahead preparing your supplement."

GOOD RESULTS ARE REPORTED BY IRRIGATORS

(Continued from Page 1.)

Indorsing action of American state highway officials. One hundred million dollars for five years for post roads, \$10,000,000 per year for ten years for national forest roads.

Urging mail route between Bend and Burns. Appropriation by congress for support of water resources branch of geological survey.

Appropriation of \$250,000,000 for national rural credits law.

To provide a bureau to make soil investigations.

To withhold from homestead entry all reservoir sites now embraced in public land withdrawals.

Strange Result of Explosion. Western paper: "The explosion, which occurred at the gasoline faucet threw the 4,000 employes of the plant into a picnic."—Boston Transcript.

Mrs. W. Stapp Has Gained 30 Pounds

San Francisco Woman Hadn't Seen A Well Day in Twenty Five Years.

"It's the honest truth, I hadn't seen a well day in twenty-five years until I started taking Tanlac but now all my troubles are gone and I feel like a young girl again," said Mrs. Virginia Stapp, of 185 Valencia St., San Francisco, Cal.

"For the past twenty-five years I have been in such miserable health," continued Mrs. Stapp, "that I was beginning to think I would have to be content and bear my troubles as long as I lived. I had almost no appetite at all and when I managed to eat a few bites I couldn't digest it and it would make me deathly sick, and as I could get no strength or nourishment I fell off twenty-five pounds in weight. I got so faint and dizzy at times that I would have to sit down and wait till the attacks passed over. For the past twenty years I hardly knew what it was to be without a headache and I had terrible pains across my kidneys. All my life I have been constipated and every day for years I have had to take a laxative, and my tongue was always coated and I had a bad taste in my mouth all the time. Night after night I have lain in bed rolling and tossing for hours unable to get a wink of sleep."

"The statements in the papers about Tanlac seemed so sincere that I made up my mind to give it a trial but as every thing else I had taken for twenty-five years had failed to help me, I had little faith in Tanlac. But sir, it began to help me so quickly that it was no time before I had changed my mind about it and now I think it is the greatest medicine I have ever heard of in my life. I can hardly realize what a wonderful change has come over me. Why, I am able to eat just anything I please, with no bad effects in the least, and I have actually gained thirty pounds in weight. I haven't had a headache or dizzy spell in so long that I have almost forgotten about them and the pains in my back have left me entirely. My constipated condition has been relieved and my tongue is never coated and I don't have that bad taste in my mouth any more. I sleep nine to ten hours every night, can do my housework with ease, and I just feel fine all the time with this new life and energy about me. I never lose a single opportunity to praise Tanlac, for it has certainly been the greatest blessing of my life."

"Tanlac is sold in Bend by Owl Drug Co., in Sisters by Geo. Aitken, and in Bend by Horton Drug Co."

COUNTY BOND ISSUE APPROVED BY BUYER

That Deschutes county's \$125,000 bond issue, purchased by Ralph Schneeloch & Co., of Portland has been turned over to the bonding house, was reported on Monday by County Commissioner C. H. Miller, on his return from Portland. All proceedings in connection with the issue were declared entirely regular. The bonds were taken to Portland by Treasurer Clyde M. McKay.

LAW MAKERS STRONG FOR AMENDMENT

(Continued from Page 1.)

necessary at that time to make material increase in compensation benefits. When the members of the state industrial accident commission brought the situation to my attention, I decided it would not be just nor fair to these sufferers to wait another year until the regular session of the legislature should meet to give them relief. It is a condition which should be remedied immediately."

\$450,000 Needed. The governor advised the senators and representatives that it was estimated by the secretary of state's office that \$450,000 is needed with which to administer the act passed by the last legislature for the education of soldiers, sailors and marines, during the year 1920.

Olcott suggested that the legislature submit the matter of the proposed restoration of capital punishment in Oregon to the voters of the state at the time of the regular primary elections, May 21, this year. The governor said Attorney General Brown had assured him a special election at that time would be valid.
