Was in Bed For Six Long Months

Was Able to be up in Three Weeks After Taking Tanlac—Gains 20 Pounds.

"I was in bed for six months with stomach trouble and rheumatism and Tanlac alone deserves the credit for my recovery and present fine health. I have gain'd a twenty pounds, enjoy working, hard every day and I feel like I had never been sick in my life."
 This remarkable statement was made by Mr. Georg Gregoire, a popular longshoreman who resides at 2718 Third Ave., Northwest, Seattle, recently. Mr. Gregoire has lived in Seattle for twelve years and is well known to hundreds of people. Continuing he said:
 "My trouble started a year or more ago and I got gradually worse all the time. My appetite left me and what I forced myself to eat would not digest, always causing a severe pain in my stomach and shortness of breath. Fat greasy things and meats were like poison to my system. I got weak as a kitten and then the rheumatism laid hold of me so bad, especially in my knees, that I could hardly drag myself about. My kidneys seemed to give way too, and I had pains in my back so bad I could not sleep over. My head ached so it seemed like it would simply split in two and I would get dizzy I would have to hold on to something to keep from falling. I was so uncomfortable and restless at night that I could toss about nearly all night without getting more than a third of the sleep I needed and I lost so much weight and got so bad off I finally got completely down and out. As I said before I had been in bed for six months and no kind of medicine or treatment seemed to do me any good whatever.
 "I was in this condition when I decided to give Tanlac a trial and it got me out of bed in three weeks and has made a different man of me. Tanlac alone did it, as I said before. I have now taken six bottles and every one of my former troubles are gone entirely. I eat three big meals a day, and never have the least trouble with my stomach. My kidneys are in fine shape and the rheumatism is a thing of the past. I do my work so easily now I surprise the men who work with me, and I will never cease to be grateful to Tanlac for the wonderful way it has put me on my feet.
 "I don't ever say enough good for this great medicine."
 "Tanlac is sold in Bend by Owl Drug Co., in Sisters by Geo. F. Aitken, and in Bend by Horton Drug Co."
