

LADIES' LIBRARY CLUB TO TAKE OVER FLOWER SHOW

Although the Ladies' Library club passed out of existence with the coming of the county library, the annual flower show held under the direction of the club, will be perpetuated by the Women's Civic improvement league of Bend. This will be held some time in August, the exact date to be announced later, and as an incentive to city beautification, the league will offer, in connection with the show, special prizes for the best lawns started this year, and for the largest number of trees and shrubs successfully transplanted.

Among flowers which can be successfully grown under local conditions, sweet peas, asters, pinks, foxglove, nasturtium, pansies, daisies (Shasta, African, Swan River and English), Canterbury bells, larkspur, calliopsis, candy tuft, phlox, centaurea, collendula, snap dragon, poppies, cosmos, zinnia, baby breath and roses are recommended. Of the last named flower, many varieties, including Caroline Testout, Hugh Dickson, Richmond, Ophelia, Kaiserine Augusta Victoria, Mamou Cochet and Betty, and the climbing roses—Crimson Rambler, Dorothy Perkins and Madam Alfred—Carrier—are suggested. Willow, mock orange, buffalo berry, poplar, flowering currant, mountain ash, coyote berry, manzanita and gooseberry comprise the list of native shrubs and trees which the league committee recommends as

suitable to soil and climate conditions here. "Don't plant your grass seed too early," is the advice given to newcomers, who may not be aware that, once in a while, a late frost visits Central Oregon, "and don't forget to use plenty of water." It is requested that all intending to compete for the lawn prize notify Mrs. A. Whisnant or Mrs. Frank Shoemaker. The one requirement now announced is that new lawns entered for competition must have respective areas of at least 500 square feet.

In addition to the Emblem club cup for the most artistic arrangement of flowers, held for two years by Mrs. C. S. Hudson, and the Commercial club cup for the best display of flowers, now in the possession of Mrs. E. A. Smith, other awards will be made to the winners at the show. These will be announced later.

SNOW IS HEAVY AT CRATER LAKE PARK

According to word sent out by the forest ranger in Crater Lake National Park, snow is more than seven feet deep, and it is believed that the road to the rim will not be open until about the usual time, the first week in July. A month ago there was little snow at the lake, and it was announced at that time that the road would be open by May 1.

RED CROSS FINISHES CHAPTER COURSE

Interesting Facts Concerning City and County Disclosed in Final Session Held by Class Last Night.

As the outcome of a two weeks' course in social study conducted here by Miss Catherine Ewing, Red Cross representative from division headquarters in Seattle, the home service work of the organization which has been conducted locally by Mrs. Vernon A. Forbes, can now command the assistance of 18 Bend women, who with Mrs. Forbes and Mrs. Gail Sanders of Metolus, took the course and received certificates last Thursday for their work. General investigation of community affairs different phases of which were taken up by various members of the class and reported on last night, showed the practical nature of the work. In a brief discussion, Miss Ewing outlined the purpose of home service work for the benefit of the visitors who attended the closing session of the class in the county court room. The Red Cross, she explained, does not endorse merely palliative measures, but seeks the causes of social ills, believing that only in this way can a permanent cure be effected.

In the reports which followed Miss Ewing's address, the "Know your community better" study started with the findings of Mrs. Mary E. Caldwell concerning the city's population, which was given at between 4500 and 10,000. Mayor J. A. Eastes, one of the visitors at the last session of the class, estimated the total number living here at approximately 6300.

PIE SOCIAL TO BE HELD NEXT WEEK

Roberts Hall in Arnold District to Be Scene of Pie-Eating Contest.

Neighborly spirit and sociability is much in evidence in the Arnold section. Scarcely a week has passed that a social function of some description has not been held at the Roberts hall, the gathering place for the community.

Saturday, April 17, a Pie Social will be given and the residents of that section are looking forward to the banner event of the season. A program has been arranged, and one of the features is the pie eating contest for the youngsters, an event that has always furnished a great amount of amusement, not only for the participants, but the spectators as well. Music and dancing will occupy the latter part of the evening. "Everyone is extended an invitation to attend. The ladies are requested to bring a pie each, and coffee will be served free. The proceeds raised from the sale of the pies will go to the hall upkeep expense.

DEATH IS CAUSED BY HEART FAILURE

Change to a high altitude is believed to have been a tributary cause of heart failure which caused the death last night of Frank M. Mench, aged 48 years at Shevlin-Hixon Camp No. 1. The deceased was a member of the American Legion, having served during the war as a member of the medical detachment at the Vancouver Barracks post hospital, volunteering in spite of the fact that he was well past the age limit of the draft. He was unmarried and is survived by one brother, residing in Bend.

Mr. Mench had complained of a pain in his side yesterday, and retired early. Shortly before 9:30 o'clock, he left his bed, drank a glass of water, and again retired. A few minutes later a fellow workman heard a gasp from his bed, and on investigating, found that the ex-soldier had expired.

Funeral arrangements have not been announced, but it is expected that the services will be conducted under the direction of Percy A. Stevens Post No. 4, American Legion.

52¢ How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

GERMANS ASK PAPERS

Many Applications Delayed During War Considered—Grand Jury Starts Deliberations With No Criminal Cases.

Four Deschutes county men who owed allegiance to other nations while serving with the United States army during the world war, were made citizens of America in the brief space of five hours Monday following a short examination conducted by Wilfrid F. Smith, representative of the naturalization board, before Circuit Judge T. E. J. Duffy. The four ex-service men, Frank R. Prince, Magnus Eines, A. C. Kirtain and Martin G. Poulson, took the oath of allegiance at 2:30 o'clock this afternoon. Discharge papers and the testimony of two witnesses who had known the candidate for citizenship before his enlistment, were the only credentials needed by each of the four.

Applicants Many. Fifteen other applications for citizenship, many of them from men born in lands with which the United States was recently war, and which were delayed on that account, were being considered during the latter part of the afternoon. One of these, Richard Herold, a German by birth, residing in Bend, was the first man to make application for citizenship in Deschutes county. Others on the list were as follows: John Kernbach, La Pine, German; Gustav Kurt Hirsch, Millican, German; Joseph Oestreicher, Bend, German; Sigmund Orgler, Bend, Austrian; Franz J. Steinhauer, Bend, German; John R. Glover, Hampton, Canadian; Joseph Reynette, Bend, German; John Kott, Bend, Galician; Hans T. Mikkelsen, Redmond, Dane; Jacob W. Peterson, Redmond, Dane; Andrew M. Nelson, Redmond, Swedish; Mike Drago-savac, Bend, Austrian; William H. Presley, Millican, Canadian; Phillip Schmidt, Redmond, German.

WORD RECEIVED OF DEATH OF SOLDIER

First word of the death of Herbert H. Edgar, who left Brothers in the fall of 1917 to enter the army, was received Friday in the office of the county clerk, when a letter was received from George E. Edgar, of Tillamook, asking in regard to the status of the estate. The writer states that the Deschutes County soldier was killed in France late in the summer of 1918.
