

FOREST PROTECTION WEEK PROCLAIMED BY GOVERNOR

Official proclamation of Forest Protection week, from May 23 to 29, inclusive, made Sunday by Governor Ben W. Olcott, emphasizes the importance of preservation of the state's timber and scenic resources. His proclamation is as follows:

"To the People of Oregon:

"Oregon is possessed of great timber wealth. Its lumber industry is one of the leading industries on the Pacific Coast, is capable of enormous expansion, and is one of the greatest assets of the Pacific Northwest.

"A great responsibility rests on this state to guard its timber resources in order that this dominant industry may continue indefinitely and insure a plentiful supply of building material for our citizens, keep our mountain lands in a state of continual productivity, provide cover for game and maintain the flow of our streams.

"During the past ten years the legislature has provided funds to protect our forests against ravages of fire. The federal government has expended millions of dollars to similarly protect areas within the National Forests, and private owners have expended large sums to maintain or-

ganizations for fire prevention and suppression.

"In spite of these efforts the toll from fire in our forests is far greater than appears necessary, and forest fires in addition to destroying our greatest national resources militate against Oregon's wonderful scenery as well as damaging improvements of settlers and occasionally resulting in the loss of human life.

"Because of the great necessity of safeguarding this resource I believe the people of the state should heartily join in the observance of Forest protection week, from May 23 to May 29th, 1920, during which week it is respectfully urged that all civic organizations bring to the attention of their membership the need for care with fire in the woods and the duty of every citizen to help prevent and suppress forest fires. In addition it is also suggested that a part of one day during the week be devoted by all public schools in the state to instruction looking to better understanding of the need for forest protection, and that all state, county and city officials add in making this week a means for bringing about a better understanding of our responsibility in the protection of national resources."

BEAVERS GIRDLING TREES ON RIVER

Pines Attacked by Industrious Rodents, but Efforts Cease When Pitch Is Tasted.

Pines on the east bank of the Deschutes, south of the foot bridge, are suffering from the attentions of beavers which make their home in the river, although it has been generally understood that these animals would attack only deciduous trees. So far, two trees, one fairly large, have been completely girdled, but on reaching the pitchy sap wood, the water rodents ceased their tipper operations.

Beavers are frequently seen toward evening on the west bank of the river, where they leave the water to browse on the tender

spring grass. Their home has not been located.

CITY PERMITS ARE NEEDED FOR FIRES

Small Blaze to Clean Up Refuse Spreads Suddenly When Whirlwind Scatters Flames.

City permits must be obtained before any clean-up fires are started within the city limits of Bend. This was emphasized on Monday in police court when C. J. Hexburg was advised as to the provisions of the city fire ordinance. A small bonfire at the Hexburg place on Delaware avenue Sunday, was almost extinguished when a whirlwind scattered flames and sparks over a considerable area and the fire department was called to put out the conflagration which spread in the dry grass nearby.

IS NOW A WELL AND HAPPY WOMAN

Mrs. Lorang Has Good Appetite, Digestion is Perfect and Nerves Are Calm.

"Since I have taken Tanlac I am doing my housework again for the first time in nearly a year and a half," said Mrs. William Lorang, of 1026 Fourteenth St., San Diego, Cal., a few days ago.

"My only regret is that I did not take Tanlac as soon as I heard of it, for if I had it would have saved me a lot of suffering," Mrs. Lorang continued. "I was in a terribly run-down condition, gradually getting worse and losing weight all the time. If I even ran the carpet sweeper across the floor my heart would palpitate so bad I would almost faint. I had to give up my housework altogether and I was awfully nervous all the time and felt tired from morning till night. I never felt hungry and the little I forced myself to eat gave me no strength or nourishment.

"I had been reading about Tanlac but I did not decide to try it until I saw a statement from a person who was troubled like I was. It seemed to me that I felt better after the very first dose and I continued to improve until now I am in the very best of health. I am so much stronger and my housework is no trouble, and I am getting back my lost weight as fast as I can. I have a splendid appetite and everything I eat agrees with me. My nerves are steady and I don't have that tired feeling like I used to. Tanlac gets the whole credit for restoring my health and I recommend it with all my heart."

"Tanlac is sold in Bend by Owl Drug Co., in Sisters by George F. Aitken, and in Bend by Horton Horton Drug Co."
