

MADRAS IS WINNER IN HOTLY CONTESTED TRI-COUNTY MEET

Takes First Place With Fifty Points—Redmond a Close Second With Forty-eight Points—Bend is Last. Record-Breaking Crowd in Attendance. High School Declamation Contest Remarkably Fine.

REDMOND, May 17.—By far the largest crowd that has ever attended a public gathering in this city, congregated here Saturday from all parts of Central Oregon to attend the annual tri-county meet and declamatory contest, in which grades and high school pupils from Deschutes, Jefferson and Crook counties took part. The grade declamatory contest and tennis match took place during the forenoon, the track events at the fair grounds in the afternoon and the high school declamatory contest at the gymnasium in the evening.

Though the winning of first place in this annual meet was a much-contested and bitterly fought for honor by the representatives of the different schools, the prevailing feature of the day's events was a demonstration of perfect harmony and cooperation, beyond question the factor that has made it possible for the school faculties and county superintendents to attain the tremendous results in the length of time these meets have been in existence. The first meet was held in Redmond in 1914, was poorly attended, and financed on a very small margin. This year as many as 3500 people were in attendance and \$200 was spent for medals and school pennants for the winners.

Madras carried away the honor of winning the pennant for the school having the highest number of points, including tennis, with a total of 50. Redmond with 48 came second. Prineville with 33, third, and Bend with 11, last.

Bend took the honors in stenography and typewriting, Miss Bonnie Stockwell taking first in first year typing, and Miss Bessie Smith taking first in first year stenography. Miss Anna Atkinson, of Redmond, won first place in the second year typing and Miss Irene Kindle, of Redmond, took first in the second year stenography.

With the fair ground grandstand filled to capacity, and cars lined 150 deep on either side half round the race track events started at 2:30 sharp, and until the running of the high school relay, which was the final event, not even the slightest delay was encountered to mar the well-managed program.

Some very remarkable time was made for high school track teams, and R. Young, of Madras, proved himself to be as valuable a man to his school as was Redmond's all-star Arthur Tuck, last year, now the pride of the University of Oregon track team. Young carried away six firsts and one second, netting him a total score of 33. In the 50 yard dash he made a record of 5.2 seconds. Neal Whisman, of Bend, slipped into prominence when he took first place in the 100 yard midget run, against a boy far superior in stature and development. By his superior ability in getting his feet tucked away under him in the 75 yard low hurdle, Wallace Birdsall, of Bend, won first place in that event. R. Gillette, of Redmond, running in the last lap of the high school relay, found a whirlwind speed in the final three yards breasting the tape a foot ahead of his Prineville opponent, V. Shattuck, when the onlookers were confident the race must go against him.

Perhaps the greatest demonstration of speed shown in the Day's events was in an event not listed on the program, the contestants being a Jack rabbit closely pursued by two dogs. The rabbit chose a most desirable spot on which to hold his exhibition of footwork, which to him, if he took second place, meant death. The race started at the far end of the race track and went across the entire field directly in front of the grandstand. One of the dogs headed the rabbit off after he had crossed the field, but the quarry changed his course and started back in the direction from whence he came with such remarkable speed that he soon left the dogs far in the back ground. After the race the official announcer took his usual place in front of the grandstand and announced Mr. Rabbit the winner, giving the time as 6.4 seconds.

The summary follows:
50-yard dash (high school)—Rosenberg (P), first; Gillette (R), second; Burch (B), third. Time, 5.1-5.

Pole vault (grades)—Girodo (C), first; Galbraith (D), second; Surface (J) third. Height, 7 feet 6 inches.

The high school declamatory contest, held in the gymnasium in the evening, was acknowledged to be, by those in attendance, the best ever held in Central Oregon. The winners of the contest are as follows:

Oratorical, No. 1—First place, Harry Bates (R), subject, "Napoleon the Little."
No. 2—First place, Paul Reynolds (B).
Dramatic—Arno King (C), "Hagar."

Second division—Lida Ramsey (M), "The Convicts' Soliloquy."
Humorous—Lillian Van Matro (R), "Me 'n Kip."

PASSAGE OF BILL MEANS MORE FUNDS

Additional funds totaling \$17,774.53 will be available for the payment of grade school teachers in Deschutes county if the two mill special school tax bill carries at the coming primary elections. County School Superintendent J. A. Thompson has estimated. Sixty-one rooms in the county would charge in this fund, and of these, twenty-nine rooms are in Bend, meaning more than \$8000 for this district, on the basis of \$286.52 per room.

REPUBLICAN LEAD IN DESCHUTES IS LARGE

A large republican majority is shown in Deschutes county in a report, just completed, of registration figures here. Two thousand and eighty-nine republicans are qualified to vote in the county, with 1254 democrats and 289 who are listed as miscellaneous.

MANY WITNESS WORK AT GYM

NEARLY 400 PUPILS IN EXHIBIT

Children Show Excellent Results From First Year's Training. May Day Fantasy Starts on Reid School Lawn.

With an audience of parents in attendance which crowded the balconies, nearly 400 children of the Bend schools, under the direction of Miss Ella Dewa, physical training instructor, took part in the gymnasium exhibit at the Y. M. C. A. on Friday demonstrating the progress made in the department in the first year of its existence. Especially good was the showing made by the grade pupils, and that the exhibit was truly representative of the work of the department was shown by the fact that the personnel of the classes was not picked, the membership being left intact.

Informal gymnastics by first grade pupils from the Reid, Central and Kenwood schools opened the program. Below the fourth grade no set gymnastic drills are used and the contribution made by the little folks to the exhibit was a game in which the youngsters simulated the

actions of a crowd of volunteer fire fighters. After the imaginary fire was extinguished, they took part in the Danish dance of greeting.

Fantasy Is Started.
Modified formal gymnastics by fourth graders of the Reid and Kenwood schools followed, with a gymnasium drill consisting of the formation of symbols, and a demonstration of wheeling by high school girls immediately afterward. A second group of high school girls next took the floor.

Showing precision of training, fifth and sixth grade girls of the Kenwood and Reid schools put on a wand drill based on the Swedish system of gymnastics, and splendid work was done by fifth and sixth grade boys in series of men's calisthenics. High school girls concluded the program with a Swedish gymnastic folk dance, "The Bleeking," and an American dance, "Pop Goes the Weasel." A polka step was used as the class came on the floor.

During the noon hour a picnic lunch was enjoyed by parents and children, and refreshments were served by the Campfire Girls on the Reid school lawn, where, at 2 o'clock an elaborate entertainment by the physical training department, in the form of a May day fantasy, was started. Folk dances of many nations and the winding of three May poles were to feature the outdoor program.
