

BIG MAJORITY RECORDED FOR PARK IN BEND

806 TO 296 IS OFFICIAL
VOTE

CANVASS COMPLETED

City Council Approves Assessment
Roll on Recently Constructed
Sewer—Liquor Tester to
Be Ordered.

By more than a two to one vote in all city precincts, the \$21,000 park bond issue was carried in Bend in the primary election Friday. It was announced Monday night after a canvass of the votes by the members of the city council showed 806 votes for and 296 against. The council will proceed at once with steps necessary for the issuance of the bonds and for turning them over to the Bend Company in exchange for the park property on the east side of the Deschutes.

Because of the number of liquor cases which have been coming up in police court yesterday and the necessity for determining alcohol percentage in any suspected fluid, as a matter of evidence, C. S. Benson, city attorney, advised the council that a testing machine should be obtained. An outlay of approximately \$25 would be involved, he said. Immediate purchase was authorized.

An assessment roll presented by City Engineer Robert B. Gould for new construction on the West Central sewer main and for construction of laterals No. 27, 30, 44, 45, and 46, was accepted. Taxpayers along the line of this improvement will be able to take advantage of the Bancroft bonding act by petitioning within 20 days, but Mr. Gould urges that cash payments be made in as many instances as possible, to aid in keeping the city's credit intact.

The matter of sewer connections was discussed, and the council informally favored connections being made at once wherever possible. Fire Chief Carlson, who is working with the health committee, spoke of the practice prevailing in some sections of Bend, of throwing out dishwater. This he condemned as aiding in the propagation of flies.

CLUB DEFERS DECISION ON JAP QUESTION

(Continued from page 1.)

gated land being worth \$250 an acre. The clearing of 13,000 acres of our land alone is a big asset to any community. We have not sent out of Oregon for a single article. Bought tractors, implements and food all in Redmond. Also land. And we get no support from the merchants or business men of Redmond.

"We have sent to Portland for laborers. Paid railroad fares for each one, only worked a few days. Had no complaint, only wanted to get back to the city. I asked the Terrebonne Farm bureau for men. They could do nothing for me. In order to save \$15,000 worth of seed and crop lands, when Mr. Mackey of Terrebonne asked me to subscribe for the highway, I told him I would give to the highway \$100 per man up to 10 Japanese to come in and work as laborers until our crops were harvested, then guaranteeing to return each one to California. I was unable to secure the permission of the Terrebonne farmers.

Fair Hearing Asked.
"I then asked them to allow me to bring in two more men, making five in all. This also was refused. My first agreement permitted me to bring in six. We had an understanding when the first agreement was drawn up, that it could be cancelled on the notice of either party. There was nothing left for me to do but to cancel, which I did as agreed, and we sent in two men to help save our crops.

"Central Oregon is positively assured against influx of Japanese as far as our lands are concerned. Furthermore, our lands are in the original purchasers' names. No sales have been made or even thought of. We want the sage brush and juniper off, and the water on the land of Central Oregon, and we should have the support of farmers and the town of Bend, as most of the lands lie in your vicinity.

"Again assuring you that we are not going to subdivide our lands for

sale to Japanese, hoping for the support of citizens of Bend, which if given they will never have cause to regret, we ask you to please judge our interests fairly and not to be guided by agitators who have an axe to grind."

Plan for Convention.

Discussion of plans for the entertainment of the state grange, which will hold its annual convention here June 1 to 4, inclusive, featured the remainder of the meeting. J. A. Eastes, chairman of the general committee in charge of the convention, reported that the gymnasium had been secured for all day and afternoon sessions of the farmers' organization, and outlined tentative plans for an outdoor banquet on the evening of the first day. An endeavor will be made to secure the services of the Shevlin-Hixon band and male quartet selections will be another feature of the program.

On the second day the master of the national grange will speak, and on the third day a tour of the mills before visiting the grange hall is planned. Mr. Eastes announced that autos sufficient to take care of 400 delegates would be needed.

W. C. Birdsall, in charge of housing, asked that every member of the club an every citizen who can accommodate one or more guests turn in his name at once. Clyde M. McKay, in charge of decorations, had no report.

PNEUMONIA CLAIMS EX-SERVICE MAN

Ernest B. Fuller, Formerly of 63rd
Infantry, Dies This Morning.
Post to Attend Funeral.

Ernest B. Fuller, aged 26, son of Mr. and Mrs. C. S. Fuller, of this city, died in Bend at 5:20 o'clock on Tuesday, of pneumonia. In addition to his parents he is survived by his wife, and by three brothers, Arthur, Claire and Bert, all of this city. Funeral services were conducted at the Methodist church under the partial direction of Percy A. Stevens Post No. 4, American Legion, of which the deceased was a member, at 2 o'clock this afternoon.

Born at Lake Mill, Iowa, Mr. Fuller later removed with his parents to Beadett, Minnesota, coming to Bend in 1915. Shortly after the outbreak of the war, he enlisted in the army, serving for 16 months as a member of Company E, 63rd Infantry, stationed at Camp Meade and at the Presidio. He returned to Bend in June, 1919, but since his discharge from the service had not enjoyed the best of health.

Last September he was married to Miss Grace Bottrell, daughter of Mr. and Mrs. James Bottrell of this city.

DEAL CLOSED FOR BIG STOCK RANCH

Haswell Bros. of Montana Make
First Payment on Property
Optioned.

Announcement was made Tuesday that the first payment closing the sale of the Wurzweller holdings, known as the Swamp ranch, has been made by Haswell Bros. of Missoula, Mont., the entire consideration to be \$50,000. The deal was made through the agency of the Central Oregon Realty company. An option on the property, which lies just beyond Sisters, was taken more than a week ago.

If the new owners decide to acquire, in addition, the stock kept in connection with the ranch, another deal, amounting to something in excess of \$100,000, will be made, it is understood.

POISON HEMLOCK WORK PROGRESSES

Stock Losses from Deadly Weed Can
Be Practically Eliminated in
Three Years, Is Believed.

Experiment work in poison hemlock eradication will be done this summer on the upper Metolius where the weed has long been the cause of losses to cattle men. Grazing Examiner Jack Horton, of the Deschutes National forest states, Mr. Horton has just returned from a survey of the infested territory, and reports excellent results from the work done during the past year. One man is still being employed to root out and burn the deadly plants. Within three years' time, Mr. Horton believes that the stock losses caused by the hemlock can be almost entirely eradicated.

RAPID GROWTH IS MADE BY "Y"

Encouraging growth in the membership at the Bend Y. M. C. A. is shown in figures furnished by Secretary L. W. Trickey. Mr. Trickey's records show that on November 15, 1919, when the Y. M. C. A. had taken over the management of the Bend Amateur Athletic club building, there were only 23 members in good standing. Since that time there has been a steady increase of from 60 to 70 a month, new members joining, for the most part, on the monthly basis. At present there are more than 400.

The summer program, which will be started soon, will include special swimming classes, children's games under the supervision of a trained playground supervisor, and weekly community gatherings. Mr. Trickey hopes to be able to swell the membership to close to 1000 by the end of the season.

The refreshment parlor being put within the gymnasium building is nearly complete, while other improvements which have been made include the overhauling of the tank, waterproofing and cementing it. Private showers are installed for women and a steam room is connected up.

HE JUST WANTED TO KNOW

Possible Explanation for Nonappearance of Watch Had Suddenly
Dawned on Simple Farmer.

Supt. J. E. Oursler of the Carnegie Steel company has established a cost-price store for his 12,500 workmen, thus circumventing the local profiteer. One of the local profiteers asked Mr. Oursler if he would not shut up the cost-price store, as it was interfering with the other stores' profits, but Mr. Oursler answered:

"Will I shut up our cost-price store, eh? Well, that is about the naivest question I ever heard. Yes, it's as naive a question as the young farmer's."

"The young farmer's?" said the profiteer.

"A young Pike County farmer," explained Mr. Oursler, "stalked up to the inquiry office in a Pittsburgh station and asked:

"This here's the inquiry office, ain't it?"

"Sure is," said the capable young clerk.
"Well," said the Pike county farmer, "about eight hours ago a grizzly took my new watch down the street to get my name engraved on it free gratis so's it wouldn't get lost, and I'm kind of tired of waitin', so what I want to inquire is—is there ought in the engravin' trade, and are all the Pittsburgh engravers out on strike or sumpin'?"
