CAR OF GASOLINE ON WAY TO BEND

Should Be Here by June 3 or 5, Says W. R. Speck, but Conservation May Be Necessary.

That one car of gasoline is en route to Bend from the east was the information received this morning by W. R. Speck, local manager for the Standard Oil Co.

Reports of Bend motorists, who stated that they were able to get all the gasoline they wanted in Madras—at 50 cents a gallon, Mr. Speck took as an indication that hoarding and profiteering is being practiced.

FIVE MONTHS LAMBS AVERAGE 91 POUNDS

Dressed Weight Exceeds That of 10 Months Old Animals Marketed in 1919 From Same Flock

SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Tanlac Restores Her.

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in twenty years," said Mrs. Parker, of 423 East Third St., Los Angeles, Cal.

"I spent several thousand dollars for medicines and treatments," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years and all my trouble was caused by the awful condition of my stomach. A great part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous."

"Well, I have just finished my fourth bottle of Tanlac and it is wonderful the way I have improved. Why I feel so well and strong I do all my own housework without the least trouble. Last week I actually did the family washing and it has been many years since I did a thing like that. My appetite is fine and I sleep peacefully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

"Tanlac is sold in Bend by Owl Drug Co., in Sisters by George F. Aitken, and in Bend by Horton Drug Co."

Over-abundance of patience, plenty of pluck, and a large measure of stamina are the three essential qualities that motorists in South America must possess, particularly when traveling over Brazilian roads.

Giving Them Their Due. The man with brains who does not use them is a sluggard; shame him. The hard worker with few talents is a drudge; encourage him. The man with talents who works hard to make the most of them is a genius; praise him.
