Catarrrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of deafness are caused by Catarrrh, which is an inflamed condition of the Mucous Surfaces.
 ONE HUNDRED DOLLARS for any case of Catarrrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.
